2/29/84 Camp Polinghy to Noo/84

To

The Assistant Engineer
In Charge Polinghy-Koraput
347 Sub Division

Sir,

Being for the last 9 months ill with
Nervous Debility. I do not think I will be
able to stand this Climate so request you
will be kindly pleased to accept this
as a month's intimation of my intention
to resign my present appointment here
I now and again get these fits of indis-
position and they are very dangerous
especially in a Malarious District
I should think they would be much
more so in fact I do not think I
could stand an attack of fever re-
ference can be made to Doctor Foster
under whose treatment I was last
April and May also a Apothecary
Brahmne who have attended me for
the last nine months and even at
present I am under his medical
advice, besides there are no medicines
in the Dispensary here for the treatment
of this disease and if I do get bad I

shall be compelled to proceed down
and report myself to the Doctor at Vizja-
nagaram or Vizagapatam, so under
these circumstances before the Govern-
ment are put to any expenditure
of building me quarters at Bohalem
as I shall probably not be able to stay
there any time I have submitted this
letter to avoid any unnecessary ex-
penditure.

I had no idea this place was
so feverish or would not have come here

Hoping my resignation will be
favorably considered and that I may
be excused. If I were in health I
should have stayed here till I was
bowed over, but as it is I would not
be able to stand an attack. I have
already been ill two days since I have
come up.

Should 15 day notice be enough
I shall be glad to retire at the end
of the month.

I beg to remain Sir
Yours faithfully
R. C. Donovan

Sir,

I have the honor to submit copies of
correspondence noted in the margin regarding
the resignation of his appointment by Mr.
Donovan for your orders.

Mr. H. H. H. H.
No. 703

Mr. Donovan's
letter of 16th inst.

Mr. Donovan arrived at Pottinghy on the
10th instant, and after a residence of only six
days has thought fit to write a letter of
resignation. Mr. Donovan's conduct in thus
promptly resigning, is, I consider, unsatisfactory
for when accepting the appointment he must
have been aware that Pottinghy was a feverish
locality, and if his health is in the state he
represents he had no business to take up
the appointment. I think it is a question whether
or he should not be informed that if he
persists in his intention to resign he need
expect no other appointment in the Madras
Public Works Department.
