PUBLIC WORKS DEPARTMENT.

LETTER--to

THE RIGHT HONORABLE THE SECRETARY OF STATE FOR INDIA.

MY LORD,

In your Lordship's despatch, No. 9, Public Works, dated 20th October 1887, sanctioning the deputation to England of Colonel J. Pennycuik, R.E., in connection with the selection of machinery for the Periyár Project works, pay at the rate of two-thirds of his Indian pay is allowed. Colonel Pennycuik represents that he has already earned three months' privilege leave, during which he would, if he availed himself of it, draw full pay; and he requests, under these circumstances, to be allowed to draw full pay for the first three months of his deputation, the remaining period being paid for at the two-thirds rate ordinarily admitted. We have the honor to say that we have no objection to the concession asked for by Colonel Pennycuik being granted, should your Lordship be disposed to sanction it.

2. Colonel Pennycuik would in this case forfeit his claim to further privilege leave until after his return to duty he had again earned the leave under the usual conditions.

We have the honor to be,

My Lord,

Your Lordship's most obedient, humble servants,

(Signed) CONNEMARA.

My dear Sir,
What I want
is that I could be
willing, if I receive full
pay for the first three months
to give up my claim to
privilege leave until I
subsequently send for leave
under the rule - I do
not think I should go on privilege
leave to be detained afterwards

of his deputation to England

on duty or leave
any - Rather than
that I could go on the two
months pay throughout & keep
my privilege leave -

Of course a reference to
the S. of S. would be needed
but I suppose that need not
delay my departure, as I would
go on the instant only that if the
question I asked for was re-
fused I could go under the
existing rule -

I don't think that I can be
far as unreasonable, as the
force gets the benefit of my

17
service during the three months
which I might take as privilege
leave either before going ^{5th 1877} or after
returning from duty in England -
in other words it gets three
months work out of me on
 $\frac{1}{3}$ pay -

Yours sincerely

Richard D. James
