READ—the following papers:—

From the Most Reverend Dr. COLGAN, Archbishop of Madras, to the Chief Secretary to Government, dated Madras, 8th September 1887, No. 9.

I have the honor to forward herewith an application from the Rev. E. Foubert, Roman Catholic Chaplain at Wellington, for church furniture to the amount of Rs. 2,260, and to request that you will be good enough to obtain the sanction of His Excellency the Governor in Council for the same. The estimate and letters from the Executive Engineer, IV Circle, and Colonel Beatty, R.E., Superintending Engineer, IV Circle, are herewith enclosed.

ENCLOSURES.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Roman Catholic Chaplain, Wellington, dated Coimbatore, 3rd September 1887, No. 315 M.

As prescribed in rule XVIII, clause (6), appendix D., of the Public Works Code, I have the honor to forward you, for transmission to Government, through the Roman Catholic Bishop of the Diocese in which the church is situated, for sanction and provision of funds, an estimate, amounting to Rs. 2,260, for supply of the articles of furniture required for the Roman Catholic Church at Wellington, together with a sketch and the original letter of the Executive Engineer, Nílgiri Division, No. 1635, of 22nd August 1887.

From W. B. DE WINTON, Esq., Executive Engineer, Nílgiri Division, to the Superintending Engineer, IV Circle, Coimbatore, dated Ootacamund, 22nd August 1887, No. 1635.

I have the honor to forward herewith an estimate, amounting to Rs. 2,260, for supplying church furniture, &c., for the Roman Catholic Church at Wellington, for early sanction and provision of funds.

2. This estimate has been prepared on an application from the Roman Catholic Chaplain, who has countersigned it in token of his approval, and has been framed in accordance with appendix D, rule XVIII, paragraph 4, of the Public Works Department Code.

3. The articles of furniture now estimated are only for the balance of those supplied in 1883, and the seats, &c., have been calculated for 200 sittings which the church has been designed to hold at 6 square feet a sitting.

4. With regard to the item of communion rails, the Roman Catholic Chaplain requests that he be supplied with 65 running feet of railings (*vide* his letter and sketch enclosed), which latter gives the arrangement usually observed for communion rails in Roman Catholic Churches. The chancel is only 24 feet wide.

5. If the estimate be approved and sanction obtained, I have the honor to request that the Roman Catholic Chaplain be permitted to supply the furniture himself, of whatever design he thinks fit, for the sanctioned rates.

Transferred to the Public Works Department.

(By Order.)

ORDER—dated 19th October 1887, No. 2791 W., Public Works.

The estimate, amounting to Rs. 2,260, for the supply of furniture for the Roman Catholic Church at Wellington, is sanctioned as supplemental to the estimate of Rs. 31,316 referred to in G.O., No. 2702 W., dated 13th October 1887. The total sanction for the church will now stand at Rs. 33,576.

2. The Roman Catholic Chaplain is authorised to supply the furniture of whatever design he thinks fit, provided the sanctioned amount is not exceeded.

3. As no funds are available with the Government at present, the Superintending Engineer will apply for the required allotment later in the year.

4. The sanction accorded in paragraph 1 of these proceedings has been registered as Provincial, No. 103 W. of 1887-88, and classified as Civil Buildings, Original Works.

READ—the following papers:—

From the Right Rev. Dr. J. COLGAN, Bishop and Vicar Apostolic, Madras, to the Chief Secretary to Government, dated Madras, 15th September 1884, No. 46.

I have the honor to forward, for the favorable consideration of His Excellency the Governor in Council, the enclosed application for the erection of a church at Wellington to accommodate the Roman Catholic soldiers serving at that station, as also for the accommodation of their wives and children.

2. Provision having been already made and sanctioned by the Supreme Government for the erection of a new church for the accommodation of the military members of the Church of England, it is to be hoped that a similar provision will be made for the Roman Catholic soldiers from time to time located on the hills. The number of British born subjects with their wives and children for whom the Government is requested to grant church accommodation amounts at present to 257 souls, and I trust, in forwarding this application for the sanction of the Supreme Government, it will receive the cordial support of His Excellency the Governor in Council.

ENCLOSURE.

From the Rev. E. JOUBERT, M.Ap., Roman Catholic Chaplain, Wellington Depôt, to the Chief Secretary to Government, dated Wellington, 12th September 1884.

I have the honor to submit, for the favorable consideration of His Excellency the Governor in Council, the following application.

The accommodation at present afforded for the due exercise of religious duties by the soldiers of the Roman Catholic Church at Wellington is very inadequate.

2. I have heard that a church has been sanctioned for the members of the Church of England.

3. The Roman Catholics located on the hills warrant me in hoping that a like provision will be made for them.

4. I therefore respectfully beg that the Government be so good as to sanction the construction of a Roman Catholic church here, and to grant a proportionate allowance for the purpose.

5. The congregation had in 1884 257 members (192 men, 17 women, 44 children, 4 Government servants).

Roman Catholic Church at Wellington

The Consulting Architect to frame a plan and estimate for a —.

23rd January 1886, No. 194 W., Public Works. 379/5

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From the Consulting Architect to Government, dated 24th August 1885, No. 788.							
Do.	do.	do.	„	14th Sept.	„	„	896.
Do.	do.	do.	„	9th Dec.	„	„	1309.
Do.	do.	do.	„	11th „	„	„	1329.
Office note from	do.	do.	„	15th „	„	„	1367.

Order—dated 23rd January 1886, No. 194 W., Public Works.

With his letters above recorded, the Consulting Architect to Government submits, in accordance with G.O., No. 2737 W., dated 4th November 1884, designs and estimates for a Roman Catholic military church at Wellington, to contain 200 sittings.

2. The design approved by the Right Reverend the Roman Catholic Bishop of Coimbatore is estimated to cost, inclusive of furniture, Rs. 29,173; while the maximum Government grant admissible for such a church, in accordance with the rules published with G.O., dated 17th July 1885, No. 141, Ecclesiastical, would be Rs. 22,943, or Rs. 6,230 less than the estimate.

3. Mr. Chisholm has also prepared an alternative design, estimated to cost Rs. 23,950 with cut-stone windows, or Rs. 19,950 with wooden tracery in lieu of stone. The maximum grant for a church on this plan would be Rs. 18,949, or only Rs. 1,001 less than the estimate.

4. The Bishop of Coimbatore, however, prefers the more expensive design, and he at first promised a contribution of Rs. 5,000 to supplement the Government grant; but he now states his inability to contribute more than Rs. 2,000, and he suggests that the church might be built in the first instance without the tower and sacristy. The omission of these items will reduce the estimated cost to Rs. 22,874; but the Government grant will, at the same time, be reduced to Rs. 18,962. Adding to the latter sum the Rs. 2,000 promised by the Bishop, the amount available will still be Rs. 1,912 less than the estimated cost. The amount of Government grant, as calculated by rule, cannot be increased without the sanction of the Government of India; and if the Bishop cannot increase his promised contribution, the project must stand over for a time.

G.O., No. 194 W., dated 23rd January 1886.

Read also the following papers:—

From W. B. deWINTON, Esq., Executive Engineer, Nílgiri Division, to the Superintending Engineer, IV Circle, dated Ootacamund, 13th October 1886, No. 2062.

With reference to G.O., No. 2737 W., of 4th November 1884, and G.O., No. 194 W., of 23rd January 1886, I have the honor to forward a plan and estimate, amounting to Rs. 30,210, for constructing a Roman Catholic church at Wellington, and request that you will be good enough to obtain the sanction of Government thereto.

2. The plan is that of the late Colonel Morant, R.E., modified by Major A. C. Smith, R.E., to reduce the cost.

3. I have omitted provision for "contingencies," "petty supervision," and "furniture" in the estimate, because, as mentioned below, I propose that the work should be carried out by the Roman Catholic chaplain at Wellington, under my supervision.

That the estimate, in spite of the omission of the items above mentioned, should amount to the large sum indicated is due to the fact that in the original estimate and in the rough estimate prepared for the modified design there were several omissions and miscalculations.

4. I believe that the estimate now submitted provides for everything; but unfortunately it amounts to a sum considerably in excess of the probable grant-in-aid by Government, and the question therefore arises—how is the church, which is much needed, to be built?

5. I believe the Roman Catholic Bishop of Coimbatore is prepared to give a contribution towards the church, but its amount is very problematical and therefore I respectfully suggest that the Roman Catholic chaplain at Wellington may be permitted to construct the church himself, under my supervision, for the amount of the Government grant and such further contributions as he or his Bishop may be able to raise.

6. I make this suggestion for the following reasons:—

(1) That it is very much to the interest of the Roman Catholic Hierarchy that the church should be built speedily and substantially.

(2) That we may rely upon them, in the interests of their order, to construct it conscientiously and thoroughly.

(3) That they can work, for various reasons, much more economically than we can.

7. I have therefore drawn up an agreement, which the Roman Catholic chaplain has signed, and which I forward, herewith, for your approval. I have little doubt myself that he can build the church for the funds available.

8. With regard to the Government grant-in-aid, I calculate, according to rule IX, section IV of appendix G, that it should amount to Rs. 23,112, as follows:—

The congregation will occupy the nave and side chapels—

Nave, 60′ × 24′ = ...		1,440
Side chapels, 2 × 18 × 20 = ...		720
		2,160
Deduct for passage—		
Nave, 3 × 4 × 60 = ...	720	
Side chapels, 4 × 3 × 20 = ...	240	
		960
200 sittings, at 6 square feet per sitting, = ...		1,200
Sittings		1,200
Passages		960
Chancel ... { 18 × 24 = ...	432	
Chancel ... { 11·9 × $\frac{24+9}{2}$ = ...	193	
		625
Vestry = 19·9 × 16·6 = ...		325
		3,110
Tower = 3 × 14 × 14 = ...		588
		3,698
		RS.
3,698 square feet, at Rs. 5 = ...		18,490
Add 25 per cent. = ...		4,622
Total ...		23,112

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department (through the Right Reverend the Bishop and Vicar Apostolic, Madras), dated Coimbatore, 9th November 1886, No. 423 E.W.

I have the honor to forward, herewith, for sanction and provision of funds, a revised estimate for the Roman Catholic church proposed* to be built at Wellington, amounting to Rs. 30,526.

2. The Executive Engineer calculates that there would be room, exclusive of passages, &c., for 200 sittings in the proposed building, and that the Government grant should be Rs. 23,112.

3. The Roman Catholic chaplain of Wellington agrees to construct the church himself, under the supervision of the Executive Engineer; provided he is allowed a grant of Rs. 22,943, and the Executive Engineer states that he has little doubt the chaplain would be able to build the church for the amount of the grant, and such further contributions as he and his Bishop would be able to raise.

4. From the accompanying copy of an agreement signed by the Roman Catholic chaplain, it will be seen that he is willing to commence work without funds; to be paid up, first, on 1st April next, and afterwards monthly, according to the amount of work done, at three-fourths of the rates allowed in the estimate.

* G.O., No. 2737 W., of 4th November 1884, and G.O., No. 194 W., of 23rd January 1886.

From the Right Rev. J. COLGAN, D.D., Bishop and Vicar Apostolic, Madras, to the Chief Engineer, Public Works Department, dated Madras, 12th November 1886.

I have the honor to forward the accompanying revised estimate, with five enclosures, for the proposed Roman Catholic church at Wellington, and to express a hope that the sanction of Government may be obtained for the building on the terms recommended by the Superintending Engineer, IV Circle.

2. The plan, if carried out, will secure for the Roman Catholic soldiers at Wellington a suitable place for divine worship, and one that meets my approbation.

From the Superintending Engineer, IV Circle, dated 13th Nov. 1886, No. 434 E.W.
Office note from the Examiner, Public Works Accounts, dated 26th Nov. 1886, No. 601.

ORDER—dated 14th December 1886, No. 3291 W., Public Works.

With his letters above recorded, the Superintending Engineer submits a revised estimate, amounting to Rs. 30,526, for constructing a Roman Catholic military church at Wellington, to contain 200 sittings.

2. The maximum Government grant for a church on the plan submitted, calculated in accordance with rule IX, section IV, appendix D, to the Public Works Code, is Rs. 23,112; and the Roman Catholic chaplain at Wellington agrees to undertake the construction of the church in accordance with the plan, and to the satisfaction of the Executive Engineer, if a sum not less than the authorised Government grant be paid to him.

3. The Examiner, Public Works Accounts, reports that the proposed arrangement is unobjectionable, provided that bills in form No. M. 14 are regularly submitted, and that the regulations on the subject are observed.

4. In these circumstances, His Excellency the Governor in Council sanctions the estimate, and approves the arrangement proposed by the Executive Engineer for the execution of the work. The amount of the Government grant will be provided in the budget for 1887-88, but if funds become available, a portion of it will be allotted before the close of the current official year. It must be distinctly understood that under no circumstances will the authorised grant for the construction of the church be increased, and that if the sum fails to complete the building, the balance required must be provided by private contributions.

5. The supply of furniture for the church will be regulated by clauses 4 to 6, rule XVIII, section IV, appendix D, to the Public Works Code.

6. This sanction has been registered as Provincial, No. 152 W. of 1886-87, and classified as Civil Buildings, Original Works.

229/8

With reference to the inquiry made as to why the Roman Catholic Church at Wellington gets a grant for furniture while the Protestant Church has none, please see letter No. 2458 of 12 Septr. 87 which explains the position. The cost of the Protestant Church has exceeded the grant admissible under rules but the question of furniture is again before the Govt. of India.

In the case of the R.C. Church, the rules allow of the furniture grant.

The estimate amounting to Rs 2260, for the supply of furniture for the Roman Catholic Church at Wellington is sanctioned as supplemental to the estimate of Rs 31,316 referred to in G.O. No 2702 W dated 13th October 1887. The total sanction for the Church will now stand at Rs 33,576.

2. The Roman Catholic Chaplain is authorised to ~~undertake the~~ supply the ~~of~~ furniture ~~as~~ of whatever design he thinks fit, provided the sanctioned amount ~~for the supply~~ is not exceeded.

3. As no funds are available with the Government at present, the Superintending Engineer will apply for the required ~~amount~~ allotment later in the year.

4. This sanction accorded in para 1 of these Proceedings has
