EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From the Honorary Secretary, Central Muhammadan Association of the Madras Presidency, dated 23rd November 1887, No. 1-G.

ABSTRACT.—Making certain suggestions in order to secure a larger employment of qualified Muhammadans in the public service than has hitherto been the case.

ORDER—dated 7th December 1887, No. 677, Educational.

The Government have no objection to the preparation of a list of Muhammadans seeking employment in Government service, and if the Central Muhammadan Association prepare such a list and will furnish it to heads of departments, it will probably further the object which the Association has in view.

2. As regards the other request, that heads of departments will furnish information of vacancies to the Editor of the *Muslim Herald*, the Government commend it to the attention of heads of departments. Officers advertising for candidates to fill vacancies may send copies to the Editor of the *Muslim Herald*, who, it is observed, undertakes to publish them free of charge.

C. No. 1353.

Memorandum.

The Accountant-General is requested to explain, with reference to the final accounts for March 1887—

(i) Why the receipts under III, Salt, which amounted to Rs. 1,39,996 in the preliminary accounts (revised estimate Rs. 1,37,000, and contract figure Rs. 1,53,000) have been reduced to Rs. 1,20,040 in the final accounts.

(ii) Why Public Works receipts (Civil buildings) have fallen from Rs. 1,78,024 to Rs. 1,08,737 in the final accounts.

(iii) Whether the balance of Moplah fines, amounting to Rs. 50,000,* has been credited to Government; and if so, where it is shown in the accounts; the receipts under XVII, Police, would appear not to include it.

* Para. 1 of G.O., Finl. No. 1365, dated 27th December 1886.

(iv) Why a sum of Rs. 9,200 is credited to Imperial under the *Provincial* head XXIII, *Stationery and Printing*:—

	Rs.	A.	P.
Stationery receipts	3,145	11	7
Other Press receipts	6,054	8	3
Total ..	9,200	3	10

It is observed that all stationery supplied to Civil Departments (including Imperial), as well as printing work executed for them is borne by Provincial revenues, and the recoveries should, apparently, be credited to Provincial; further, the minor heads above quoted are not *specially assigned* to Imperial in Appendix B to Chapter 68 of the Civil Account Code; the classification should therefore be regulated by rule 4 of that chapter.

2. The Accountant-General is also requested to furnish details for the expenditure under the following heads:—

18, *General Administration—Civil Secretariats.*

Officer on special duty	13,229	0	0

24, *Medical—Grants for Medical Purposes.*

To the Accountant-General.

(Signed) H. E. STOKES,
Ag. Chief Secretary.

From W. DONALD, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 22nd October 1887, No. I.B.E.—243.

With reference to your memorandum, C. No. 1353, dated the 23rd of September 1887, I have the honor to submit the following explanation on the several points noticed therein :—

(i) The decrease in the receipts under "III, Salt" is due chiefly to receipts from excise licensees for works executed by Government having been deducted from the charges incurred—*vide* Salt Department's Proceedings, No. 4708, dated 4th October 1887, enclosed in original, marked A.

(ii) The falling off under Public Works receipts (Civil buildings) is explained by the Examiner of Public Works Accounts to be due to toll collections on the Mettupálaiyam-Gúdalúr road being first recorded in the Local Fund accounts under G.O., Local and Municipal, No. 399 L., dated 28th February 1887, instead of in the Provincial accounts, and to certain workshop balances credited as Provincial revenue having been written back to Tools and Plant under orders of the Accountant-General, Public Works Department—*vide* Examiner's letter, No. 149-P, dated 6th October 1887, enclosed in original, marked B.

(iii) As regards Moplah fines, amounting to Rs. 50,000, the District Magistrate, Malabar, explains, in his letter, No. 4969, dated 30th September 1887, sent in original, marked C, the circumstances under which only Rs. 19,700 was actually brought to the credit of "Police" in 1886-87. The amount was first credited to "XVII, Police—Fees, Fines and Forfeitures," but subsequently, at the instance of the Police Department, the Treasury officer, Malabar, requested its transfer to the minor head "Police supplied to Municipal, Cantonment and Town Funds," where it accordingly now stands in the March final accounts of this office. If desired the amount can be retransferred to the first-mentioned minor head.

(iv) Stationery receipts and other press receipts have been opened as Imperial heads under the Provincial head of Stationery, under Government of India Resolution recorded in G.O., Financial, No. 102, dated 30th January 1886, and Comptroller-General's letter, No. 2163, dated 25th March 1886, copy enclosed, marked D. The printed forms are supplied to State Railways by the Superintendent, Government Printing, India.

2. Particulars asked for under the heads of accounts mentioned in paragraph 2 of your memorandum are given below :—

18, *General Administration—Civil Secretariat.*

Officer on Special Duty, Rs. 13,229. The details for this are as follows :—

	Rs.
Salary of Mr. C. D. Macleane, officer on special duty in connection with the General Record Department of the Government Secretariat	13,056
Travelling allowance of do. do.	173
Total ..	13,229

Land Revenue Assignments.

Final entry as shown in Statement B.J.H.-12, dated 20th September 1887, Rs. 25,611. This is chiefly the Provincial share of the balance of charges incurred up to 1884-85 onaccount of Tanjore survey written back to the credit of Land Revenue, as per paragraph 6 of this office letter, No. 1540, dated 13th June 1887, recorded in G.O., Revenue, No. 589, dated 16th June 1887.

The details of the other items are given in separate appendices :—

Enclosures.

A.

Read—the following Proceedings of the Board of Revenue, dated 4th Oct. 1887, No. 4708 R. :—

Read—letter from the Accountant-General, Madras, No. I.B.E.—220, dated 1st October 1887, requesting to be informed, for the information of Government, why the receipts under certain heads, which amounted to Rs. 1,39,995-13-8, were reduced to Rs. 1,20,039-7-7 in the supplemental account for March 1887.

Resolution—dated 4th October 1887, No. 4708 R.

The cause of reduction under Receipts against the heads noted in the letter above read is explained as follows :—

Fees and Cesses, Rs. 40,119-14-6.—Rs. 185-8-0 is the amount of Rawnah fees collected in Orissa, Balasor division. This was adjusted in the supplemental treasury accounts, as the intimation of its collection was received in this office after the treasury account for March 1887 had been closed. Rs. 3,641-10-1 were transferred to "Fees and cess," as the amount was the cess actually collected and taken to "Deposits" originally for eventual adjustment. Rs. 15,730-8-5 and Rs. 3,728-7-10 were amounts wrongly classified under this head, but subsequently transferred to the heads of "Miscellaneous" and "Deposits," respectively. Rs. 24,488-0-4 was the amount received from the excise licensees in payment for works executed by Government on their behalf. This amount was wrongly credited to "Fees and cess" in the first instance, but was subsequently taken in abatement of charges debited during the official year.

Miscellaneous, Rs. 20,163-8-5.—Rs 15,730-8-5 were transferred to this head from "Fees and cesses" as explained above. Rs. 4,433 were adjusted in the supplemental accounts for March 1887, as the intimation of their collection reached this office after the close of the treasury account for March 1887.

B.

From Major C. H. P. CHRISTIE, R.E., Examiner, Public Works Accounts, Madras, to the Accountant-General, Madras, dated Madras, 6th October 1887, No. 149 P.

With reference to your letter I.B.E.—221, dated 1st October 1887, I have the honor to state that the decrease in Provincial revenue is due to the write-back in the supplemental accounts for March 1887 of the items noted below—

	Rs.
1. Amount of toll kists on the Mettupálaiyam-Gúdalúr road credited to the Public Works Department in the civil exchange accounts during 1886-87	30,425
2. Certain workshop balances which were thought could be credited to revenue	49,000

2. The first item was written back to the credit of the Civil Department with reference to your letter No. L.F.I.A.—662, dated 23rd April 1887, while the write-back of the second item to the credit of Tools and Plant was effected under the orders of the Accountant-General, Public Works Department.

C.

From W. LOGAN, Esq., District Magistrate of Malabar, to the Officiating Accountant-General, Madras, dated Calicut, 30th September 1887, No. 4969.

Referring to your letter, dated 3rd September 1887, No. 2373, Budget Department, I have the honor to inform you that the amounts noted below were paid as compensation to the parties aggrieved by Mappilla outrages, under the orders of Government, in February 1887, and this left an available balance of Rs. 19,700 only to be credited to the Police Department :—

	Rs.	A.	P.
1. Trikkallur temple Uralan	1,000	0	0
2. T. Achuta Marar, for house burnt	408	6	0
3. V. Rama Marar, for property destroyed	63	8	0
4. P. Sankara Variyar, for house burnt	447	4	3
5. K. Choyikutti, who, with his son, was wounded	500	0	0
6. Easwaran Embrantiri, whose uncle was murdered ..	100	0	0
Total ..	2,519	2	3

2. There are now about Rs. 12,000 in the treasury, of which Rs. 2,000 have to be held in *deposit* for payment of compensation due—

(1) to Kannancheri Raman, who has for his own safety been allowed to live at a great distance from Malabar and to whom periodical remittances have yet to be made ;
(2) to K. Parameswaran Nambutiri, the owner of the house where the riotous Mappillas took their stand in the Ponmundam outrage ; and
(3) for sundry refunds, &c., under the sanction conveyed in G.O., dated 21st May 1886, Mis. No. 1354, Judicial.

The remaining sum of Rs. 10,000 has this day been credited to the Police Department, and this course will be adopted when the fine collections come in in future.

3. It is doubtful whether the whole of the estimated demand of fines is likely to be collected. Petitions of over-assessments of income are under investigation, and remissions may have to be granted in cases where the fines may appear to be excessive.

D.

From E. GAY, Esq., Officiating Comptroller-General, Calcutta, to the Accountant-General, Madras, dated Calcutta, 25th March 1886, No. 2163.

With reference to Government of India, Financial Department Resolution, No. 213, dated 16th January last, directing that from 1st April 1886 all State Railways shall be charged with the cost of stationery and printed forms supplied to them, I have the honor to say that the value of stationery supplied from Central Stores should be credited to " Stationery Receipts—Imperial," and that of the printed forms to " Other Press Receipts," Imperial or Provincial according as the cost for printing them was charged to Imperial or Provincial revenues. The despatching officer should furnish the Accountant-General of his province with a monthly consolidated statement showing the value of the articles supplied by him to each State Railway, to enable the latter officer to adjust the recoveries correctly in the Imperial or Provincial section of the accounts.

2. The Superintendent of Stationery should be advised that the value of stationery supplied to Provincial State Railways must now be excluded from the annual statement prescribed by note to Rule 4, Chapter 56, of Civil Account Code.

Extract from the letter from the Accountant-General, Madras, to the Government of India, No. 840, dated 23rd March 1887.

With reference to your letter, No. 926, dated the 23rd February 1887, I have the honor to state that the expenditure which is taken in the Madras accounts under the minor head " Provincial Statistics," subordinate to 26, Scientific and Other Minor Departments, is that in connection with the preparation of trade and vital statistics and the maintenance of rain gauges ; the charges on account of which are classed under the following detailed heads :—

1. Trade Returns.
2. Birth and Death Registration.
3. Rain Gauges.

2. The charges falling under the first head are on account of establishments (including contingencies) maintained in the districts for the registration of trade with the Native States of Hyderabad and Mysore and the French territories ; those maintained for the registration of Railway traffic by the Madras Railway, the South Indian Railway, and the Southern Mahratta Railway ; and those maintained in Maritime districts under the Revenue Department for the compilation of statistics in connection with sea-going trade.

3. Establishments for the first two purposes (registration of land trade and railway traffic), costing Rs. 22,224 per annum, were sanctioned by the Government of India in their order, No. 2103, dated 5th August 1880, Financial Department, and have been in existence from the following dates :

Land registration, from December 1880.

Railway Traffic.

Madras Railway, from October 1881.
South Indian Railway, from May 1885.
Southern Mahratta Railway, from October 1885.

4. For the registration of sea-going trade the Government of India, as a temporary measure, sanctioned establishments costing Rs. 12,364 per annum in their order, No. 544, dated 28th October 1876, Financial Department, and Rs. 1,044, in order, No. 58, dated 31st January 1878 ; but on a subsequent report from the Madras Government on the work of compilation, sanction was accorded in Government of India order, No. 999, Financial, dated 10th June 1881, as a definite arrangement, in lieu of the temporary hands to an establishment costing Rs. 13,324 per annum or Rs. 35,548 in all.

5. There have been several revisions from time to time in these establishments and the present cost is as below :—

	Per Mensem. Rs.	A.	P.
Permanent.			
Land trade	1,658	0	0
Railway Traffic.			
Madras Railway	207	8	0
South Indian Railway	160	0	0
Southern Mahratta Railway	30	0	0
	397	8	0
	455	0	0
Sea-going trade			
Total ..	2,510	8	0

or Rs. 30,126 per annum, besides the following :—

Temporary.

Establishment in Board's office for tabulation and review of return of Railway traffic	55	0	0 *

These amounts, however, do not include the establishments at ports employed for the compilation of statistics of sea-going trade, and those employed at the Board's office for this purpose as also for the preparation of land trade returns, as the charges on these accounts are debited to "Customs" and "General Administration"—"Board of Revenue," respectively, the work being part of the ordinary work of the Collector of Customs, and of the Board of Revenue.

6. The whole of the charges under "Trade returns" are shown under that minor head as "Provincial," under the existing Provincial contract, by which the Provincial Government received a grant equal to the expenditure on this account as shown in the revised estimate for 1881-82.

Under the head Compassionate allowances, the following classes of pensions are shown :—

(*a*) Pensions of Native Pension Fund—
About 21 individuals drawing pensions from Annas 12 to Rs. 23-8-0 a month.

(*b*) Pensions granted to the families of persons killed in the execution of public duty—
About 96 pensioners whose pensions ranged from Rs. 1-8-0 to Rs. 40 a month.
The above classes of pensions (*a* and *b*) are debited to Compassionate allowances under the authority contained in this office circular, No. 1748, dated 22nd August 1865.

* This temporary establishment was sanctioned by the Local Government in their order, No. 234, dated 25th March 1886, Revenue, and will cease with the reconstitution of the Board's office, which takes effect from the beginning of the official year 1887-88.

(*c*) Pensions paid to the families of persons who rendered meritorious services to the State—
About 26 pensioners whose pensions ranged from Rs. 5 to Rs. 300 a month.
The pension being of a general nature, is debited to Compassionate allowances.

(*d*) Pensions granted with the Secretary of State's sanction to officers discharged on account of inefficiency or misconduct—
Three individuals of this class drawing pensions from Rs. 20 to Rs. 40 a month.
The pensions themselves are designated compassionate allowances.—*Vide* section 137 of the Civil Pension Code.

(*e*) Besides the above, there are two pensions which are also debited to Compassionate allowances—one, Rs. 6 a month, paid to the Missionary of the Negapatam Church for feeding the Protestant poor; and the other, Rs. 50 a month, paid to the Vicar of the Roman Catholic Church at Calicut for maintaining himself and the servants of that church.

Order—dated 1st December 1887, No. 1252, Financial.

The foregoing papers relate to certain doubtful entries in the Final accounts of Provincial Services for March 1887.

2. *Appendix A.*—It should be stated how the proportion of *Salt* charges debitable to *Excise* was calculated in the actuals of 1885-86 and 1886-87.

3. *Appendix B.*—The tolls levied on the Mettupálaiyam-Gúdalúr road are divided between Provincial and Local Funds in the proportion of 1 to 2, the full amount being credited to Local Funds, while the Provincial share appears as a receipt under *Contributions from Local to Provincial.* The decrease under Public Works receipts is therefore nominal, as also apparently is the deduction of Rs. 49,000 by credit to *Tools and Plant.*

G.O., No. 399 L., dated 28th Feb. 1887.
„ „ 957 L., „ 30th May „

4. *Appendix C.*—The District Magistrate, Malabar, would appear to have unnecessarily delayed the payment to credit of Government of the fines collected from Mappillas. He will take steps to settle this matter speedily. Deducting Rs. 19,700 credited in the accounts of 1886-87, the balance realisable out of the estimate of Rs. 50,000 may be put down at Rs. 27,000 and taken credit for in the revised estimate of the current year under the sub-head where it is now shown.

5. *Appendix G—District Manuals.*—The charges incurred under different heads on account of the "*Manual of Administration*" will be brought on record as follows (excluding stationery and contingent charges) :—

6. *Appendix K.*—The charges on account of European stores appear to be adjusted under Land Revenue instead of the service heads concerned, owing to some misapprehension on the part of the India Office, London, who, following the arrangements in force prior to the decentralization of 1882-83, debit them direct to Imperial, instead of Provincial. It is understood that this mode of entering the charges is likely to be discontinued shortly. The Accountant-General should invariably report such changes of procedure for the information of Government.

C. No. 1353.

Memorandum.

The Accountant-General is requested to explain, with reference to the final accounts for March 1887—

(i) Why the receipts under III, Salt, which amounted to Rs. 1,39,996 in the preliminary accounts (revised estimate Rs. 1,37,000, and contract figure Rs. 1,53,000) have been reduced to Rs. 1,20,040 in the final accounts.

(ii) Why Public Works receipts (Civil buildings) have fallen from Rs. 1,78,024 to Rs. 1,08,737 in the final accounts.

(iii) Whether the balance of Moplah fines, amounting to Rs. 50,000,* has been credited to Government; and if so, where it is shown in the accounts; the receipts under XVII, Police, would appear not to include it.

* Para. 1 of G.O., Finl. No. 1365, dated 27th December 1886.

(iv) Why a sum of Rs. 9,200 is credited to Imperial under the *Provincial* head XXIII, *Stationery and Printing*:—

	Rs.	A.	P.
Stationery receipts	3,145	11	7
Other Press receipts	6,054	8	3
Total ..	9,200	3	10

It is observed that all stationery supplied to Civil Departments (including Imperial), as well as printing work executed for them is borne by Provincial revenues, and the recoveries should, apparently, be credited to Provincial; further, the minor heads above quoted are not *specially assigned* to Imperial in Appendix B to Chapter 68 of the Civil Account Code; the classification should therefore be regulated by rule 4 of that chapter.

2. The Accountant-General is also requested to furnish details for the expenditure under the following heads:—

To the Accountant-General.

(Signed) H. E. STOKES,
Ag. Chief Secretary.

From W. DONALD, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 22nd October 1887, No. I.B.E.—243.

With reference to your memorandum, C. No. 1353, dated the 23rd of September 1887, I have the honor to submit the following explanation on the several points noticed therein :—

(i) The decrease in the receipts under "III, Salt" is due chiefly to receipts from excise licensees for works executed by Government having been deducted from the charges incurred—*vide* Salt Department's Proceedings, No. 4708, dated 4th October 1887, enclosed in original, marked A.

(ii) The falling off under Public Works receipts (Civil buildings) is explained by the Examiner of Public Works Accounts to be due to toll collections on the Mettupálaiyam-Gúdalúr road being first recorded in the Local Fund accounts under G.O., Local and Municipal, No. 399 L., dated 28th February 1887, instead of in the Provincial accounts, and to certain workshop balances credited as Provincial revenue having been written back to Tools and Plant under orders of the Accountant-General, Public Works Department—*vide* Examiner's letter, No. 149-P, dated 6th October 1887, enclosed in original, marked B.

(iii) As regards Moplah fines, amounting to Rs. 50,000, the District Magistrate, Malabar, explains, in his letter, No. 4969, dated 30th September 1887, sent in original, marked C, the circumstances under which only Rs. 19,700 was actually brought to the credit of "Police" in 1886-87. The amount was first credited to "XVII, Police—Fees, Fines and Forfeitures," but subsequently, at the instance of the Police Department, the Treasury officer, Malabar, requested its transfer to the minor head "Police supplied to Municipal, Cantonment and Town Funds," where it accordingly now stands in the March final accounts of this office. If desired the amount can be retransferred to the first-mentioned minor head.

(iv) Stationery receipts and other press receipts have been opened as Imperial heads under the Provincial head of Stationery, under Government of India Resolution recorded in G.O., Financial, No. 102, dated 30th January 1886, and Comptroller-General's letter, No. 2163, dated 25th March 1886, copy enclosed, marked D. The printed forms are supplied to State Railways by the Superintendent, Government Printing, India.

2. Particulars asked for under the heads of accounts mentioned in paragraph 2 of your memorandum are given below :—

18, *General Administration—Civil Secretariat.*

Officer on Special Duty, Rs. 13,229. The details for this are as follows :—

	Rs.
Salary of Mr. C. D. Macleane, officer on special duty in connection with the General Record Department of the Government Secretariat	13,056
Travelling allowance of do. do.	173
Total ..	13,229

Land Revenue Assignments.

Final entry as shown in Statement B.J.H.-12, dated 20th September 1887, Rs. 25,611. This is chiefly the Provincial share of the balance of charges incurred up to 1884-85 onaccount of Tanjore survey written back to the credit of Land Revenue, as per paragraph 6 of this office letter, No. 1540, dated 13th June 1887, recorded in G.O., Revenue, No. 589, dated 16th June 1887.

The details of the other items are given in separate appendices :—

Enclosures.

A.

Read—the following Proceedings of the Board of Revenue, dated 4th Oct. 1887, No. 4708 R. :—

Read—letter from the Accountant-General, Madras, No. I.B.E.—220, dated 1st October 1887, requesting to be informed, for the information of Government, why the receipts under certain heads, which amounted to Rs. 1,39,995-13-8, were reduced to Rs. 1,20,039-7-7 in the supplemental account for March 1887.

Resolution—dated 4th October 1887, No. 4708 R.

The cause of reduction under Receipts against the heads noted in the letter above read is explained as follows :—

Fees and Cesses, Rs. 40,119-14-6.—Rs. 185-8-0 is the amount of Rawnah fees collected in Orissa, Balasor division. This was adjusted in the supplemental treasury accounts, as the intimation of its collection was received in this office after the treasury account for March 1887 had been closed. Rs. 3,641-10-1 were transferred to "Fees and cess," as the amount was the cess actually collected and taken to "Deposits" originally for eventual adjustment. Rs. 15,730-8-5 and Rs. 3,728-7-10 were amounts wrongly classified under this head, but subsequently transferred to the heads of "Miscellaneous" and "Deposits," respectively. Rs. 24,488-0-4 was the amount received from the excise licensees in payment for works executed by Government on their behalf. This amount was wrongly credited to "Fees and cess" in the first instance, but was subsequently taken in abatement of charges debited during the official year.

Miscellaneous, Rs. 20,163-8-5.—Rs. 15,730-8-5 were transferred to this head from "Fees and cesses" as explained above. Rs. 4,433 were adjusted in the supplemental accounts for March 1887, as the intimation of their collection reached this office after the close of the treasury account for March 1887.

From Major C. H. P. CHRISTIE, R.E., Examiner, Public Works Accounts, Madras, to the Accountant-General, Madras, dated Madras, 6th October 1887, No. 149 P.

With reference to your letter I.B.E.—221, dated 1st October 1887, I have the honor to state that the decrease in Provincial revenue is due to the write-back in the supplemental accounts for March 1887 of the items noted below—

	Rs.
1. Amount of toll kists on the Mettupálaiyam-Gúdalúr road credited to the Public Works Department in the civil exchange accounts during 1886-87	30,425
2. Certain workshop balances which were thought could be credited to revenue	49,000

2. The first item was written back to the credit of the Civil Department with reference to your letter No. L.F.I.A.—662, dated 23rd April 1887, while the write-back of the second item to the credit of Tools and Plant was effected under the orders of the Accountant-General, Public Works Department.

C.

From W. LOGAN, Esq., District Magistrate of Malabar, to the Officiating Accountant-General, Madras, dated Calicut, 30th September 1887, No. 4969.

Referring to your letter, dated 3rd September 1887, No. 2373, Budget Department, I have the honor to inform you that the amounts noted below were paid as compensation to the parties aggrieved by Mappilla outrages, under the orders of Government, in February 1887, and this left an available balance of Rs. 19,700 only to be credited to the Police Department :—

	Rs.	A.	P.
1. Trikkallur temple Uralan	1,000	0	0
2. T. Achuta Marar, for house burnt	408	6	0
3. V. Rama Marar, for property destroyed	63	8	0
4. P. Sankara Variyar, for house burnt	447	4	3
5. K. Choyikutti, who, with his son, was wounded	500	0	0
6. Easwaran Embrantiri, whose uncle was murdered ..	100	0	0
Total ..	2,519	2	3

2. There are now about Rs. 12,000 in the treasury, of which Rs. 2,000 have to be held in *deposit* for payment of compensation due—

(1) to Kannancheri Raman, who has for his own safety been allowed to live at a great distance from Malabar and to whom periodical remittances have yet to be made;
(2) to K. Parameswaran Nambutiri, the owner of the house where the riotous Mappillas took their stand in the Ponmundam outrage; and
(3) for sundry refunds, &c., under the sanction conveyed in G.O., dated 21st May 1886, Mis. No. 1354, Judicial.

The remaining sum of Rs. 10,000 has this day been credited to the Police Department, and this course will be adopted when the fine collections come in in future.

3. It is doubtful whether the whole of the estimated demand of fines is likely to be collected. Petitions of over-assessments of income are under investigation, and remissions may have to be granted in cases where the fines may appear to be excessive.

D.

From E. GAY, Esq., Officiating Comptroller-General, Calcutta, to the Accountant-General, Madras, dated Calcutta, 25th March 1886, No. 2163.

With reference to Government of India, Financial Department Resolution, No. 213, dated 16th January last, directing that from 1st April 1886 all State Railways shall be charged with the cost of stationery and printed forms supplied to them, I have the honor to say that the value of stationery supplied from Central Stores should be credited to "Stationery Receipts—Imperial," and that of the printed forms to "Other Press Receipts," Imperial or Provincial according as the cost for printing them was charged to Imperial or Provincial revenues. The despatching officer should furnish the Accountant-General of his province with a monthly consolidated statement showing the value of the articles supplied by him to each State Railway, to enable the latter officer to adjust the recoveries correctly in the Imperial or Provincial section of the accounts.

2. The Superintendent of Stationery should be advised that the value of stationery supplied to Provincial State Railways must now be excluded from the annual statement prescribed by note to Rule 4, Chapter 56, of Civil Account Code.

Extract from the letter from the Accountant-General, Madras, to the Government of India, No. 840, dated 23rd March 1887.

With reference to your letter, No. 926, dated the 23rd February 1887, I have the honor to state that the expenditure which is taken in the Madras accounts under the minor head "Provincial Statistics," subordinate to 26, Scientific and Other Minor Departments, is that in connection with the preparation of trade and vital statistics and the maintenance of rain gauges; the charges on account of which are classed under the following detailed heads :—

1. Trade Returns.
2. Birth and Death Registration.
3. Rain Gauges.

2. The charges falling under the first head are on account of establishments (including contingencies) maintained in the districts for the registration of trade with the Native States of Hyderabad and Mysore and the French territories; those maintained for the registration of Railway traffic by the Madras Railway, the South Indian Railway, and the Southern Mahratta Railway; and those maintained in Maritime districts under the Revenue Department for the compilation of statistics in connection with sea-going trade.

3. Establishments for the first two purposes (registration of land trade and railway traffic), costing Rs. 22,224 per annum, were sanctioned by the Government of India in their order, No. 2103, dated 5th August 1880, Financial Department, and have been in existence from the following dates :

Land registration, from December 1880.

Railway Traffic.

Madras Railway, from October 1881.
South Indian Railway, from May 1885.
Southern Mahratta Railway, from October 1885.

4. For the registration of sea-going trade the Government of India, as a temporary measure, sanctioned establishments costing Rs. 12,364 per annum in their order, No. 544, dated 28th October 1876, Financial Department, and Rs. 1,044, in order, No. 58, dated 31st January 1878; but on a subsequent report from the Madras Government on the work of compilation, sanction was accorded in Government of India order, No. 999, Financial, dated 10th June 1881, as a definite arrangement, in lieu of the temporary hands to an establishment costing Rs. 13,324 per annum or Rs. 35,548 in all.

2. The first item was written back to the credit of the Civil Department with reference to your letter No. L.F.I.A.—662, dated 23rd April 1887, while the write-back of the second item to the credit of Tools and Plant was effected under the orders of the Accountant-General, Public Works Department.

Referring to your letter, dated 3rd September 1887, No. 2373, Budget Department, I have the honor to inform you that the amounts noted below were paid as compensation to the parties aggrieved by Mappilla outrages, under the orders of Government, in February 1887, and this left an available balance of Rs. 19,700 only to be credited to the Police Department :—

	Rs.	A.	P.
1. Trikkallur temple Uralan	1,000	0	0
2. T. Achuta Marar, for house burnt	408	6	0
3. V. Rama Marar, for property destroyed	63	8	0
4. P. Sankara Variyar, for house burnt	447	4	3
5. K. Choyikutti, who, with his son, was wounded	500	0	0
6. Easwaran Embrantiri, whose uncle was murdered ..	100	0	0
Total ..	2,519	2	3

2. There are now about Rs. 12,000 in the treasury, of which Rs. 2,000 have to be held in *deposit* for payment of compensation due—

(1) to Kannancheri Raman, who has for his own safety been allowed to live at a great distance from Malabar and to whom periodical remittances have yet to be made ;
(2) to K. Parameswaran Nambutiri, the owner of the house where the riotous Mappillas took their stand in the Ponmundam outrage ; and
(3) for sundry refunds, &c., under the sanction conveyed in G.O., dated 21st May 1886, Mis. No. 1354, Judicial.

The remaining sum of Rs. 10,000 has this day been credited to the Police Department, and this course will be adopted when the fine collections come in in future.

3. It is doubtful whether the whole of the estimated demand of fines is likely to be collected. Petitions of over-assessments of income are under investigation, and remissions may have to be granted in cases where the fines may appear to be excessive.

From E. GAY, Esq., Officiating Comptroller-General, Calcutta, to the Accountant-General, Madras, dated Calcutta, 25th March 1886, No. 2163.

With reference to Government of India, Financial Department Resolution, No. 213, dated 16th January last, directing that from 1st April 1886 all State Railways shall be charged with the cost of stationery and printed forms supplied to them, I have the honor to say that the value of stationery supplied from Central Stores should be credited to "Stationery Receipts—Imperial," and that of the printed forms to "Other Press Receipts," Imperial or Provincial according as the cost for printing them was charged to Imperial or Provincial revenues. The despatching officer should furnish the Accountant-General of his province with a monthly consolidated statement showing the value of the articles supplied by him to each State Railway, to enable the latter officer to adjust the recoveries correctly in the Imperial or Provincial section of the accounts.

2. The Superintendent of Stationery should be advised that the value of stationery supplied to Provincial State Railways must now be excluded from the annual statement prescribed by note to Rule 4, Chapter 56, of Civil Account Code.

Extract from the letter from the Accountant-General, Madras, to the Government of India, No. 840, dated 23rd March 1887.

With reference to your letter, No. 926, dated the 23rd February 1887, I have the honor to state that the expenditure which is taken in the Madras accounts under the minor head "Provincial Statistics," subordinate to 26, Scientific and Other Minor Departments, is that in connection with the preparation of trade and vital statistics and the maintenance of rain gauges ; the charges on account of which are classed under the following detailed heads :—

1. Trade Returns.
2. Birth and Death Registration.
3. Rain Gauges.

2. The charges falling under the first head are on account of establishments (including contingencies) maintained in the districts for the registration of trade with the Native States of Hyderabad and Mysore and the French territories ; those maintained for the registration of Railway traffic by the Madras Railway, the South Indian Railway, and the Southern Mahratta Railway ; and those maintained in Maritime districts under the Revenue Department for the compilation of statistics in connection with sea-going trade.

3. Establishments for the first two purposes (registration of land trade and railway traffic), costing Rs. 22,224 per annum, were sanctioned by the Government of India in their order, No. 2103, dated 5th August 1880, Financial Department, and have been in existence from the following dates :

Land registration, from December 1880.

Railway Traffic.

Madras Railway, from October 1881.
South Indian Railway, from May 1885.
Southern Mahratta Railway, from October 1885.

4. For the registration of sea-going trade the Government of India, as a temporary measure, sanctioned establishments costing Rs. 12,364 per annum in their order, No. 544, dated 28th October 1876, Financial Department, and Rs. 1,044, in order, No. 58, dated 31st January 1878 ; but on a subsequent report from the Madras Government on the work of compilation, sanction was accorded in Government of India order, No. 999, Financial, dated 10th June 1881, as a definite arrangement, in lieu of the temporary hands to an establishment costing Rs. 13,324 per annum or Rs. 35,548 in all.

5. There have been several revisions from time to time in these establishments and the present cost is as below :—

			Per Mensem.
			Rs. A. P.
Permanent.			
Land trade			1,658 0 0
Railway Traffic.			
Madras Railway	207 8 0		
South Indian Railway	160 0 0		
Southern Mahratta Railway	30 0 0		
			397 8 0
Sea-going trade			455 0 0
Total ..			2,510 8 0

or Rs. 30,126 per annum, besides the following :—

Temporary.

Establishment in Board's office for tabulation and review of return of Railway traffic 55 0 0*

These amounts, however, do not include the establishments at ports employed for the compilation of statistics of sea-going trade, and those employed at the Board's office for this purpose as also for the preparation of land trade returns, as the charges on these accounts are debited to "Customs" and "General Administration"—"Board of Revenue," respectively, the work being part of the ordinary work of the Collector of Customs, and of the Board of Revenue.

6. The whole of the charges under "Trade returns" are shown under that minor head as "Provincial," under the existing Provincial contract, by which the Provincial Government received a grant equal to the expenditure on this account as shown in the revised estimate for 1881-82.

29, Superannuation.

Under the head Compassionate allowances, the following classes of pensions are shown :—

(*a*) Pensions of Native Pension Fund—
About 21 individuals drawing pensions from Annas 12 to Rs. 23-8-0 a month.

(*b*) Pensions granted to the families of persons killed in the execution of public duty—
About 96 pensioners whose pensions ranged from Rs. 1-8-0 to Rs. 40 a month.
The above classes of pensions (*a* and *b*) are debited to Compassionate allowances under the authority contained in this office circular, No. 1748, dated 22nd August 1865.

* This temporary establishment was sanctioned by the Local Government in their order, No. 234, dated 25th March 1886, Revenue, and will cease with the reconstitution of the Board's office, which takes effect from the beginning of the official year 1887-88.

(*c*) Pensions paid to the families of persons who rendered meritorious services to the State—
About 26 pensioners whose pensions ranged from Rs. 5 to Rs. 300 a month.
The pension being of a general nature, is debited to Compassionate allowances.

(*d*) Pensions granted with the Secretary of State's sanction to officers discharged on account of inefficiency or misconduct—
Three individuals of this class drawing pensions from Rs. 20 to Rs. 40 a month.
The pensions themselves are designated compassionate allowances.—*Vide* section 137 of the Civil Pension Code.

(*e*) Besides the above, there are two pensions which are also debited to Compassionate allowances—one, Rs. 6 a month, paid to the Missionary of the Negapatam Church for feeding the Protestant poor; and the other, Rs. 50 a month, paid to the Vicar of the Roman Catholic Church at Calicut for maintaining himself and the servants of that church.

Order—dated 1st December 1887, No. 1252, Financial.

The foregoing papers relate to certain doubtful entries in the Final accounts of Provincial Services for March 1887.

2. *Appendix A.*—It should be stated how the proportion of *Salt* charges debitable to *Excise* was calculated in the actuals of 1885-86 and 1886-87.

3. *Appendix B.*—The tolls levied on the Mettupálaiyam-Gúdalúr road are divided between Provincial and Local Funds in the proportion of 1 to 2, the full amount being credited to Local Funds, while the Provincial share appears as a receipt under *Contributions from Local to Provincial.* The decrease under Public Works receipts is therefore nominal, as also apparently is the deduction of Rs. 49,000 by credit to *Tools and Plant.*

G.O., No. 399 L., dated 28th Feb. 1887.
" " 957 L., " 30th May "

4. *Appendix C.*—The District Magistrate, Malabar, would appear to have unnecessarily delayed the payment to credit of Government of the fines collected from Mappillas. He will take steps to settle this matter speedily. Deducting Rs. 19,700 credited in the accounts of 1886-87, the balance realisable out of the estimate of Rs. 50,000 may be put down at Rs. 27,000 and taken credit for in the revised estimate of the current year under the sub-head where it is now shown.

5. *Appendix G—District Manuals.*—The charges incurred under different heads on account of the "*Manual of Administration*" will be brought on record as follows (excluding stationery and contingent charges) :—

6. *Appendix K.*—The charges on account of European stores appear to be adjusted under Land Revenue instead of the service heads concerned, owing to some misapprehension on the part of the India Office, London, who, following the arrangements in force prior to the decentralization of 1882-83, debit them direct to Imperial, instead of Provincial. It is understood that this mode of entering the charges is likely to be discontinued shortly. The Accountant-General should invariably report such changes of procedure for the information of Government.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

C. No. 1353.

Memorandum.

The Accountant-General is requested to explain, with reference to the final accounts for March 1887—

(i) Why the receipts under III, Salt, which amounted to Rs. 1,39,996 in the preliminary accounts (revised estimate Rs. 1,37,000, and contract figure Rs. 1,53,000) have been reduced to Rs. 1,20,040 in the final accounts.

(ii) Why Public Works receipts (Civil buildings) have fallen from Rs. 1,78,024 to Rs. 1,08,737 in the final accounts.

(iii) Whether the balance of Moplah fines, amounting to Rs. 50,000,* has been credited to Government; and if so, where it is shown in the accounts; the receipts under XVII, Police, would appear not to include it.

* Para. 1 of G.O., Finl. No. 1365, dated 27th December 1886.

(iv) Why a sum of Rs. 9,200 is credited to Imperial under the *Provincial* head XXIII, *Stationery and Printing*:—

	Rs.	A.	P.
Stationery receipts	3,145	11	7
Other Press receipts	6,054	8	3
Total	9,200	3	10

It is observed that all stationery supplied to Civil Departments (including Imperial), as well as printing work executed for them is borne by Provincial revenues, and the recoveries should, apparently, be credited to Provincial; further, the minor heads above quoted are not *specially assigned* to Imperial in Appendix B to Chapter 68 of the Civil Account Code; the classification should therefore be regulated by rule 4 of that chapter.

2. The Accountant-General is also requested to furnish details for the expenditure under the following heads:—

23rd September 1887.
To the Accountant-General.

From W. DONALD, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 22nd October 1887, No. I.B.E.—243.

With reference to your memorandum, C. No. 1353, dated the 23rd of September 1887, I have the honor to submit the following explanation on the several points noticed therein :—

(i) The decrease in the receipts under "III, Salt" is due chiefly to receipts from excise licensees for works executed by Government having been deducted from the charges incurred—*vide* Salt Department's Proceedings, No. 4708, dated 4th October 1887, enclosed in original, marked A.

(ii) The falling off under Public Works receipts (Civil buildings) is explained by the Examiner of Public Works Accounts to be due to toll collections on the Mettupálaiyam-Gúdalúr road being first recorded in the Local Fund accounts under G.O., Local and Municipal, No. 399 L., dated 28th February 1887, instead of in the Provincial accounts, and to certain workshop balances credited as Provincial revenue having been written back to Tools and Plant under orders of the Accountant-General, Public Works Department—*vide* Examiner's letter, No. 149-P, dated 6th October 1887, enclosed in original, marked B.

(iii) As regards Moplah fines, amounting to Rs. 50,000, the District Magistrate, Malabar, explains, in his letter, No. 4969, dated 30th September 1887, sent in original, marked C, the circumstances under which only Rs. 19,700 was actually brought to the credit of "Police" in 1886-87. The amount was first credited to "XVII, Police—Fees, Fines and Forfeitures," but subsequently, at the instance of the Police Department, the Treasury officer, Malabar, requested its transfer to the minor head "Police supplied to Municipal, Cantonment and Town Funds," where it accordingly now stands in the March final accounts of this office. If desired the amount can be retransferred to the first-mentioned minor head.

(iv) Stationery receipts and other press receipts have been opened as Imperial heads under the Provincial head of Stationery, under Government of India Resolution recorded in G.O., Financial, No. 102, dated 30th January 1886, and Comptroller-General's letter, No. 2163, dated 25th March 1886, copy enclosed, marked D. The printed forms are supplied to State Railways by the Superintendent, Government Printing, India.

2. Particulars asked for under the heads of accounts mentioned in paragraph 2 of your memorandum are given below :—

Land Revenue Assignments.

Final entry as shown in Statement B.J.H.-12, dated 20th September 1887, Rs. 25,611. This is chiefly the Provincial share of the balance of charges incurred up to 1884-85 onaccount of Tanjore survey written back to the credit of Land Revenue, as per paragraph 6 of this office letter, No. 1540, dated 13th June 1887, recorded in G.O., Revenue, No. 589, dated 16th June 1887.

The details of the other items are given in separate appendices :—

Read—the following Proceedings of the Board of Revenue, dated 4th Oct. 1887, No. 4708 R. :—

Read—letter from the Accountant-General, Madras, No. I.B.E.—220, dated 1st October 1887, requesting to be informed, for the information of Government, why the receipts under certain heads, which amounted to Rs. 1,39,995-13-8, were reduced to Rs. 1,20,039-7-7 in the supplemental account for March 1887.

Resolution—dated 4th October 1887, No. 4708 R.

The cause of reduction under Receipts against the heads noted in the letter above read is explained as follows :—

Fees and Cesses, Rs. 40,119-14-6.—Rs. 185-8-0 is the amount of Rawnah fees collected in Orissa, Balasor division. This was adjusted in the supplemental treasury accounts, as the intimation of its collection was received in this office after the treasury account for March 1887 had been closed. Rs. 3,641-10-1 were transferred to "Fees and cess," as the amount was the cess actually collected and taken to "Deposits" originally for eventual adjustment. Rs. 15,730-8-5 and Rs. 3,728-7-10 were amounts wrongly classified under this head, but subsequently transferred to the heads of "Miscellaneous" and "Deposits," respectively. Rs. 24,488-0-4 was the amount received from the excise licensees in payment for works executed by Government on their behalf. This amount was wrongly credited to "Fees and cess" in the first instance, but was subsequently taken in abatement of charges debited during the official year.

Miscellaneous, Rs. 20,163-8-5.—Rs. 15,730-8-5 were transferred to this head from "Fees and cesses" as explained above. Rs. 4,433 were adjusted in the supplemental accounts for March 1887, as the intimation of their collection reached this office after the close of the treasury account for March 1887.

B.

From Major C. H. P. CHRISTIE, R.E., Examiner, Public Works Accounts, Madras, to the Accountant-General, Madras, dated Madras, 6th October 1887, No. 149 P.

With reference to your letter I.B.E.—221, dated 1st October 1887, I have the honor to state that the decrease in Provincial revenue is due to the write-back in the supplemental accounts for March 1887 of the items noted below—

	Rs.
1. Amount of toll kists on the Mettupálaiyam-Gúdalúr road credited to the Public Works Department in the civil exchange accounts during 1886-87	30,425
2. Certain workshop balances which were thought could be credited to revenue	49,000

2. The first item was written back to the credit of the Civil Department with reference to your letter No. L.F.I.A.—662, dated 23rd April 1887, while the write-back of the second item to the credit of Tools and Plant was effected under the orders of the Accountant-General, Public Works Department.

C.

From W. LOGAN, Esq., District Magistrate of Malabar, to the Officiating Accountant-General, Madras, dated Calicut, 30th September 1887, No. 4969.

Referring to your letter, dated 3rd September 1887, No. 2373, Budget Department, I have the honor to inform you that the amounts noted below were paid as compensation to the parties aggrieved by Mappilla outrages, under the orders of Government, in February 1887, and this left an available balance of Rs. 19,700 only to be credited to the Police Department :—

	Rs.	A.	P.
1. Trikkallur temple Uralan	1,000	0	0
2. T. Achuta Marar, for house burnt	408	6	0
3. V. Rama Marar, for property destroyed	63	8	0
4. P. Sankara Variyar, for house burnt	447	4	3
5. K. Choyikutti, who, with his son, was wounded	500	0	0
6. Easwaran Embrantiri, whose uncle was murdered ..	100	0	0
Total ..	2,519	2	3

2. There are now about Rs. 12,000 in the treasury, of which Rs. 2,000 have to be held in *deposit* for payment of compensation due—

(1) to Kannancheri Raman, who has for his own safety been allowed to live at a great distance from Malabar and to whom periodical remittances have yet to be made;
(2) to K. Parameswaran Nambutiri, the owner of the house where the riotous Mappillas took their stand in the Ponmundam outrage; and
(3) for sundry refunds, &c., under the sanction conveyed in G.O., dated 21st May 1886, Mis. No. 1354, Judicial.

The remaining sum of Rs. 10,000 has this day been credited to the Police Department, and this course will be adopted when the fine collections come in in future.

3. It is doubtful whether the whole of the estimated demand of fines is likely to be collected. Petitions of over-assessments of income are under investigation, and remissions may have to be granted in cases where the fines may appear to be excessive.

D.

From E. GAY, Esq., Officiating Comptroller-General, Calcutta, to the Accountant-General, Madras, dated Calcutta, 25th March 1886, No. 2163.

With reference to Government of India, Financial Department Resolution, No. 213, dated 16th January last, directing that from 1st April 1886 all State Railways shall be charged with the cost of stationery and printed forms supplied to them, I have the honor to say that the value of stationery supplied from Central Stores should be credited to "Stationery Receipts—Imperial," and that of the printed forms to "Other Press Receipts," Imperial or Provincial according as the cost for printing them was charged to Imperial or Provincial revenues. The despatching officer should furnish the Accountant-General of his province with a monthly consolidated statement showing the value of the articles supplied by him to each State Railway, to enable the latter officer to adjust the recoveries correctly in the Imperial or Provincial section of the accounts.

2. The Superintendent of Stationery should be advised that the value of stationery supplied to Provincial State Railways must now be excluded from the annual statement prescribed by note to Rule 4, Chapter 56, of Civil Account Code.

Extract from the letter from the Accountant-General, Madras, to the Government of India, No. 840, dated 23rd March 1887.

With reference to your letter, No. 926, dated the 23rd February 1887, I have the honor to state that the expenditure which is taken in the Madras accounts under the minor head "Provincial Statistics," subordinate to 26, Scientific and Other Minor Departments, is that in connection with the preparation of trade and vital statistics and the maintenance of rain gauges; the charges on account of which are classed under the following detailed heads :—

1. Trade Returns.
2. Birth and Death Registration.
3. Rain Gauges.

2. The charges falling under the first head are on account of establishments (including contingencies) maintained in the districts for the registration of trade with the Native States of Hyderabad and Mysore and the French territories; those maintained for the registration of Railway traffic by the Madras Railway, the South Indian Railway, and the Southern Mahratta Railway; and those maintained in Maritime districts under the Revenue Department for the compilation of statistics in connection with sea-going trade.

3. Establishments for the first two purposes (registration of land trade and railway traffic), costing Rs. 22,224 per annum, were sanctioned by the Government of India in their order, No. 2103, dated 5th August 1880, Financial Department, and have been in existence from the following dates :

Land registration, from December 1880.

Railway Traffic.

Madras Railway, from October 1881.
South Indian Railway, from May 1885.
Southern Mahratta Railway, from October 1885.

4. For the registration of sea-going trade the Government of India, as a temporary measure, sanctioned establishments costing Rs. 12,364 per annum in their order, No. 544, dated 28th October 1876, Financial Department, and Rs. 1,044, in order, No. 58, dated 31st January 1878; but on a subsequent report from the Madras Government on the work of compilation, sanction was accorded in Government of India order, No. 999, Financial, dated 10th June 1881, as a definite arrangement, in lieu of the temporary hands to an establishment costing Rs. 13,324 per annum or Rs. 35,548 in all.

5. There have been several revisions from time to time in these establishments and the present cost is as below :—

		Per Mensem.
		Rs. A. P.
Permanent.		
Land trade		1,658 0 0
Railway Traffic.		
Madras Railway	207 8 0	
South Indian Railway	160 0 0	
Southern Mahratta Railway	30 0 0	
		397 8 0
Sea-going trade		455 0 0
Total ..		2,510 8 0

or Rs. 30,126 per annum, besides the following :—

Temporary.

Establishment in Board's office for tabulation and review of return of Railway traffic 55 0 0*

These amounts, however, do not include the establishments at ports employed for the compilation of statistics of sea-going trade, and those employed at the Board's office for this purpose as also for the preparation of land trade returns, as the charges on these accounts are debited to "Customs" and "General Administration"—"Board of Revenue," respectively, the work being part of the ordinary work of the Collector of Customs, and of the Board of Revenue.

6. The whole of the charges under "Trade returns" are shown under that minor head as "Provincial," under the existing Provincial contract, by which the Provincial Government received a grant equal to the expenditure on this account as shown in the revised estimate for 1881-82.

29, Superannuation.

Under the head Compassionate allowances, the following classes of pensions are shown :—

(*a*) Pensions of Native Pension Fund—
About 21 individuals drawing pensions from Annas 12 to Rs. 23-8-0 a month.

(*b*) Pensions granted to the families of persons killed in the execution of public duty—
About 96 pensioners whose pensions ranged from Rs. 1-8-0 to Rs. 40 a month.
The above classes of pensions (*a* and *b*) are debited to Compassionate allowances under the authority contained in this office circular, No. 1748, dated 22nd August 1865.

* This temporary establishment was sanctioned by the Local Government in their order, No. 234, dated 25th March 1886, Revenue, and will cease with the reconstitution of the Board's office, which takes effect from the beginning of the official year 1887-88.

(*c*) Pensions paid to the families of persons who rendered meritorious services to the State—
About 26 pensioners whose pensions ranged from Rs. 5 to Rs. 300 a month.
The pension being of a general nature, is debited to Compassionate allowances.

(*d*) Pensions granted with the Secretary of State's sanction to officers discharged on account of inefficiency or misconduct—
Three individuals of this class drawing pensions from Rs. 20 to Rs. 40 a month.
The pensions themselves are designated compassionate allowances.—*Vide* section 137 of the Civil Pension Code.

(*e*) Besides the above, there are two pensions which are also debited to Compassionate allowances—one, Rs. 6 a month, paid to the Missionary of the Negapatam Church for feeding the Protestant poor; and the other, Rs. 50 a month, paid to the Vicar of the Roman Catholic Church at Calicut for maintaining himself and the servants of that church.

Order—dated 1st December 1887, No. 1252, Financial.

The foregoing papers relate to certain doubtful entries in the Final accounts of Provincial Services for March 1887.

2. *Appendix A.*—It should be stated how the proportion of *Salt* charges debitable to *Excise* was calculated in the actuals of 1885-86 and 1886-87.

3. *Appendix B.*—The tolls levied on the Mettupálaiyam-Gúdalúr road are divided between Provincial and Local Funds in the proportion of 1 to 2, the full amount being credited to Local Funds, while the Provincial share appears as a receipt under *Contributions from Local to Provincial.* The decrease under Public Works receipts is therefore nominal, as also apparently is the deduction of Rs. 49,000 by credit to *Tools and Plant.*

G.O., Finl., No. 2352 A., dated 3rd Oct. 1884.

G.O., No. 399 L., dated 28th Feb. 1887.
" " 957 L., " 30th May "

4. *Appendix C.*—The District Magistrate, Malabar, would appear to have unnecessarily delayed the payment to credit of Government of the fines collected from Mappillas. He will take steps to settle this matter speedily. Deducting Rs. 19,700 credited in the accounts of 1886-87, the balance realisable out of the estimate of Rs. 50,000 may be put down at Rs. 27,000 and taken credit for in the revised estimate of the current year under the sub-head where it is now shown.

5. *Appendix G—District Manuals.*—The charges incurred under different heads on account of the "*Manual of Administration*" will be brought on record as follows (excluding stationery and contingent charges) :—

6. *Appendix K.*—The charges on account of European stores appear to be adjusted under Land Revenue instead of the service heads concerned, owing to some misapprehension on the part of the India Office, London, who, following the arrangements in force prior to the decentralization of 1882-83, debit them direct to Imperial, instead of Provincial. It is understood that this mode of entering the charges is likely to be discontinued shortly. The Accountant-General should invariably report such changes of procedure for the information of Government.
