Sent 4th July 1887

SIR,

(1) I have the honor to forward with its enclosures a petition from the men named in the margin and strongly urge the justice of allowing them to go up for the next Draftsmen and Surveyors' Examination under the rules that were in force at the time of the last one, when they were prevented from going up as they wished.

(2) Mr. Gammon appears to me to have acted most wrongly in the matter.

No 108-2.

Dated 6-5-87.

Recd. 4th May-87.

To

The Principal of the Civil Engineering
College

Sir

Owing to this being the working season which is very short in this district and recent reductions in the department, which leaves me very short handed and also to my being personally engaged on special work (Revising Raskitulya project estimate) in addition to my ordinary duties, I am unable to carry out the examinations which you requested me to hold in your letters nos 239 d of 25-4-87 & 169 d of 18-4-87, nor is there any member of my staff who can spare the time to do so.

The services of the draftsmen in my office namely A. Lakshminarayana Puntulu, C. Varadarajah Madalayar and C. Sundararaya Puntulu, who have applied to be examined cannot

rest dis appointment

above referred to, we will at least pray your honor to kindly write to the Principal and get the examination fixed, either in the month of June or July, as you please.

Begging pardon for the trouble

I beg remain

ed Sir

Your most obedient st

(sd) A. Lakshminarayana

Endorsement of

J. Hannan Esquire Executive Engineer

H. D. Draftsmen

Your services certainly cannot be spared unless the revised estimate is completed by 11th. I think if you work hard, it may be completed by that date, if not, then you cannot go up for your examination and in this case I would lay your case before the principal with a view to his holding a special examination in June. I would like to go away from Gopalpore by steamer of 17th, but I am afraid I can't until 24th.

(sd) J. Hannan.

effect honored Sir.

I respectfully beg to inform that this being the last examination for Surveyors and Draftsmans tests under the old rules, myself and my assistant, have applied for Surveyor & Draftsmans tests respectively, which will be held in May as per enclosed letter. On the understanding that your honor will go away on leave on 1st May, we thought we could attend this examination without any inconvenience to public duties.

So I hear that your honor
is not going away on 1st May as
we expected, we are at a loss to
know what to do now. If we lose
this chance, there is no likelihood of
our passing the above examinations
in our lifetime as some new subjects
have been added to the present exami-
nation. So I leave the matter to
your honor's kind decision & to pass
favorable orders. If you still consider
that our services cannot be spared
with you attending the examinations.

and get our examinations conducted under the rules specially even in case if not in July. or otherwise it will be very hard upon us to pass the examination under the new rules as no new subject called "mechanical engineering" is also added to the future draftsman's examination in middle school.

In conclusion, we earnestly pray your good honor will kindly put the cases to bring our poor cases in to the kind notice of Government with your strong recommendation for favourable order.

We beg to remain

informed, in reply to Mr. Hamilton that the special examination

be conducted under the old rules as per Principal's letter (copy enclosed).

If we are to appear for the next examination under the new rules, as per Principal's letter we are sorry to say that we did not pass the middle school examination and could not therefore appear for the draftsman's examination.

As the postponement of the examination could not be attributed to the negligence of the candidates as above stated but to the interest of Government work, we respectfully request to lay before your honor with a request to move the Government
