To,

The Chief Engineer

Sir,

I have the honor to
request permission to spend Rs 680
on rendering the Bungalow on
Oris Hill at this place habitable
and in preventing the verandah
and cook room from falling in.

2 This Bungalow was
vide G.O. No 3396 of 28th November
1883, purchased for the Residence
of the Head Assistant Collector
but as the Collector of the
Kistna

Kistna urged its unsuitability
for this purpose, the estimate of
Rs 3,305 originally sanctioned in
G.O. No 276 W dated 5 February 1885
for its complete repair was not
carried out - vide G.O. No 1956 of 6th
August 1886.

3 The house will fall
in unless some thing is done to it;
considering that the Railway
now under construction is likely to
increase the importance of Bez-
-mada, and that it is probable
a tenant, or even a purchaser,
may eventually be found for the
house should Government wish to
sell it; it would be worth while
to prevent the house tumbling down
and to render it habitable.

4 An Estimate
for the work needed for this
has been prepared by the Executive
Engineer, but I do not feel
authorized

authorized to sanction it without
instructions from Government; as
the Bungalow is untenanted
and unprofitable.

5 If for the reasons
already given, you approve of
my doing so, I will sanction the
Estimate and have the work
carried out.

6 I also request I may
be authorized, should an oppor-
-tunity occur, to let the house
on a monthly tenancy, on the best
terms that I can. There may
be merchants or others who would
take the house if habitable,
and available at a low rent.

I have the honor to be
Sir!

Your most obedient servant

With reference to your Memo
