GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M. W. ELLIOT, Esq., Chairman, Municipal Council, Cuddapah, to the Chief Secretary to Government (through the Collector of Cuddapah), dated Cuddapah, 13th September 1887, No. 269.

With reference to paragraph 2 of G.O., Mis. No. 470 M., dated 20th May 1887, I have the honor to suggest, for the favorable consideration of Government, that the Executive Engineer of the Cuddapah division be placed in charge of the Cuddapah water-works and be remunerated with a *carriage allowance* of Rs. 100 per mensem.

2. If my proposal is sanctioned, it would, I think, be well to allow the Executive Engineer the services of an overseer on Rs. 100 per mensem.

3. I may state that I make these proposals with the consent of Mr. J. C. Johnston, the Executive Engineer of the Cuddapah division, who is willing to carry out the work if the Government accord their sanction.

4. The loss sustained by discount on the loan is Rs. 6,831-4-0. And as Rs. 5,000 have been provided for the services of an Engineer, the savings effected by my proposal will be considerable.

Submitted.

Endorsement in the Public Works Department.

There is no objection, in the Public Works Department, to the Executive Engineer, Cuddapah division, undertaking the town water-supply project in addition to his regular duties, provided the sanction of the Government of India can be obtained to the proposed carriage allowance of Rs. 100 per mensem. The work will entail constant driving about the town when at head-quarters.

2. The services of a competent upper subordinate should also be placed at the Executive Engineer's disposal by the municipality.
