Read again—

G.O., dated 9th July 1887, No. 1850 W., Public Works.

Read—also the following paper:—

From J. W. BRASSINGTON, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chopak, 24th November 1887, No. 1105.

With reference to your office note, No. 3597 C., dated the 20th October 1887, I have the honor to submit plans and estimates, the latter amounting to Rs. 49,830, for constructing a new Court-house for the Presidency Magistrate, Police station and fire-engine house, on the vacant site south of the Telegraph office in Black Town.

The Commissioner of Police and Chief Presidency Magistrate have countersigned the plans and estimates in token of their approval.

Rupees 10,000 can be utilized for expenditure on the work during the current official year.

Order—dated 16th December 1887, No. 3440 W., Public Works.

The estimate, amounting to Rs. 49,830, for constructing a new Court-house for the Presidency Magistrate, Police station, and fire-engine room on the site to the south of the Telegraph office, Madras, is sanctioned.

2. The work will be included in the budget for 1888-89.

3. This sanction has been registered as Provincial, No. 137 W. of 1887-88, and classified as Civil Buildings, Original Works.

 to Government

NOTE OF REMARKS.

The estimate submitted
 under memorandum
 No 1349, 1880 submitted
 for constructing a
 Court for the Presidency
 Magistrate, Police
 Station, and Fire
 Engine House at Madras.

The plan and estimate
 were returned to the
 Consulting Architect
 with the Chief Engineer
 Memo No 3597C dated
 October 1887 and are
 now submitted for
 sanction.

The remarks contained
 in Memo: No 44 Sept/87
 by the Commissioner
 of Police are not appear
 to have been accepted.

The building, as per
 submitted, is to be

finished as follows.

The walls in the hall of
layton's present brick
covered with cement, the
plaster, all round, is to
be finished with Portland
Cement $\frac{1}{2}$ " thick.

Walls of circular stair
decoration will retain
the finish of masonry.

The upper circular
passings in the lower
storey will be filled
with turnstone glass -
and to keep out the
glare instead of
cotton blinds.

The stairs leading to
the upper court will
be of stone to present
board. There will be
a wooden plank stair
case leading to the
intermediate and
upper floors, and half
spiral stair for passage
with land to reach W.C.
and to the terrace, also
to the laytons and
disposition room.

The roof is to be
dark green slate.

3440

iron girders, the joints
and smaller beams
with be of well seasoned
larch wood 3440

The inside of the building
will be color washed
with light tints a dark
color being used for the
doors.

The lockups are to be
provided with iron
gratings and board,
and fixed window
ventilators with
iron cross bars, etc.

The door will be
of the usual pattern
to panel on bottom door.

The ventilators on
the outside of
the lower court will
consist of iron frame
and galvanised wire
netting $\frac{3}{4}$ " mesh.

There in the upper
court will have
two flatted larch
set apart with galvanised
wire netting stretched
across.

[illegible]

The plans having been
approved by the Pres.^y Prof.^{rs}
& the Com^{tee} of Col^{lege}, may
be sanctioned by W. & J. Messrs.
