2787/1

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 12th August 1887, No. 1301 G.D.

With reference to paragraph 3 of my letter, No. 553 G.D., dated the 31st May 1887, printed with G.O., No. 1684 W., dated the 23rd June 1887, I have the honor to submit herewith an estimate, amounting to Rs. 1,110, for "converting the store shed at Ralli into a division office," and to request that you will be so good as to obtain the sanction of Government to the same.

2. Nothing but what is *essentially* needed to make the shed suitable for use as a division office is provided in the estimate.

3. As the construction of the shed was originally sanctioned under "Capital Expenditure on Irrigation Works not charged against Revenue," the estimate now submitted is also classed under the same head if so sanctioned, and it will have to be met from the balance available for unforeseen works connected with the Godávari delta project estimates, but I consider that the present estimate would be more fairly charged to "Provincial."

No. 60 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the estimate, amounting to Rs. 1,110, for converting the store shed at Ralli in the Godávari Central division into a division office, may be sanctioned from Provincial funds under Civil Buildings, a reference being made in the General Branch to the Government of India under clause VIII (*c*) of paragraph 1880 of the Public Works Code as regards the transfer from Irrigation to Roads and Buildings.

OOTACAMUND,
23rd September 1887.

(Signed) J. P. DAVIDSON,
for Chief Engineer for Irrigation.

ORDER—dated 19th October 1887, No. 2787 W., Public Works.

The estimate, amounting to Rs. 1,110, for converting the store shed at Ralli into an office for the Godávari Central division, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial, No. 104 W. of 1887-88, and classified as Civil Buildings, Original Works.

3. Ordered that a copy of these proceedings be forwarded to the Government of India with the request that sanction may be accorded to the transfer of the shed from Irrigation to Provincial Civil Works with reference to clause VIII (*c*) of paragraph 1880 of the Madras Public Works Code.

(Here enter No. $\frac{2787\ W.}{A.}$, dated 19th October 1887.)

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers:—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 31st May 1887, No. 555 G.D.

In G.O., No. 513 W., dated 6th March 1885, the removal of the headquarters of the Central division, Godávari, from Gunnaram to Dowlaishweram was sanctioned.

2. I do not consider that this removal of headquarters to quite outside of the division was a wise one, and I have now the honor to request to be allowed to move them again *into* the division, not to Gunnaram, where there are special difficulties connected with the housing, &c., of the office establishment, but to what we call "Ralli" station; that is, at the end of the Main canal, where the Gunnaram, Amalápuram and Bank canal take off, 8 miles from the head of the delta.

3. It is here or near here that it was originally intended to fix the headquarters, whilst the "project works" were being carried out, and it was, you will remember, contemplated to erect special buildings for the purpose; this expense can now be avoided as the "rest house" built at the place can be used by the divisional officer as his residence, and the building erected in accordance with the sanction given in G.O., No. 75 I., dated 26th January 1886, can, at a very slight cost, be made suitable for use as a divisional office; it has one room 49′ × 17′; another, 39′ × 17′, and another, 17′ × 17′, and the "stores" of the division can be housed in it as well as the office.

4. The members of the office establishment can find residences in the villages of Salla and Attrayapuram, at no great distance away.

No. 34 E.W.

Note by the Chief Engineer for Irrigation.

Referring to No. 1917 C., of 7th June 1887, forwarding Mr. Walch's (Superintending Engineer, I Circle) proposal to make Ralli the headquarters of the central delta—

The subject was discussed by Colonel Hasted, in January 1885, with the Superintending Engineer and the Executive Engineer, and it was then considered that the best arrangement was for the headquarters to be at Dowlaishweram, that of the sub-division being at Gunnaram.

2. I can find no record of any reason for this change, except that all considered that Gunnaram was unhealthy and out of the way.

3. I agree with the Superintending Engineer in his opinion that the removal of the headquarters to Dowlaishweram, outside the delta, was not a wise one. I consider that the Executive Engineer should live and have his headquarters and office in the delta which he is in charge of, and that he should be easily accessible to the ryots, contractors, &c.

4. Ralli, 8 miles from the head works, is, I consider, a suitable place, and conveniently situated, much more so than Gunnaram was.

5. As the Superintending Engineer states there are buildings available, I think the change should be made, and Ralli be ordered to be the headquarters of the central delta.

6. If this is done, there should be no delay in making the small alterations to the buildings required, and on no account should, at any future time, the headquarters be again changed.

(Signed) H. R. MEAD, Col., R.E.,
Chief Engineer for Irrigation.

13th June 1887.

ORDER—dated 23rd June 1887, No. 1684 W., Public Works.

The proposal of the Superintending Engineer, I Circle, to move the headquarters of the Godávari Central division from Dowlaishweram to Ralli, is approved.

The cost of converting the

store shed into a divisional office should be borne by Provincial funds and the work classed under Civil Buildings, Miscellaneous, see Head III Provincial Services on page 83 of Appendix F. of the Code.

2. As the case is one of transfer from Irrigation to Provincial, a reference to the Govt. of India will be necessary under Rule VIII(c) of para 1880 of the Code.

Considered this question, but we gave no direct reply. The Govt. of India will probably decide it. Should they decide against [illegible], no objection can be raised, as the cost of the shed was originally met from Capital Irrigation.
