To DW.

For order with
reference to the Engrs
note.

It rests entirely
with the local Govt to
exempt Sec. 30. Periar
& his estate. from the
operation of Sec. 30 of
the C. I. A. Code.

Cu

14.10.87

Yes - the rule is clear
and under the exceptional
circumstances of the Periar
works, the exemption asked for
may be sanctioned. But I
quite understand whether
Govt Engrs are asking for
T.A. or actual expenses.
There would be no objection to
the latter, but as Govt have
sanctioned special local
allowances, they may not

1887.

be proposed to allow nothing
more than actual expenses &
of half over 10 days.

OFFICE OF THE SUPERINTENDING ENGINEER,

6TH CIRCLE.

KodaiKaval 16th September 1887.

No. 1139 J.S.

D/19

From *Alfred J. Pennycook R.L.*

The Superintending Engineer,

6th Circle.

To

The *Chief Engineer*
Public Works Department
Madras

Sir,

ENCLOSURE.

I have the honor to request that
for so long as I remain in charge of
this Circle the Government will be
pleased to exempt me and the Office
Establishment accompanying me
from the operation of Section 30 of the
Civil Travelling allowance Code for
halts in the Periar Valley and its
neighbourhood. I may frequently
require to halt there for more than
ten days at a time, and during
such halts I am compelled to keep
up both Camp & equipage and Carriage
for tents, as I can never be sure that
I may not have to move at a few
hours' notice, and if I dismiss my
Carts

Carts it may take three or four days
before I can obtain fresh ones from
Gudalur or Gumbum.

I have the honour to be,

Sir,

Your most obedient servant,

John G.

Lieut Col. R. B.

Superintending Engineer to Circle,

The G. of I. have
called for further report
with reference to the
Revenue fixed allowance
which is still
under discussion.

3. I may remind you that
Government already propose to give
Colonel Pennycuik a special local
allowance of Rs. 300 a month, which
is presumably intended to cover all
incidental enhancements of expendi-
ture; this and the fixed allowance
for other grades having been recom-
mended by Colonel Pennycuik himself
as preferable to any modification
of travelling allowance.

To V.

Colonel Pennyquick's case, so far as stated in his letter, does not seem to differ from that of most officers of the department, and therefore would not apparently justify the exemption asked for.

2. I understand that most officers are obliged, for very similar reasons, to keep up their hired camp equipage permanently, but they do not draw actual expenses for halts at head quarters exceeding ten days. Such prolonged halts may possibly prove to be more frequent in Colonel Pennyquick's case than in the case of other officers, but this is not alleged, and it would hardly do to assume it.
