Sir,

I have the honor to bring to your notice that Mr. W. Knowles C.E. Assistant Engineer has completed 3 years satisfactory service in the Department and in terms of P. W. Code Paras 477 Note 3 has become entitled to Rs 400 salary on a specific recommendation to Government

2. I would mention that Mr. Knowles has worked assiduously in the face of the greatest difficulties from the scarcity of labor and sickness among subordinates and has by his exertions chiefly in the rainy season been able to report this year about three miles of the Earthwork of the Poringhi - Koraput Road completed, and part of the Mileage metalled, six Culverts half finished some bricklayers and a large body

of unskilled laborers collected and
at work on the Petty Contract system
over an aggregate of about nine miles

3. Mr. Knowles has also been
attacked with fever now and again, and
has, owing to being left without at times
any regular subordinates, had to un-
dergo much exposure

4. I may add as to the careful man-
ner I have observed that Mr. Knowles
revelled and laid out part of the
road I have seen, and which I have
no doubt has been continued since

I have the honor to be
