READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chépák, 30th November 1887, No. 3572 :—

The Executive Engineer, North Arcot division, reports that the present office building at Vellore, hired at a monthly rent of Rs. 30, sanctioned in G.O., No. 2313, dated 16th August 1876, is not sufficiently spacious to accommodate both the divisional and sub-divisional offices, and proposes to hire another building, known as the Officers' Mess, at a monthly rent of Rs. 40. This building is sufficiently large to accommodate the two offices fairly well.

2. I have the honor to request that sanction may be given for rent of this office being raised from Rs. 30 to Rs. 40.

ORDER—dated 6th December 1887, No. 3338 W., Public Works.

Sanctioned, under the circumstances explained.

Proceedings of the Madras Government, Public Works Department,
19th June 1873.

No. 260. Read the following letter from Colonel E. A. FOORD, R.E., Inspector
of Engineer for Civil and Military Buildings, to Colonel G. W.
WALKER, R.E., Chief Engineer, Public Works Department, dated
Chopank, 26th May 1873, No. 531:—

With reference to your memorandum of the 1st May, No. 156, I have the

honour to state that the Vellore Range
Office is at present accommodated in

in one of the gopurams of a pagoda in the fort at Vellore. The District Office
could not be accommodated in this building, which is stated by the District
Engineer to be conveniently situated for the Range Office. When Captain
Pennycook asked for sanction for an expenditure not exceeding 50 Rupees a
month as office rent, he did not know what houses were available. He has, since
the 13th of April, rented a house at 50 Rupees a month. He occupies part of the
house and gives up the rest for his office, as shown in the accompanying sketch.

2. Captain Pennycook considers that 35 or 40 Rupees a month would be a
fair proportion of the rent for Government to pay, considering the short time he
is likely to spend at head-quarters. But as there is scarcely any station where a
District Engineer could obtain a house for himself for less than 30 Rupees a month,
I should think 20 to 25 Rupees a month would in this case be a fair allowance for
office rent.

ACCOUNT, No. 13.

ONE HALF the rent paid by the
District Engineer for the house jointly

*Proceedings of the Madras Government, Public Works Department,
10th August 1875.*

No. 180. Read the following letter from Captain J. PENNYCUICK, R.E., District Engineer, North Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Secretary to Government, Public Works Department, dated Vellore, 3rd August 1875, No. 1,806:—

With reference to G. O., No. 1,601, of 19th June 1873, I have the honor to request that the allowance for rent of this office may be raised from Rupees 25 to Rupees 30.

2. The arrangement by which the office was located in a portion of the house occupied by myself has been found inconvenient, and a suitable house at a monthly rent of Rupees 30 having lately become available, I have taken the same from the 1st instant in anticipation of the sanction of Government.
