GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer for Irrigation, dated Porto Novo, 3rd October 1887, No. 2701:—

An estimate of Rs. 23,300 was sanctioned in G.O., No. 198 I., dated 25th February 1886, for the restoration of the Shatiatope anicut and rebuilding the arches of the bridge. The work was put in hand, and a sum of Rs. 16,382 had been spent up to the end of January 1887 when the Executive Engineer closed the accounts of the estimate, and submitted another estimate of Rs. 11,573 for the unfinished items of the former estimate and for certain additional works rendered necessary for making good damages sustained by work carried out under the former estimate.

2. This estimate of Rs. 11,573 was sanctioned locally in 1887-88, in which the provision in the former estimate for the portion of the work for the restoration of the bridge was also included.

3. In G.O., No. 1274 W., dated 10th May 1887, Rs. 3,000 were allotted from Provincial funds towards the cost of restoring the bridge. In G.O., Financial Department, No. 600, dated 3rd July 1886, a contribution of Rs. 3,680 is given from Local funds, being the difference between the estimated cost of the work and the grant of Rs. 3,000 given from Provincial funds. The amount of this contribution has been paid by the Local Fund Engineer into the treasury, and it has been brought on the accounts of the South Arcot division under contribution as advised by the Examiner.

4. The Examiner now requests, in reference to this contribution of Local funds, that the orders of Government may be obtained for the necessary transfer of grant to this department as provided in Code paragraph 1886.

5. I have therefore the honor to request that sanction may be given to the transfer of grant to this department accordingly.

No. 68 E.W.

Forwarded to the Chief Engineer, Public Works Department, with the request that the sanction of Government may be obtained to the transfer to this department of the grant of Rs. 3,680 from Local funds towards the cost of restoring the bridge over the Shatiatope anicut.

2. The anicut and bridge are, as regards the object of each, distinct works, and it would be as well if they were so treated, instead of being, as in this instance, considered as one work for the purpose of estimates and accounts.

CHEFÂK,
12th October 1887.

(Signed) J. P. DAVIDSON,
for Chief Engineer for Irrigation.

ORDER—dated 25th October 1887, No. 2871 W., Public Works.

The Accountant-General will be instructed in the Local and Municipal Department to place a sum of Rs. 3,680 at the disposal of this department.

2. Paragraph 2 of the endorsement by the Chief Engineer for Irrigation, above recorded, will be referred to the Examiner of Public Works Accounts for remarks.

Bridge over the Shatiatope
Anicut

The Local and Municipal Department to instruct the Accountant-General to place a sum of Rs. 3,680 at the disposal of the Public Works Department on account of Local fund contribution towards the cost of restoring the — in the South Arcot division.

SUPERINTENDING ENGINEER'S OFFICE,

No. 2701.

Camp Post Office, V Circle, Madras,
3rd October 1887.

From

Colonel H. M. Vibart R.E.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE

Chief Engineer,
for Irrigation.

Sir,

Enclosures.

An estimate of Rs. 23,300 was sanctioned in G. O. No. 198 I dated 26th February 1886, for the restoration of the Shatiatope anicut and rebuilding the arches of the Bridge. The work was put in hand, and a sum of Rs. 16,382 had been spent up to the end of January 1887 when the Executive Engineer closed the accounts of the estimate, and submitted another estimate of Rupees 11,573 for the unfinished items of the former estimate and for certain additional works rendered necessary for making good damages sustained by work carried out under the former estimate.

This estimate of Rupees 11,573 was sanctioned locally in 1887-88 in which the provision in the former

former estimate for the portion of the work for the restoration of the bridge was also included.

In G. O. No. 1274 W dated 10th May 1887 Rs. 3000 were allotted from Provincial Funds towards the cost of restoring the bridge. In G. O. Financial Department No. 600 dated 3rd July 1886 a contribution of Rs. 3680 is given from Local Funds being the difference between the estimated cost of the work and the grant of Rs. 3000 given from Provincial Funds. The amount of this contribution has been paid by the Local Fund Engineer into the Treasury and it has been brought on the accounts of the South Arcot Division under contribution as advised by the Examiner.

The Examiner now requests in reference to this contribution of Local Funds that the Orders of Government may be obtained for the necessary transfer of grant to this Department as provided in Code para 1886.

I have therefore the honor to request that sanction may be given to the transfer of grant to this Department accordingly.

I have the honor to be
