G.O. No. – 2910-W

Date – 3-11-1887.

3rd November 1887, No. 2910 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From L. R. BURROWS, Esq., Collector of Nilgiris, to the Chief Secretary to Government, dated Ootacamund, 31st August 1887, No. 45.

With reference to G.O., dated 1st June 1887, No. 1136, Judicial, and G.O., dated 26th July 1887, No. 1645, Judicial, I have the honor to report as follows regarding the future utilisation of the district jail buildings in Ootacamund.

2. The buildings vacated by the abolition of the district jail are shown on the tracing herewith submitted (enclosure No. 1), which has been prepared by the Executive Engineer at my request. Enclosure No. 2 is a descriptive list of all the rooms contained in the buildings in question with numbers referring to the plan, enclosure 1. In the column of remarks it is shown how each room is proposed to be utilised.

3. The Inspector-General of Jails, in accordance with views expressed by Honorable Members of Government, who inspected the buildings on the 9th August, desires the Civil Debtors' jail to be set apart for the same purpose, and the jail hospital (Nos. 44 to 56) for the subsidiary jail. He requires for his office one-half of the main block (Nos. 13 to 19 and part of No. 20), the present building in which his office is held being rented at 50 rupees per mensem from month to month without any written agreement.

4. I wrote to the Chairman of the Municipal Council to inquire if he would take the other half of the main block (Nos. 4 to 12 and part of No. 20 and No. 21) for his office, paying a rent of Rs. 50, which is now paid for the Breeks' Memorial building in which the municipal office is now held. On the 23rd instant he replied that the subject would be placed before the Municipal Council and expressed his own opinion that the buildings would not suit for the municipal office. At a meeting of the council held on the 25th instant the following resolution was passed :—"The council will be glad to have the buildings if they can get them free of rent, but if rent is required, they would prefer a more central and suitable building." If Government are not disposed to let the municipality have the buildings free of rent, I propose that the rooms in question be made over for the use of the District Registrar or the Deputy Tahsildar of Ootacamund, both of whom now hold their offices in a portion of "Alexandra House," on a monthly rent of Rs. 60. The lease expires with the end of December next.

5. The rooms at the entrance of the late jail, numbered 1, 2 and 3, may be utilised for the Registrar or Deputy Tahsildar's office in the event of one or the other being located in the rooms spoken of in paragraph 4.

6. The Inspector-General of Jails has also asked for five apartments in the police lines (Nos. 66 to 70) for the use of the native warders of the European prison and subsidiary jail.

7. The remaining apartments in the police lines and the jailers' and warders' quarters may be rented out to private individuals, preference being given to those in the Government service, as no other officers have applied for any accommodation. The Executive Engineer has furnished me with a list of the rents, calculated at 5 per cent. upon the cost of the buildings, according to which the rent for the jailers' quarters amounts to Rs. 29-5-0 per mensem and for *each* apartment of the police lines and warders' quarters to Rs. 2-0-10 and Rs. 1-15-4, respectively.

8. The Executive Engineer proposes that the jailers' quarters should be retained for the use of the apothecary attached to the army head-quarters, and I presume a saving will be effected to Government by giving effect to this proposal.

9. As the other apartments would be gladly taken by Government peons and the rent recovered from their pay without any trouble or risk of loss to Government, I recommend that they be let to peons and others in Government employ at the uniform rate of Rs. 1½ per month, which is as much as peons can afford.

10. I cannot now suggest any means for utilising the buildings (Nos. 37 to 39) designated "temporary barracks for convicts," and would propose that they may be dismantled and the materials sold by the Public Works Department.

11. The Government will observe from G.O., No. 1013, dated 11th September 1885, Revenue, that the smaller Breeks' Memorial building was intended to be fitted up for the Registrar of Nílgiris, and that the offices of the District Forest-officer and Deputy Tahsildar at Ootacamund were proposed to be accommodated in the Collector's office building. The present proposals with regard to the district jail buildings affect the arrangements above sanctioned to some extent. The provision of accommodation in the district jail, as now suggested, will make the two Breeks' Memorial buildings available exclusively for the use of the Subordinate Court and save expense in providing additional accommodation by building extra rooms on to the present Breeks' school. The location of the Deputy Tahsildar's office in the district jail and that of the District Forest office in my cutchery will ensure facility of communication and despatch of business, and the additional room suggested for my office in the former Government order will not then be necessary.

12. In paragraph 4 of G.O., No. 1645, dated 26th July 1887, Judicial, I was desired to submit my remarks on the points referred to in the order having reference to certain suggestions of the Inspector-General of Jails; but I understand that they are no longer required, as the district jail buildings have been subsequently inspected by the Honorable the Members of the Council and the Chief Secretary, and the proposals of the Inspector-General have been approved. I regret that my absence from head-quarters precluded my being present. I may, however, state that I had, in consultation with Mr. Grimes, arrived at the same conclusion as the Government have done with respect to the advisability of retaining the buildings for the civil jail and subsidiary jail.

Office note from the Chief Secretary to Government, to the Secretary to Government, Public Works Department.

The undersigned has the honor to forward the accompanying letter* from the Collector of the Nílgiris, with plan* attached, and the original note of the Honorable Member, dated 9th instant, to the Chief Engineer, Public Works Department, for the favor of remarks.

Ootacamund,
12th September 1887.

(Signed) H. E. STOKES,
Ag. Chief Secretary

* To be returned with reply.

Note by the Chief Engineer, Public Works Department.

I have inspected the buildings, and am of opinion that the main block, though it probably contains more accommodation than is actually required for the offices of the Deputy Tahsildar and Inspector-General of Jails, cannot, without considerable alteration,

be made to accommodate a third office. The best distribution would, I think, be to give the jail entrance Nos. 1 to 3 to the Registrar, with the addition of one or more of the solitary cells (Nos. 4 to 7) for records if additional space is required. The other solitary cells and Nos. 8 to 12, part of No. 20 and No. 21 to the Deputy Tahsildar, Nos. 13 to 19 and part of 20 to the Inspector-General of Jails.

2. Of the out-buildings, 22 to 26 would be required for the offices; 27 to 32 are not required, but may be retained for use when necessity arises.

3. To isolate the Civil Debtors' jail and subsidiary jail a short length of wall will have to be constructed, and I at first thought that the outer wall of the first enclosure might be pulled down and its materials used for the new wall; but if there is any probability of the buildings being again required for a jail, the walls had better be left. The cook-rooms, 33 to 36, should have existing doorways built up and doorways with steps opened on the opposite side. The existing entrance door to the Civil Debtors' jail should be built up and a door opened in the wall dividing the Civil Debtors' and proposed subsidiary jail.

The temporary barracks, Nos. 37 to 39, can be made no use of, and had better be pulled down.

4. The buildings, 44 to 56, to be retained as subsidiary jail.

5. The jailers' quarters, Nos. 57 to 65, may be made available, as suggested by the Executive Engineer, for the use of the apothecary attached to army head-quarters, for whom quarters are now hired at Rs. 40 a month. There is some mistake, I think, in the numbering of the police lines, but five huts in the block nearest to the jail buildings can be made available for the native warders, and the rest rented to peons as proposed; the rent, however, should not, I think, be more than 12 annas to 1 rupee monthly.

6. I understand from the Collector's letter that, if the suggestions made above are approved, the existing Breeks' school, shortly to be handed over to Government, will provide sufficient accommodation for district offices and no new buildings will be required. I should like early information on this point, as estimates have already been prepared for the alterations and additions formerly regarded necessary to the Breeks' school.

7. I should like also to understand if the original Breeks' school now rented by the municipality is to be still rented to them. If the municipality have to give up the building, they may probably be willing to take the portion of the jail buildings allotted to the Deputy Tahsildar at a somewhat less rent than they are at present paying, and then there might be room for the Deputy Tahsildar in the District office.

Proceedings of the Madras Government, in the Judicial Department, dated 17th October 1887, No. 2333.

Read—again the following :—

G.O., dated 1st June 1887 and 26th July 1887, Nos. 1136 and 1645.

Read—also the following papers :—

From the Collector of Nílgiris, dated 31st August 1887, No. 45.

From the Public Works Department, dated 23rd September 1887, No. 593 D, regarding the district jail buildings at Ootacamund.

Order—dated 17th October 1887, No. 2333, Judicial.

The suggestions made in the first five paragraphs of the Chief Engineer's note, dated the 22nd September, are approved and sanctioned. Orders will issue in the Public Works Department for the execution of the small alterations necessary to fit the buildings for the occupation of the officers to whom they are assigned.

2. The Collector will report at an early date on the matters referred to in paragraphs 6 and 7 of the Chief Engineer's note.

FROM

L. R. Burrows Esq.

COLLECTOR OF

NILGIRIS,

TO

The Chief SECRETARY TO GOVERNMENT,

Judicial DEPARTMENT.

with the Governor,

Stone House Hill

3rd Nov/87 No. 2910 W

Crl. Works

Sir,

With reference to Government Order dated 1st June 1887, No. 1136, Judicial, and Government Order dated 26th July 1887, No. 1645, Judicial, I have the honor to report as follows regarding the future utilization of the District Jail buildings in Ootacamund.

2. The buildings vacated by the abolition of the District Jail are shown on the tracing herewith submitted (Enclosure No. 1) which has been prepared by the Executive Engineer

Judl. 3746/87

1

Engineer at my request. Enclosure No. 2 is a descriptive list of all the rooms contained in the buildings in question with numbers referring to the plan, Enclosure 1. In the column of remarks, it is shown how each room is proposed to be utilized.

3. The Inspector General of Jails in accordance with views expressed by Honourable Members of Government who inspected the building on the 9th August, desires the Civil Debtors' Jail to be set apart for the same purpose: and the Jail Hospital (Nos. 44 to 56) for the Subsidiary Jail. He requires for his office one-half of the main block (Nos 13 to 19 and part of No. 20), the present building in which his office is held being rented at 50 Rs per mensem from month to month without any written agreement.

4.

4. I wrote to the chairman of the Municipal Council to enquire if he would take the other half of the main block (Nos 4 to 12 and part of No. 20 and No. 21) for his Office, paying a rent of Rs 50 which is now paid for the Breeks' Memorial building in which the Municipal Office is now held. On the 23rd Instant, he replied that the subject would be placed before the Municipal Council and expressed his own opinion that the buildings would not suit for the Municipal Office. At a meeting of the Council held on the 25th Instant the following resolution was passed:- "The Council will be glad to have the buildings if they can get them free of rent, but if rent is required they would prefer a more central and suitable building." If Government are not disposed to let the Municipality have the buildings free of rent, I propose that the

the rooms in question be made over for the use of the District Registrar or the Deputy Tahsildar of Ootacamund, both of whom now hold their Offices in a portion of "Alexandra House", on a monthly rent of Rs 60. The lease expires with the end of December next.

5. The rooms at the entrance of the late jail numbered 1, 2 and 3 may be utilized for the Registrar or Deputy Tahsildar's Office in the event of one or the other being located in the rooms spoken of in para 4.

6. The Inspector General of Jails has also asked for 5 apartments in the Police lines (Nos 66 to 70) for the use of the native warders of the European Prison and Subsidiary Jail.

7. The remaining apartments in the Police lines, and the jailor's' and

and warders' Quarters may be rented out to private individuals, preference being given to those in the Government Service, as no other Officers have applied for any accommodation. The Executive Engineer has furnished me with a list of the rents calculated at 5 per cent upon the cost of the buildings, according to which the rent for the jailor's quarters amounts to Rs 29 8 0 per mensem and for each apartment of the Police lines and warders' quarters to Rs 2. 0. 10 and Rs 1-15-4 respectively.

8. The Executive Engineer proposes that the jailor's quarters should be retained for the use of the Apothecary attached to the Army Head Quarters, and I presume a saving will be effected to Government by giving effect to this proposal.

9. As the other apartments would be gladly taken by Government,

pron.

peons and the rent recovered from their pay without any trouble or risk of loss to Government. I recommend that they be let to peons and others in Government employ at the uniform rate of Rs. 1/2 per month which is as much as peons can afford.

10. I cannot now suggest any means for utilizing the buildings (Nos. 37 to 39) designated "Temporary barracks for convicts" and would propose that they may be dismantled and the materials sold by the Public Works Department.

11. The Government will observe from Government Order No. 1015 dated 11th September 1885, Revenue, that the smaller Breeks' Memorial building was intended to be fitted up for the Registrar of Nilgiris and that the offices of the District Forest Officer and

Deputy

Deputy Tahsildar of Ootacamund were proposed to be accommodated in the Collector's Office building. The present proposals with regard to the District jail buildings affect the arrangements above sanctioned to some extent. The provision of accommodation in the District jail as now suggested, will make the two Breeks' Memorial buildings available exclusively for the use of the subordinate Court and save expense in providing additional accommodation by building extra rooms on to the present Breeks' School. The location of the Deputy Tahsildar's office in the District jail, and that of the District Forest Office in my Katcheri will ensure facility of communication and despatch of business and the additional room suggested for my office

in the

in the former Government Order will not then be necessary.

12. In para 4 of Government Order No. 1645, dated 26th July 1887, Judicial, I was desired to submit my remarks on the points referred to in the order having reference to certain suggestions of the Inspector General of Jails: but I understand that they are no longer required, as the District jail buildings have been subsequently inspected by the Honourable the Members of the Council and the Chief Secretary and the proposals of the Inspector General have been approved. I regret that my absence from head quarters precluded my being present. I may however state that I had in consultation with Mr. Grimes arrived at the same conclusion as the Government have done with respect to the advisability of retaining the buildings

for

for the Civil jail and subsidiary jail.

I have the honor to be,
Sir,
Your most obedient Servant,

Collector

AGP
1079

It is difficult to understand the proposals correctly without the plan read in G.O. 11 Sept 85. The distribution list shows that half of the D. Jail is to be allotted to the Regr. or the Dt. Judge but from part of the letter I gather that both are to be accommodated there & I do think there is ample room for both & for the D.E. of Jails(?) too. This cannot be asserted positively without seeing the accommodation allotted to them in the Collr's office thought necessary.

The best plan will be to send the plan & letter to the Chief Engineer for favour of remark. I would not pull down any buildings wh. can possibly be used. Certainly I would not let the Munsiff have the building free of rent, so they are out of the question.

Office Note

From the Chief Secretary
To the Secy to Govt. P.W.D.

12 Sept.

The undersigned has the honor to forward the accompanying letter from the Collector of the Nilgiris, with plan attached, and the original note of the Honble Member, dated 9th instant to the Chief Engineer, P.W.D. for the favour of remarks.

Ootacamund
12th Septr. /87

A. Elroy(?)
Chief Secretary

AGP
1079.

17 to 32 are not required but may be retained for use when necessity arises.

3. To isolate the Civil Debtor's Jail and subsidiary Jail, a short length of wall will have to be constructed, and I at first thought that the outer wall of the first enclosure might be pulled down and its materials used for the new wall, but if there is any probability of the buildings being again required for a jail the walls had better be left. The Cook rooms 33 to 36 should have existing doorways built up and doorways with steps opened on the opposite side. The existing entrance door to the Civil debtors jail should be built up and a door opened in the wall dividing the Civil Debtors and proposed subsidiary jail.

The temporary barracks No 37 to 39 can be made no use of and had better be pulled down.

4 The buildings 44 to 56 to be retained as Subsidiary Jail.

5 The Jailor's Quarters No 57 to 65 may be made available as suggested by the Executive Engineer, for the use of the Apothecary attached to army Head Quarters, for whom quarters are now hired at Rs 40 a month.

There is some mistake, I think, in the numbering of the Police Lines, but 5 huts in the block nearest to the Jail buildings can be made available for the native warders, and the rest rented to peons as proposed; the rent however should not I think be more than 12 annas to 1 Rupee monthly.

6. I understand from the Collector's letter, that if the suggestions made above are approved, the existing Breeks School, shortly to be handed over to Government will provide sufficient accommodation for District Offices and no new buildings will be required. I should like early information on this point, as estimates have already been prepared for the alterations and additions formerly regarded necessary to the Breeks School.

7. I should like also to understand if the original Breeks School now rented by the Municipality is to be

still

still rented to them. If the Municipality have to give up the building they may probably be willing to take the portion of the Jail buildings allotted to the Deputy Tahsildar at a somewhat less rent than they are at present paying and then there might be room for the Deputy Tahsildar in the District Office.

Note. 16

I have inspected the buildings and am of opinion that the Main Block, though it probably contains more accommodation than is actually required for the offices of the Dept. Schuilder & Inspector General of Jails, cannot ~~conveniently~~ be without considerable alteration be made to accommodate a third office. The best distribution would I think be to give the Debtors' Jail entrance Nos. 1 to 3 to the Registrar with the addition of one or more of the Solitary Cells (Nos. 4 to 7) for records if additional space is required. The other Solitary cells & Nos. 8 to 12 part of No. 20 & No. 21 to the Dy. Schuilder Nos. 13 to 19 & part of 20 to the Inspector Genl. of Jails.

2. Of the outbuildings 22 to 26 would be required for the offices. 27 to 32 are not required but may be retained for use when necessity arises.

To isolate the Civil Debtors' Jail & Subsidiary Jail, a short length of wall will have to be constructed & I to [illegible] but the outer wall of the present enclosure might be pulled down & its materials used for the new wall, but if there is any probability of the buildings being again required for a Jail the walls had better be left. The Cook rooms 33 & 36 should have existing door ways built up & doorways with steps opened on the opposite side. The existing entrance door of the Civil Debtors' Jail should be built up & a door opened in the wall dividing the Civil Debtors & proposed Subsidiary Jail.

4 The temporary barracks Nos 37 & 39 can be made no use of & had better be pulled down.

5 The buildings 44 & 56 to be retained as Subsidiary Jail.

The Jailor's Quarters, Nos 57 & 65 may be made available, as requested by the Exec. Engr. for the use of the apothecary attached to any Head Quarters, for whom quarters are now hired at 40Rs a month.

There is some mistake, I think, in the numbering of the Police Lines but 5 huts in the block nearest the Jail buildings can be made available for the native warders & the last made suitable to serve as proposed, the rest however

Checked it. I think be more than [illegible] & 1 R monthly.

Jolt
21/9/87.

8. I understand from the Collector's letter that if the suggestions made above are approved, the existing Breaks' School building, to be handed over to Govt. will provide sufficient accommodation for District offices & no new buildings will be required. I should like early information on this point as estimates have already been prepared for the alterations & additions formerly required considered necessary to the Breaks' school.

9. I should like also to understand if the original Breaks' School now vested by the Municipality is ~~required for District offices~~ the old sanitary office. If the Municipality have given up the building they may probably be willing to take the portion of the public buildings allotted to the Dy. Tahsildar at a rent about [illegible] than they are at present paying & then there might be room for the Depy. Tahsildar in the District offices.

PROCEEDINGS OF THE MADRAS GOVERNMENT,

READ again the following paper

G.O. 1st June 1887 & 26th July 1887 Nos. 1136 & 1645.

Read also the following papers:

From the Collector of Nilgiris no 45 of 31st August 1887.
" Public Works Department ~~no 5903~~ of 23d September 1887 no. 5932, regarding the District Jail buildings at Ooty —

Order, 17 October 1887 No. 2333

The suggestions made in the first five paras of the Chief Engineer's note of the 22d September are approved and sanctioned. Orders will issue in the Public Works Department for the execution of the small alterations necessary to fit the buildings for the occupation of the officers to whom they are assigned.

2 The Collector will report at an early date on the matters referred to in paras 6 and 7 of the Chief Engineer's note.
