Read—the following letter from the Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 18th November 1887, No. 2848 M.W.:—

I am directed to acknowledge the receipt of your letter, No. 2765 W., dated 17th October 1887, inquiring whether kitchens and latrines should be provided for the purveyors' quarters, which it is proposed to build in the Madras Presidency, also whether the "Zenana compound," provided in type plan No. 11, is accommodation, the absence of which would entitle purveyors to compensation for inferior quarters.

2. In reply, I am to state, for the information of the Governor in Council, that in regard to the provision of kitchens, the Government of India are of opinion that the provision of a couple of "chulas" in the verandah of each quarter will be sufficient. As regards the provision of latrines, I am to say that, in accordance with the spirit of existing regulations, cantonment committees should arrange for the provision of these conveniences, the expense being charged against the Cantonment funds.

3. With regard to your inquiry regarding the "Zenana compound," I am to say that compensation would not be claimable if the "Zenana compound" were omitted.

Order—dated 25th November 1887, No. 3219 W., Public Works.

I am directed to acknowledge the receipt of your letter, No. 1059 B, dated 9th May 1887, on the subject of accommodation for hospital purveyors.

2. With reference thereto, I am to state that, after full consideration of the subject, it is held to be essential to the efficient working of the purveying system that the hospital purveyors shall live in the hospitals.

3. The scale of quarters considered suitable for hospital purveyors is that laid down for hospital assistants as per type plan No. 11.

4. I am therefore to convey the sanction of the Government of India to the addition of a building on this scale to the list of authorised accommodation to be provided in hospitals. The necessary corrections and additions will accordingly be made in the Army Regulations.

5. I am to add that the accommodation now authorised should be provided as soon as practicable in all hospitals for British troops by the adaptation of existing buildings or by the erection of new quarters. When the requisite accommodation is ready, purveyors will, in all cases, be required to reside therein, and compensation for quarters will cease.

THE SECRETARY TO THE GOVERNMENT OF MADRAS,
PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to acknowledge the receipt of your letter, No. 2765 W dated 17th October 1887, enquiring whether kitchens and latrines should be provided for the Purveyors' quarters which it is proposed to build in the Madras Presidency, also whether the "Zenana Compound" provided in type plan No. 11, is accommodation, the absence of which would entitle Purveyors to compensation for inferior quarters.

2. In reply, I am to state, for the information of the Governor-in-Council, that in regard to the provision of kitchens, the Government of India are of opinion that the

the provision of a couple of "Chulas" in the verandah of each quarter, will be sufficient. As regards the provision of latrines, I am to say that, in accordance with the spirit of existing regulations, Cantonment Committees should arrange for the provision of these conveniences, the expense being charged against the Cantonment funds.

3. With regard to your enquiry regarding the "Zenana Compound", I am to say that compensation would not be claimable if the "Zenana Compound" were omitted.

I am, &
Sir,
Your most obedient servant,

for Secretary to the Govt. of India.
