READ—the following letter from H. R. GRIMES, Esq., Inspector-General of Jails, to the Chief Secretary to Government, dated Madras, 23rd November 1886, No. 336 :—

I have the honor to submit, for the sanction of Government, the enclosed supplemental estimate for Rs. 1,000 for the drainage scheme of the central jail at Trichinopoly.

2. The original estimate for Rs. 890 was sanctioned by Government in their Order, No. 682, dated 17th March 1886, but on being carried out by convict labor, it was ascertained that two additional masonry gauges and seven more culverts across the main drains are unavoidably necessary.

3. As I have no funds at my disposal, and as there has been a large saving on the close prison at Coimbatore, I would suggest that Rs. 1,000 may be allotted from it to complete the drainage scheme at Trichinopoly.

4. The Superintending Engineer's report, No. 406 T.C., dated 10th November 1886, is also forwarded.

The estimate is approved and transferred accordingly.

SIR,

ENCLOSURES
one

With reference to Government Order
No 682 dated 17 March 1886, I have
the honor to inform you that, as
the surface drainage scheme for this
Jail was being carried out according
to plans and estimates submitted by
the Department Public Works, it
became evident that certain omissions
were made which, if not rectified,
would interfere greatly with the
efficiency of the scheme - if indeed
it would permit it to be worked
at all. Accordingly I request that
you will be so good as to consider
the

the accompanying supplemental estimate, and to appoint some day on which you could conveniently confer with me on this question.

I have the honor to be
