GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General Account.

READ—the following papers:—

From Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 17th October 1887, No. 2966 B.

I have the honor, by order, to report, for the information of Government, that in consequence of the prevalence of small-pox in the bazaars at Wellington at the time of the arrival there of the 2nd Battalion Royal Fusiliers, it was considered desirable to locate the followers * of that corps, as a temporary measure, in the vacant 34 quarters called the "Sapper lines" situated near the barracks, and subsequently it being considered desirable that the followers should remain in these quarters, which are conveniently situated with reference to the barracks and not wanted for any public purposes, they were allowed to remain in occupation, the Executive Engineer being asked to assess their rent under the provisions of paragraph 1040 of the Madras Public Works Code.

* 15 Public.
18 Private.

2. The rent assessed was Rs. 46–10–8 per month on the 34 quarters, or nearly Rs. 1–6–0 per month on each quarter; as this rent is, in the opinion of the Commander-in-Chief, far higher than the small pay of the followers concerned will admit of their paying, I am desired to represent the matter for the consideration of Government and to recommend that, in view of the distinct advantage of having regimental followers well housed near the barracks in a hill climate, and of the fact that the "Sapper lines" are not wanted for any other public purpose and have been empty for years, Government may be pleased to accord sanction to the followers of the British Infantry Regiment at Wellington occupying these lines, at a rent of 8 annas for each quarter per mensem, which His Excellency considers a fair one, with reference to the means of the followers, while it will cover the cost of the repairs to the lines.

3. The 1st August 1887 has been fixed as the date from which it is proposed to levy rent above suggested because it was only in that month that the officer commanding the regiment received notice that the followers would be called upon to pay any rent, and because in the period which had elapsed since the arrival of the regiment at Wellington several of the followers who had originally occupied quarters in the lines had left the station so that it would be impossible to recover arrears.

H.

Forwarded with letter (No. 58 M., dated 3rd November 1887), from the Examiner, Public Works Accounts, Madras, stating that the buildings being Imperial, the proposed reduction of rent will require the sanction of the Government of India.
