Proceedings of the Madras Government, Judicial Department, dated 31st October 1887, No. 2469.

Read—again—

G.O., dated 14th September 1887, Mis. No. 2113.

Read—also the following letter from the Inspector-General of Police, Madras, dated 8th October 1887, No. 5012 :—

With reference to G.O., No. 2113, dated 14th September 1887, J.D. (enclosures of which are herewith returned), I have the honor to state that there are three police stations at Negapatam—

1. Town central police station near railway station—A rented building.
2. Do. out-post station at Veliaoliem—A rented building.
3. Taluk police station—A room in the Sub-Magistrate's cutcherry.

It is proposed to move the 2nd and 3rd stations, *i.e.*, the town out-post station at Veliaoliem and the taluk police station to St. Joseph's College buildings.

2. The Deputy Inspector-General, Southern Range, states that the out-post station at Veliaoliem was established at a comparatively recent date as experience showed that it was necessary, and the Superintendent of Police, Tanjore, reports that the work of the police in the two stations being quite distinct, it is desirable to locate the town and taluk police in separate rooms. By this arrangement a yearly saving of Rs. 96 paid for rent for the out-post station at Veliaoliem is effected.

3. Regarding the suggestion by Government about two cells for male and female prisoners, the Superintendent remarks as follows :—

"The chapel is eminently suited for a lock-up as it was used as a temporary treasury before and all the windows and door are secured by iron bars, whilst the other building has only ordinary wooden-barred windows.

"I understood from Mr. Manson, when I spoke with him on the subject, that he would arrange for two lock-ups in the chapel, viz., one for males and one for females. This does not appear to have been entered in the plan, but could be arranged for without increase of expenditure by a simple partition wall."

Order—dated 31st October 1887, No. 2469, Judicial.

The plan and estimates are approved and will be transferred to the Public Works Department, it being understood that provision for cells will be made in the chapel.

2. In G.O., dated 14th September 1887, No. 2113, for District Station officer should be read Deputy Station officer.

ORDER—dated 16th November 1887, No. 3094 W., Public Works.

The estimate, amounting to Rs. 600, for converting the chapel and waiting-room at St. Joseph's College, Negapatam, into a police station, is sanctioned as supplemental to the estimate for the purchase of the college buildings, sanctioned in G.O., No. 1013 W., dated 19th April 1886.

2. The total sanction for the college buildings will now stand at Rs. 37,565.

3. The Superintending Engineer's attention is drawn to paragraph 3 of the letter from the Inspector-General of Police recorded in the Proceedings in the Judicial Department regarding the provision of two lock-ups for the station.

4. The sanction accorded in paragraph 1 of these proceedings has been registered as Provincial No. 123 W. of 1887-88, and classified as Civil Buildings, Original Works.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper from

the Inspector-General of Police, dated 2nd Sept. 1887, N^o 4333, forwarding for sanction the D.P.W. plan & estimate for Rs. 600 for converting into 2 Police stations and Lock-up, the waiting room and the small chapel at St. Joseph's College at Negapatam.

Order, 14th September 1887, N^o 2113.

The Government do not see the object of having two distinct stations in one building. The Inspector-General will report why one large station should not exist with a sufficient number of constables both for Negapatam and Vellore and a district station offices. This arrangement would probably be more economical. If, however, the Inspector-General adheres to the plans submitted with the foregoing letter, he should consider where female prisoners are to be placed, and whether it would not be preferable to make one of the proposed police stations into two lock-up cells, and to place the second station in the chapel, partitioning off the apse for the Inspector.

Report by the Supg. Engineer
on the Estimate for con-
verting into Police Stations and
Lock up the Small Chapels and
waiting room at St. Joseph's College
at Megapattam No 600.

When preparing the Plan and
Estimate for converting an outbuilding
into Tahildar's Cutcherry and Sub
Jail no Police guard room was pro-
vided for as there is no convenient
place for adding a room to that
building. It is now proposed to pro-
vide for men off sentry duty in
the waiting room of the little Chapel
which is situated near the building
proposed for the Tahildar's Cutcherry.
The building has much more space
than required for the guard it will
therefore be converted into two Police
Stations, one for ^{Tahildar's} Megapattam and
another for ^{Sub Jail} Vellipolium the latter
being now held in a rented building.

Lu

In the portion provided for Aya-
-patam Police station a small
room has been partitioned for
Inspector and records. The little
Chapel to be converted into lock up
for both the stations and connected
with a covered passage. The details
are said to have been decided on
personal inspection with the
Superintendent of Police. The
undersigned considers that the lock
up should have a partition for
females.

2- The Estimate has been
prepared with reference to para
3 of G.O. No 1013 W of 19 April 1886. The
work proposed consists of the altera-
-tions enumerated above, flooring
and other general repairs.

3- The rates are fair and the
Estimate is forwarded for sanction
through the Superintendent of Police San Jose.
