PUBLIC WORKS DEPARTMENT.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Bangalore, 11th October 1887, No. 2774:—

With reference to G.O., No. 2372 W., dated 3rd September 1887, in which authority was given to certain surplus famine tools in North Arcot being issued for ordinary works in the circle until reduced to half their present numbers, I have the honor to state that, as it is not likely that the tools will be required in any large numbers for ordinary works in this circle, I informed the Superintending Engineer, VI Circle, of the tools being available for transfer, in case they were required, for the Periyár project works, and that officer has asked me to send him 200 out of the 924 jumpers in hand. I request sanction to the transfer of 200 jumpers now asked for, and of such of the tools as may be required hereafter by the Superintending Engineer, VI Circle, for the project works.

ORDER—dated 19th October 1887, No. 2774 W., Public Works.

The transfer of the tools is sanctioned as proposed.
