READ—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, Madras, to the Secretary to Government, Public Works Department, dated 19th January 1884, No. 172 W.:—

With reference to G. O., No. 551 W., dated 21st February 1879, I have the honor to forward, herewith, a statement showing the detail of establishment of Public Works Department of this Presidency as it stood on 31st December 1883, for transmission to the Secretary of State for India.

2. Attention is specially drawn to the note at foot of the statement in respect of certain changes made in the present list in the classification of upper subordinates as "European" or "Native" as compared with the previous lists submitted.

3. There is room for doubt as to the correctness of the classification of the members of the department between "European" and "Natives" in this return. If, as I understand the case, every person born in India of parents domiciled in the country, and not merely residing there for a temporary purpose, has the standing, before the law, of a native of India, and this is the distinction to be drawn in this return, probably a large number of the names now shown under the designation "European" should have been included under "Native."

4. If, on the other hand, the term "Native" is to be used in the restricted sense of pure "Asiatic" descent, several names now classed under it should be transferred to the "European" column. The basis adopted in the present return is neither the one meaning nor the other.

5. All persons of pure Asiatic descent are classed as "Natives," and persons with European names are classed as "Natives" or "Europeans" according to their own choice.

ORDER—dated 22nd January 1884, No. 198 W., Public Works.

Ordered to be forwarded to the Secretary of State for India, whose orders will be again requested as to the method of classification to be adopted.

READ—the following despatch from the Most Honorable the Secretary of State for India, to His Excellency the Right Honorable, the Governor in Council, Fort St. George, dated India Office, London, 27th March 1884, No. 7, Public Works :—

In reply to the question as to the classification of Europeans and natives in the upper subordinate establishment of your Public Works Department, which has been raised by your Excellency in your Public Works letters, Nos. $\frac{6}{268}$ and $\frac{2}{198}$ W., dated respectively the 24th January 1883 and 22nd January 1884, I have to inform you that it appears to me it would be advisable to class with Europeans all persons of mixed blood adopting the customs of Europe, leaving the native class to be represented by those who are of pure Asiatic descent or who adopt the customs of the natives of India.

2. By this mode of classification the degree of employment of such natives of India, a point to which I, in common with my predecessors, attach considerable importance, will be more easily perceived.

3. I request, therefore, that this mode of classification may be adopted in future, taking care, however, that the recognition of the distinctions above indicated should not be made the cause of any invidious inquiries.

MY LORD,

With reference to your Lordship's despatch, No. 3, dated 30th January 1879, we have the honor to forward a statement showing the details of the establishment of the Public Works Department of this Presidency as it stood on the 31st December 1882, and to request your Lordship's instructions on the points raised in paragraphs 2 and 3 of letter from the Examiner of Public Works Accounts, No. 163 W., dated 22nd January 1883, printed with our Proceedings, No. 268 W., of the 24th idem, a copy of which is herewith transmitted.

LETTER—TO

THE RIGHT HONORABLE THE SECRETARY OF STATE FOR INDIA.

MY LORD,

We have the honor to forward, herewith, the returns, made up to 31st December 1883, of the establishments of the Public Works Department of this Presidency, as prescribed in Lord Cranbrook's despatch, of the 30th January 1879, No. 3, Public Works. We would again invite your Lordship's special attention to the questions raised by the Examiner of Public Works Accounts on the subject of classification, the same difficulty having been experienced in the preparation of the present returns as was felt in making up those of the previous year—*vide* our despatch, No. 6/263 W., dated 24th January 1883.

2. In the absence of precise instructions as to the method of classification to be adopted, the returns, based in many cases on the uncertainty of individual choice, cannot be regarded as correctly representing the numbers which should be placed under each nationality.

3. The return of State Railway establishments is being forwarded separately.

We have the honor to be,
My Lord,
Your Lordship's most obedient, humble servants,

Your O.M. No. 2038 dated 8th August 1887.

With reference to the return prescribed in Govt. of India Standing Order No. 74 of 1887, forwarded to this office under cover of the O.M. above quoted, I think that before embodying the order in the Madras Code, it will be necessary to settle the question whether the return is to distinguish between Europeans and East Indians; and if a distinction is intended, I think a clear definition of the terms should be laid down for the guidance of those who have to prepare the statement.

2. In connection with this point however I beg to call attention to the remark made in para 3 of the Secretary of State's despatch, printed with G.O. No. 1046

KEEP-WITH Genl. No.

dated 188 .

1000—12-5-87.

dated 24th. April 1884," that the recognition of the distinctions * * should not be made the cause of any invidious inquiries".

3. Will you kindly have these questions decided after communication with Govt. of India if necessary.

4. It may not be out of place to mention here a difficulty which was several times referred to by the President of the Public Service Commission whilst I was present. Unquestionable East Indians will not, in many cases, return themselves as such. They return themselves as Europeans, and then the statistics, vitiated by their act, are adduced to prove that East Indians are not fairly treated in the matter of appointments and promotions. Invidious inquiries are certainly to be deprecated, but, that being admitted, it is a question whether such distinctions are not worse than valueless.
