GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 17th August 1887, No. 2911 A.

In continuation of this office letter, No. 2492 A., of 16th ultimo, I am desired to ask that the Public Works Department may be made aware of the fact that Superintending Engineers of Circles are now making applications to General Officers Commanding Divisions and Districts for funds for incomplete works of the year 1886-87.

2. The Commander-in-Chief understood that funds required for all such works had been provided for by alienation from the minor works grant of this year under G.O., Public Works Department, No. 1617 W., dated 15th June 1887, and that the small balance shown as available for minor works of the current year would not be further trenched upon; pending information therefore whether it is essential that the slender allotment for minor works of the current year in the Bangalore division should meet demands made by the Superintending Engineer, IV Circle, for funds for the works of last year marginally noted, His Excellency has directed the General Officer Commanding that division not to allot the funds in question.

	RS.
Improvements to hay-shed, Remount Depôt	300
Constructing a well at the rest camp, Jalárpet	607

No. 5191, Military.

Transferred to the Public Works Department with reference to G.O., No. 2077 W., dated 4th August 1887.

(By Order.)

OOTACAMUND, 24th August 1887. (Signed) A. KENNEY-HERBERT, Brigdr.-Genl., Secretary to Government.

No. 486 D.

Referred to the Superintending Engineer, IV Circle, for favor of report.

2. In G.O., No. 1617 W., dated 15th June 1887, an allotment of Rs. 560 was made for improvements to the hay-shed at the Remount Depôt, and it should be stated why a further grant of Rs. 300 has been asked for.

3. Explanation is requested why the well at Jalárpet was not brought forward in the Superintending Engineer's statement of demands on account of incomplete military minor works.

OOTACAMUND, 26th August 1887. (Signed) J. O. HASTED, Colonel, R.E., Secretary to Govt., P.W.D.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 30th August 1887, No. 362 E.W.

In advertence to your endorsement, No. 486 D., dated 26th instant (herewith returned), I have the honor to refer you to my letter, No. 357 E.W., dated 29th instant, in which I have fully explained the necessity for applying for the additional allotment of funds, from the grant placed at the disposal of the General Officer Commanding Bangalore division, for military minor works.

2. A sum of Rs. 300 was applied for on account of improvements to the hay-shed, Remount Depôt, because a revised estimate of Rs. 1,260, or Rs. 300 over the original estimate, was sanctioned * by Government after I asked † for the balance (Rs. 560) of the original estimate in my statement of demands for incomplete works.

* In G.O., No. 1469 W., dated 30th May 1887.

† On 7th May 1887.

3. The allotment of Rs. 607 was not applied for in my statement ‡ of incomplete works for the well at the rest camp at Jalárpet, as the balance of the original estimate for the work was below Rs. 500, and therefore no specific allotment of funds was necessary. Since the submission of the incomplete works statement a revised estimate of Rs. 655 has been submitted and sanctioned in G.O., No. 2145 of 12th August 1887.

‡ Dated 7th May 1887, No. 199 E.W.

Enclosures.

From Brigadier-General E. FAUNCE, Quartermaster-General, to the General Officer Commanding Bangalore division, dated Ootacamund, 17th August 1887, No. 2910 A.

In returning the enclosure of your letter, No. 171, of 13th instant, I am directed to state, with reference to work No. 2, that it is left to your discretion to select such works in your command as you think ought to be executed and to provide funds for them to such extent as the grant at your disposal will admit.

2. As regards works 1 and 3, I am to say that the Commander-in-Chief understood that the allotments made in Proceedings of Government, No. 3930, dated 4th July 1887, provided for all incomplete works of last year, and he cannot therefore approve your making any grant for the works in question until the Secretary to Government, Public Works Department, has been consulted on the point, for His Excellency does not consider that such demands ought to be made at this period on the very reduced grant available for minor works of the year.

No. 2005.

Forwarded to the Superintending Engineer, IV Circle, with reference to his No. 289 M., dated 11th August 1887, for information. List herewith returned.

(By Order.)

(Signed) G. SWINLEY, Colonel,
Assistant Quartermaster-General,
Bangalore Division.

19th August 1887.

List of Imperial Military Minor New Works for which funds are wanted, called for in the Superintending Engineer's endorsement, No. 226 C., dated 29th July 1887.

* Sanctioned in G.O., No. 2145 W., dated 12th August 1887.

Coimbatore,
8th August 1887.

(Signed) O. V. BODDY, Captain, R.E.,
Executive Engineer.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 29th August 1887, No. 357 E.W.

I have the honor to inform you that I applied to the Deputy Assistant Quartermaster-General, Bangalore division, for an allotment of Rs. 1,457 for military minor works noted below from the sum of Rs. 2,100 placed at the disposal of the General Officer Commanding Bangalore division—*vide* G.O., No. 1981 W., of 25th ultimo :—

	Rs.
1. Improvements to the hay-shed attached to the farm stables at the Remount Depôt, Matigiri	300
2. Improvements to Mr. Maddock's quarters and out-houses at the Remount Depôt, Matigiri	550
3. Constructing a well on the site of the new camping ground at Jalárpet*	607
Total ...	1,457

No. 1—Is an incomplete work of last year; an allotment of Rs. 560 was asked for in my statement of demands, and it was accordingly granted in G.O., No. 1617 W., of 15th June 1887. A revised estimate of Rs. 1,260 has since been sanctioned in G.O., No. 1469 W., of 30th May 1887, the difference (Rs. 300) between the original and the revised estimate was therefore applied for in addition to Rs. 560 granted.

No. 3—Is also an incomplete work of last year on an estimate of Rs. 495. Rupees 48 was spent on it in last year, and, as the balance of the estimate was under Rs. 500, no specific allotment was applied for in my statement of demands for incomplete works; but the estimate having since been revised to Rs. 655 * and submitted for sanction,* I applied for the balance (Rs. 607) of the revised estimate.

* Since sanctioned in G.O., No. 2145 W., dated 12th August 1887.

No. 2.—An estimate of Rs. 550 was sanctioned for this work in G.O., No. 1469 W., of 30th May 1887, and the amount was applied for in the statement to the Deputy Assistant Quartermaster-General for this uncommenced work.

2. From the accompanying copy of a letter from the Quartermaster-General it will be seen that His Excellency the Commander-in-Chief objects to the provision of funds for these works from the grants at the disposal of the General Officer Commanding the Bangalore division "until the Secretary to Government, Public Works Department, has been consulted on the point." As Rs. 907 are wanted for completion of the works † Nos. 1 and 3, I request you will be good enough to obtain necessary orders for provision of the amount from the grant placed at the disposal of the General Officer Commanding Bangalore division. No. 2 work may be held in abeyance until funds become available.

† Commenced in last year.

Order—dated 7th September 1887, No. 2418 W., Public Works.

The foregoing letters from the Superintending Engineer, IV Circle, will be communicated to His Excellency the Commander-in-Chief, through the Military Department, with reference to endorsement in that department, No. 5191, dated 24th August 1887.

2. It will be observed from the Superintending Engineer's letters that the marginally noted works are incomplete works of last year, and that they were not included in the statement of demands for incomplete works, as the demands on their account were not foreseen at the time the statement was submitted. There being

Improvements to hay-shed, Remount Depôt, Matigiri.
Constructing a well at site of the new camping ground at Jalárpet.

no funds in reserve with the Government, the sum of Rs. 907 required for expenditiure on these works during the current official year can only be met from the lump sum placed at the disposal of the Officer Commanding the Bangalore division.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

C. No: 9668

Note.

The sanctioned works detailed in statement A cannot be provided with funds in the current year as funds are not available. They must therefore be held back till next year. The Quarter Master General also makes no reference to this statement in his letter. No orders therefore need be made as regards works in statement A.

All the works referred to in statement B have already been brought to notice by the S.E.V Circle in his letter No: 2615 d/25 September 1887 This letter was recorded with the remark that a special application would be made to the Govt. of India if necessary after all surrenders were reported by S. Es. The S.E.V is likely to report some surrenders as it is evident from his monthly progress report of works. On receipt of this if savings cannot be effected application for the required additional funds will be made to the Govt of India.

" Director-General of Post Offices, dated 10th May 1887, No. 1582.

ORDER—dated 15th June 1887, No. 1617 W., Public Works.

With the papers recorded above, the Superintending Engineers and the Consulting Architect submit statements of demands on account of incomplete and minor new works, and for repairs under Imperial Military and Civil Works.

2. Under Imperial Military the demands for original works amount to—

	Rs.
Minor works, lump sums	28,355
New works, minor	20,408
Do. major	16,208
Incomplete minor works	6,239
Do. major works	60,241
Total ...	1,31,451

while the budget grant for minor works amounts to only Rs. 20,987. The statements received from the Superintending Engineers, IV and V Circles include large demands on account of works which should have been brought forward in their budget estimates; but as many of these works are in progress and cannot with advantage be postponed, a sum of Rs. 26,021 will be transferred from the grant for repairs to enable funds to be provided for them. The available grant for original works will then be Rs. 47,008. Of this amount, Rs. 36,411 for incomplete works and Rs. 1,224 for a new work which has been already sanctioned for immediate execution—*vide* G.O., No. 1111 W., dated 23rd April 1887, are now allotted, and the balance, Rs. 9,373, is placed in lump sum at the disposal of Officers Commanding Divisions and Districts, to whom Superintending Engineers will apply for funds for such works only as are emergent.

3. The rate of percentage charge for general tools and plant having been increased from 1 to 1½ per cent.—*vide* G.O., No. 881 W., dated 23rd March 1887, the provision required to meet the adjustment of the contribution at the higher rate has been made by reducing rateably the budget grants for repairs, and establishment. The budget grants will in consequence stand as shown below :—

	Rs.
Original works	1,42,600
Repairs	2,98,170
Total, Works ...	4,40,770
Establishment ...	1,02,630
Tools and plant	6,600
Total ...	5,50,000

The budget provision of Rs. 3,00,000 for repairs will therefore, including the transfer to original works sanctioned in paragraph 2 above, be reduced to Rs. 2,72,149. The demands under repairs and the allotments sanctioned against them are shown in statement A. If the allotment to the Presidency division be found insufficient, the Superintending Engineer, V Circle, will apply for a further grant later in the year.

4. Under Imperial Civil Works the demands against original works, postal, amount to—

	Rs.
For minor works, lump sum	1,630
For incomplete major works	2,129
Total ...	3,759

The budget provision for postal minor works is Rs. 10,000. Of this, a sum of Rs. 2,129 has been allotted for completing the new Post office at Anantapur, and the balance, Rs. 7,871, is placed at the disposal of the Director-General of Post Offices, who will allot the required funds for works to be undertaken during the year.

5. The demands against original works, telegraphs, amount to Rs. 1,046 for incomplete minor works; but as the demand in each case is within Rs. 500, no appropriation is necessary under code paragraph 1908, part III. The budget provision of Rs. 6,000 for minor works, telegraphs, has therefore been placed at the disposal of the Director-General of Telegraphs, to whom application should be made for funds required during the year.

6. Under Imperial Civil Works the provision required to meet the adjustment of the contribution on account of general tools and plant at the higher rate sanctioned by the Government of India will be met by reducing the amount reserved in the budget for telegraph repairs, and the budget grant will, in consequence, be altered as shown below :—

	Rs.
Original works ... Postal	10,000
Telegraph	6,000
Repairs ... Postal	6,000
Telegraph	4,905
Establishment ...	6,190
Tools and plant ...	405
Total ...	33,500

7. The demands under Repairs, Postal and Telegraph, and the allotments sanctioned against them, are shown in statement A.

8. The statement received from the Superintending Engineer, I Circle, does not include demands for works in the Vizagapatam division. To avoid delay, allotments

have been made to the extent sanctioned in the last official year for repairs under Military and Civil Works, and the Superintending Engineer will apply separately if funds are required for incomplete works.

Funds

Orders on statements of demands on account of incomplete and minor new works, and for repairs, under Imperial Military and Civil Works.

B

List of Imperial Military Minor New Works, for which allotment of funds are required during the current official Year.—

Qr. Mr. Genls' Offic

Ootacamund 22d. Novr '87

No: 4556.A

Submitted with reference to previous correspondence, in view to the P.W.D. being asked to provide the funds required — (Rs. 1338·15·3.) to meet further expenditure incurred on incomplete works of 1886/87 as shewn in Enclosure B.

2. The Genl. Offr. Comdg. Bangalore Dn. is mistaken in supposing that Rs. 974/. are still available for allotment by him out of the amount (Rs. 2500) placed at his disposal for minor works in the current year

3 The actual balance now available is but Rs. 67/- for in addition to the amount (Rs 1526/) he has allotted for works in the current year (Vide enclos: C), he has been called on to part with Rs. 907 for the incomplete works of 1886/87 referred to in P.G. 5944 dd 28th Septr '87 (P.W.D. No. 2418W. dd 7th Septr '87).

Coimbatore

Sir,

I have the honor to inform you that on the 25th of January 1887, the Assistant Quarter Master General of this Division received a letter from Executive Engineer Presidency Division forwarding a Statement Showing the Estimates that have been Sanctioned under Imperial Military Minor New Works, and not put in hand for want of Funds; as Rs 3,000 has been allotted under this head for expenditure before the end of March 1887, the Executive Engineer requested to be informed which of the works in Statement A should be carried out and completed by the end of this Official year i.e. March 31st 1887.

Marked A
copy herewith attached.

2. The Assistant Quarter Master General forwarded to Executive Engineer in reply to his request mentioned in above quoted letter, a list of works requiring completion, a copy of this List of works amounting to Rs: 2,934, was forwarded to you with my letter No. 22 dated January 31st/87 (See para 4) and your reply thereto, No. 969 A dated. March 2/87, which was forwarded to Executive Engineer for his information pr. March 5/87.

3. On the 20th September 1887 another letter was received from Executive Engineer, giving a State-ment (marked B) of Minor New works, which under orders of the Superintending Engineer 5th Circle were put in hand during the last official year, and for which funds have to be provided; all these works, it will be observed in column of remarks having been completed. Copy attached

4. On the 21st September 1887, the attention of Executive Engineer Presidency Division was drawn to his letter No. 5129 dated January 24/87. in which he stated that 3,000 Rs: had been placed at his disposal for these works &c.— and also requesting information as to the reason why works were com-pleted without in the first instance submitting Esti-mates and obtaining my Sanction; as in Statement B. only the Estimates of items 5, 8. and 11 amounting to Rs: 865-1-7 a. p. had been submitted and approved of by me.

5. It appears from the explanation received pr. Octaber 10th from the Executive Engineer Presidency Divi-sion that he was acting under orders from the Superin-tending Engineer V Circle, that all the Military Minor New works entered in the List marked B were put in hand in the past official year and are being completed in this Official year and that the estimates in question not being submitted in the first instance for my Sanction, appears to be an oversight, due to the

the urgent manner in which the works were required to be commenced.

6. The total amount required by Statement B. is Rs. 2,204-0-10, but as I only sanctioned items 5, 8, and 11 amounting to Rs. 865-1-7, and having now in hand Rs. 974/- of my allotment (See Statement C). I propose with your sanction to allot the amount for works I have sanctioned as shown above viz Rs. 865-1-7 from the balance now at my disposal: there will then be Rs. 1,338-15-3 required for works completed, or nearly so, from some other source-
