Sir

With reference to your remi-  
-det No. 2172 W dated 16<sup>th</sup> December  
1886, I have the honor to inform  
you that an Estimate is in course  
of preparation for the filling in of  
the boat basin at Negapatam  
but as in this matter the question  
of town drainage is involved it  
seems

seems desirable to keep this Estimate  
back until some definite scheme for  
drainage is determined. Mr. Manson  
is now deputed for this duty and  
the result of his enquiries will be  
awaited.

I have the honor to be

Sir

Your most obedt Servt

Aldrich Major R.E.  
Superintending Engineer - C. E. G. G.
