NORTH-WESTERN PROVINCES AND OUDH.

Simla, October 3, 1887.

SIR,

As it is probable that in consequence of reduced grants for works there will shortly be an excess of officers in the Public Works Department available for employment, I am directed to inform you that it has been decided, subject to approval of the Secretary of State which has been asked for, to offer special leave on the following conditions to a limited number of officers:

First.—The leave will carry ordinary furlough allowances, whether furlough is due or not.

Second.—The leave will count as service for pension, but not for furlough.

It will not, however, be counted against furlough at credit when the leave is taken, nor will it form part of the aggregate amount of leave specified in sections 47 and 132 of the Civil Leave Code. It will not interrupt the period of three years necessary to intervene between two periods of ordinary furlough.

Third.—It will not be given for more than two years, and officers will be liable to be recalled from it if their services are required after the expiration of one year; if so recalled, or returning at the expiration of the two years, it will be at their own expense.

Fourth.—As regards leave, subsidiary to this leave, it will be subject to the ordinary rules regarding such leave.

Fifth.—Temporary promotions to the Executive class will not be allowed on account of absentees on special leave.

2. I am to request that you will submit a list of officers on the Provincial List who are recommended for this leave and are likely to take it under the terms offered. As it is probable that the Government of India may have surplus officers on the Railway List, whom it could transfer, it is not absolutely necessary that the number of officers included in the list should be limited to the number actually surplus on your list; but great care should be exercised in
