

PUBLIC WORKS DEPARTMENT.

no 3251 W

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the

29th Nov 1887

Read the following

Note by the Chief Engineer Public Works Dept: H. E. No. — of 25th November 1887.

communicated to
Departments of the Secretariat
for issue of the requisite orders.

PPH
26 Nov

Note

When carrying out the work
of constructing the office for the
Dy. Commissioner of Police Madras,
the Commissioner made a reference
to Government on information
asked for and received from a
subordinate officer of the P. W. D.;
the result being that an unnecessary
S.O was passed; for if that
~~matter~~ ^{question} had been referred
to the Executive Engineer Presidency
he could have settled the
matter himself; and no reference
to Government would have
been required

Public Works Department.

Note by the Chief Engineer Public Works Department.
dated 25th November 1887.

A case having recently occurred in which an order of Government was rendered necessary in consequence of information having been asked for and obtained from a subordinate officer of the Public Works Department, instead of from the Executive Engineer, the Chief Engineer would suggest that the attention of all heads of Departments be called to the necessity of applying to the Executive Engineer for information in all cases connected with the Public Works Department, before referring the ~~subject~~ ^{subject} for

Gobt. of 188 Madras.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper

From the Commissioner of Police, Madras,
dated 20 September 1884-86.

The office of the Deputy Commissioner of Police on the North Beach is now approaching completion. I asked that a rail and platform might be placed in the public office room. This, considering the rough class of persons sailors and others frequently brought before the Deputy Commissioner, I considered necessary and proper. I am informed, however, that the special sanction of Government is necessary for the inclusion of this in the work, the Public Works Department regarding this as "furniture". I submit that this comes under the head of necessary fixtures like record racks &c. but if special sanction be necessary I have the honor to apply for it and trust Government may be pleased to accord it. The cost would be very small as the room is only 20 feet broad.
