PROVISIONAL GRANTS FOR 1888-89.
Imperial Civil Works.

From the Secretary to the Government of Madras, Public Works Department, to
the Secretary to the Government of India, Public Works Department, dated
23th September 1887, No. 2570 W.

Resolution.—The Government of India regrets that it is at present unable to allot
any sum for expenditure in 1888-89 upon original works which have not been

commenced in the current official year. Local Governments and Administrations are requested to prepare the preliminary issues of their Civil Works Budget Estimates for 1888-89 for the sums provisionally allotted in this resolution for works in progress, repairs, establishment and tools and plant, and to submit, after consultation with the heads of the Imperial Departments concerned, with the preliminary issues, or before them, lists of original works not commenced, the construction of which cannot be postponed. These lists should furnish full particulars of the necessity for the expenditure. The Government of India will endeavour later on to provide the increased grants necessary.

2. The allotments now assigned upon this basis are as follows compared with the demands made :—

	Demand, 1888-89	Provisional Grants, 1888-89	Difference, Rs.
Central India	5,26,400	5,55,300	71,200
Coorg	1,22,400	1,30,400	18,000
Hyderabad	65,000	10,000	55,000
Rajputana	2,62,200	2,91,300	68,000
Port Blair	42,200	25,000	17,000
Inspector-General, Military Works ...	2,61,000	94,300	1,70,200
Biluchistan	2,43,400	1,40,000	97,100
Sindh Imperial Circle	2,27,200	1,27,100	1,00,800
Central Provinces	17,100	5,200	11,900
Assam	28,700	8,700	20,000
Bengal	10,07,000	5,32,000	4,75,000
North-Western Provinces and Oudh ...	2,10,700	1,00,000	1,10,700
Punjab	60,300	20,100	40,200
Madras	36,100	16,200	19,900
Bombay	6,98,800	1,17,000	5,81,800
Expenditure in England	8,75,000	8,75,000	—
Total ...	48,16,100	29,56,600	18,60,200

The details of the provisional grants are given in the statement attached.

3. It seems probable from the figures in the attached statement that some reduction may be possible from the allotments for repairs, and Local Governments and Administrations are requested to carefully scrutinize the provision for repairs in this view. Any savings thus effected may be allotted in the preliminary issues to original works in progress.

Order.—Ordered that the foregoing be communicated to the Local Governments,

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
 .. Chief Commissioners, Central Provinces, Assam and Coorg.
 .. Resident at Hyderabad.
 .. Agents to the Governor-General for Central India, Rajputana and Biluchistan.
 .. Superintendent of Port Blair and Chief Commissioner, Andaman and Nicobar Islands.
 .. Director-General of Telegraphs.
 .. Inspector-General of Military Works.
 .. Superintendent of Works, Sindh Imperial Circle.
 .. Director-General of the Post Office of India.

Administrations and Officers noted in margin for information and guidance, with the request that the preliminary issues of the Budget Estimates may be submitted so as to reach this office without fail by the 15th January next.

Ordered also that copies be forwarded to the Department of Finance and Commerce and the Accountant-General, Public Works Department, for information.

(Signed) R. G. MACDONALD,
 Offg. Under Secy. to Govt. of India

To the Secretary to the Government of Madras, Public Works Department.

ORDER—dated 19th December 1887, No. 3460 W., Public Works.

In their resolution above recorded, the Government of India have assigned a provisional grant of Rs. 16,000 for expenditure on Imperial Civil Works in this Presidency during 1888-89 and distributed the sum as shown below :—

	RS.
Civil Buildings, Repairs	13,000
Establishment	3,000
Tools and Plant	200
Total ...	16,200

2. The Director-General of Post Offices reports that there is no major work either in Madras or Mysore, the construction of which, during 1888-89, cannot be postponed, but that provision should be made for unforeseen minor works, which, when the necessity for them arises, must be taken in hand without delay. He considers that a lump sum of Rs. 2,000 at least should be provided for this purpose for distribution in detail hereafter.

3. The Director-General of Telegraphs reports that the sum of Rs. 6,000 applied for under "Minor Works, Telegraphs," is not susceptible of reduction, and that the amount is required to provide for alterations and additions to existing buildings which are usually found necessary during the year.

4. With reference to paragraph 1 of their resolution, the Government of India will therefore be requested to provide a further grant of Rs. 2,000 under Postal and Rs. 6,000 under Telegraphs to cover urgent demands on account of minor new works for those services.

5. With reference to paragraph 3 of the resolution, Superintending Engineers and the Consulting Architect to Government were requested to carefully scrutinize the requirements under "Repairs" in view to savings being effected for allotment to original works in progress. It has been found from their replies that Rs. 1,000 under "Postal" and Rs. 1,000 under "Telegraphs" can be saved. These sums will accordingly be transferred to "Original Works" to meet the demands on account of incomplete minor works of the current official year.

6. The budget grants for 1888-89 will, with reference to the alterations noticed above, stand as follow :—

	RS.
Civil Buildings, Minor Original Works	2,000
Do. Repairs	11,000
Establishment	3,000
Tools and Plant	200
Total ...	16,200

7. The grants for "Minor Works" and "Repairs" will, as usual, be reserved with Government, pending distribution hereafter, on receipt of detailed proposals from Superintending Engineers under paragraph 1322 of the Public Works Code.

8. The Superintending Engineers, IV and V Circles, have brought forward the marginally-noted new works. No funds have been provided for them, as the Government of India have expressed their inability to allot funds for any new works.

9. The difference between the budget and the revised estimates for 1887-88 is due to the transfer of Rs. 4,850 to Assam, North-West Provinces and Oudh, sanctioned during the year (*vide* resolution of the Government of India quoted in the margin).

No. 83 A/C.W., dated 3rd September 1887.

10. With these remarks the preliminary issue of the Imperial Civil Works budget for 1888-89 will be printed and circulated to the officers concerned, and four copies forwarded to the Government of India.

Public Works Department.

Simla, 3rd September, 1887.

Sir,

I am directed to inform you that at the
instance of the Director General of Telegraphs a sum
of Rs 4850 (including Establishment
and Tools and Plant charges) has
been transferred from the grant for
minor works, Telegraph Buildings, in Madras
to provide for (i) works of the same class in Assam
and (ii) additions and alterations to the Telegraph
Office at Agre.

2. The present reduction will leave the
grant for Imperial Civil works in Madras at
Rs 28,650

I have the honor to be,
Sir,

Your most obedt. Servant.

General.
Account.

Read—the following papers:—

From the Director-General of the Post Office in India, dated 3rd September 1887, No. 6400.
From the Director-General of Telegraphs in India " 14th " " " 3912.

ORDER—dated 28th September 1887, No. 2569 W., Public Works.

Ordered that the accompanying schedule of requirements under Imperial Civil Works for 1888-89 be forwarded to the Government of India.

2. The current year's provision of Rs. 6,000 for postal repairs has been found inadequate, and it has not been possible to provide funds for several urgent demands from Superintending Engineers. An increased provision of Rs. 8,000 has therefore been made in the schedule for 1888-89.

Memorandum.

As the Govt. of India have assigned no grant for 1888-89 under minor new works (Postal and telegraph), the Dypty. Engineers and the Consulting Architect to Govt are requested to scrutinise carefully the requirements for repairs under the above heads, so that any saving that may thus be effected from the total assignment for repairs may be allotted to new works that are now in progress but the completion of which will extend over the next official year.

2. As the modification proposed above if feasible is required to be effected in the preliminary issue of the budget for 1888-89 which is now under preparation, the Dypty. Engineers and the Consulting Architect are requested to furnish the required information with the least possible delay.

3. The Supty. Engineers I
and II Divisions are requested to report
the amounts by each.

- Letter from the Director General of the Post Office of India, No. 6302, dated 12th September 1887.

RESOLUTION.—The Government of India regrets that it is at present unable to allot any sum for expenditure in 1888-89 upon original works which have not been commenced in the current official year. Local Governments and Administrations are requested to prepare the preliminary issues of their Civil Works Budget Estimates for 1888-89 for the sums provisionally allotted in this Resolution, for works in progress, repairs, establishment and tools and plant; and to submit, after consultation with the heads of the Imperial Departments concerned, with the preliminary issues, or before them, lists of original works not commenced, the construction of which cannot be postponed. These lists should furnish full particulars of the necessity for the expenditure. The Government of India will endeavour, later on to provide the increased grants necessary.

2. The allotments now assigned upon this basis, are as follows, compared with the demands made:—

	Demand, 1888-89.	Provisional Grants, 1888-89.	Difference, less.
	Rs.	Rs.	Rs.

Expenditure in England	8,75,000	8,75,000	
Total	48,16,100	29,56,800	18,60,200

The details of the provisional grants are given in the statement attached.

3. It seems probable from the figures in the attached statement that some reduction may be possible from the allotments for Repairs; and Local Governments and Administrations are requested to carefully scrutinise the provision for repairs in this view. Any savings thus effected may be allotted in the preliminary issues to original works in progress.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments, Administrations and Officers noted in margin for information and guidance, with the request that the preliminary issues of the Budget Estimates may be submitted so as to reach this office without fail by the 15th January next.

Ordered also that copies be forwarded to the Department of Finance and Commerce and the Accountant-General, Public Works Department, for information.

Offg. Under Secy to Govt. of India.

Document accompanying.
Statement showing details of the provisional grants for 1888-89.

FROM

THE DIRECTOR GENERAL OF TELEGRAPHS IN INDIA,

TO

THE SECRETARY TO THE GOVERNMENT OF Madras

Public Works Department

Calcutta, the 30th of November 1887.

Sir,

With reference to your letter no. 4032 dated the 12th instant, I have the honor to invite a reference to my letter no. 3012 dated 14th September 1887, from which you will see that under the head "Major" no original works are required.

2. The sum of Rupees 6000 under Minor Works is entered to provide for the demands for alterations and additions to existing buildings which arise every year. The details of the expenditures under this head cannot be at present given, but I consider that the sum asked for is not susceptible of reduction.

I have the honor to be

Sir

Your most obedient servant,

W. S. M. S.

Calcutta, the 2 Dec 1887

FROM

THE DIRECTOR GENERAL OF THE POST OFFICE OF INDIA,

TO

The Secretary to Government
Public Works Department
Calcutta

Sir,

Referring to your memo: 9240630
dated 12th November 1887, I have the honor to state
that there is no original Postal Major work in
Madras or Mysore the construction of which
during 1888-89 cannot be postponed.

2. It will be desirable that atleast
Rs 2000 should be provided for urgent minor
works which cannot be foreseen and which
when required cannot be postponed without
inconvenience to the Department and the public.

I have the honor to be,
Sir,
Your most obedt. Servant,

H. J. Wain

Sir,

With reference to your
Memorandum No. 4064 C dated
12th Instant, I have the honor to
state that, as may be observed from
the N.B. at the foot of Parts I & II of
the Imperial - Civil works Budget
for 1888-89, bearing this office No. 148
of 16th September 1887, no demands
for minor works or Repairs under
Postal or Telegraphs have hitherto
been received from the depart-
ments concerned. The require-
ments under the services cannot
therefore be now known or sum-
marised accurately. In the above
Budget Rs 300 for minor works and

Telegram from the Sup^d Eng^r. I Circle No. 25196 of 1st Dec 1887
Letter from the Sup^d Engineer II Circle No. 25196 of 6th Dec 1887
Do III Circle No. 1685 of 1st Dec 1887
Do IV Circle No. 1691 of 19th Nov 1887
Do V Circle No. 1685 of 1st Dec 1887
Do VI Circle No. 1530 of 16th Dec 1887
Comdg. Archt. to Govt. No. 1080 of 17th Nov 1887

In their resolution at this
recorded the Government of India
have

have assigned a provisional grant of Rs. 16200 for expenditure on Imperial Civil works by his Principal Secretary during 1888-89 and distributed the same as shown below:

Civil Buildings Repairs	12000
Establishment	3000
Tools and Plant	2000
	16200

2. The Director General of Civil Works reports that there is no major work other than the construction of the building of which, during 1888-89, cannot be postponed, but that provision should be made for performing minor works, which, when the necessity for them arises, must be taken in hand without delay. He considers that a lump sum of Rs. 2000 at least should be provided for this purpose for distribution in detail hereafter.

3. The Director General of Telegraphs reports that the sum of Rs. 6000 applied for under "minor works, telegraphs" is not susceptible of reduction, and that the amount is required to provide for alterations and additions to existing buildings which are usually found necessary during the year.

4. With reference to the ~~con-~~ ~~cluding~~ para of the resolution,

By
3000-81

the Govt of India will therefore be requested to provide a further grant of Rs. 2000 under Postal and Rs. 6000 under Telegraphs to cover urgent demands on account of minor new works for these services.

5. With reference to para 3 of the resolution, Sup^d Ling^d and the Govt^d Architect to Govt^d were requested to carefully scrutinise the requirements under "Repairs" in view to savings being applied for attention to original works in progress. It has been found from their reply that Rs. 1000 under "Postal" and Rs. 1000 under "Telegraphs" can be saved. These sums will accordingly be transferred to "Original Works" to meet the demands on account of incomplete minor works of the current official year.

6. The budget grants for 1888-89 will with reference to the alterations noticed above stand as follows:

Civil Buildings Minor	
Original Works	Rs. 2000
Repairs	11000
Establishment	3000
Tools and Plant	200
	16200

7. The grant for minor works and repairs will, as usual, be issued with Government pending distribution hereafter on receipt of detailed proposals from Sup^d Ling^d.

Engineers under para 133 of the P.W. Code.

8. The Supp. Engineers' and V. Codes have brought forward the marginally noted new work. No funds have been provided for them as the Govt of India are expressed their inability to allot funds for any new work.

9. The difference between the Budget and the Revised Estimates for 1887-88 is due to the transfer of Rs. 2550 to Arunachal, N.W. Province, and Andhra Pradesh during the year. Vide resolution of the Govt of India quoted in the margin.

10. Both have now under the preliminary name of the Revised Civil Works Budget for 1888-89 and be printed and circulated to the officers concerned, and four copies forwarded to the Govt of India.
