GOVERNMENT OF MADRAS
25 NOV 87
REVENUE DEPARTMENT

A humble memorial submitted by the Townsmen of Rajahmundry

Sheweth,

That the local ferry steamer was, on account of its age (built in 1867), pronounced unfit for further use and finally withdrawn in January last.

2. That your memorialists were informed at the public meeting held in the Museum Hall on the 23rd July last that the local Revenue Authorities had striven in vain to arrange with the D.P.W. at Dowlaisheveram for the loan of a steamer to replace the old one, during the floods at least.

3. That owing to the want of safe means of transport or towage, — especially during freshes and squally

weather

weather, communication with the deltaic Talugs and the Villages on the other side of the river is being interrupted and navigation on the river proving hazardous.

4. That the above facts have been sufficiently proved by the recent painful experiences embodied in the telegram unanimously adopted at the meeting and submitted to Government on the 25th July last.

5 That in these circumstances your memorialists pray that a Steamer may be ordered for the local ferry as early as practicable and that the D.P.W. authorities at Dowlaishweram may be instructed to spare at least temporarily the use of one of the steamers in their charge.

For which act of favour, your memorialists will ever pray
