

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from J. W. BRASSINGTON, Esq., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 8th January 1887, No. 1181:—

I have the honor to inform you that in G.O., No. 1595 W., dated 23rd June 1886, Rs. 2,367 was allotted for completing the Telegraph office at Madras. From this Rs. 2,354 is a saving and not required, as all the works provided for in the original estimate have been carried out.

2. The Chief Superintendent of Telegraph has, however, been asking for the marginally-noted works, which I also consider necessary, especially the lightning conductors; so I request the sanction of Government to the transfer of Rs. 1,241 from Rs. 2,354 not required. The balance Rs. 1,113 may lapse.

	Amount of estimate. RS.
Providing additional lightning conductors to the Telegraph office at Madras.	715
Alterations and additions to the Telegraph office at Madras	284
Alterations to the Telegraph office bath rooms	242
Total	1,241

3. In G.O., No. 3117 W., dated the 24th November 1886, an estimate, amounting to Rs. 370, was sanctioned for completing the lightning conductors to the Post office. If this amount can be transferred from Rs. 1,113 lapsing in the

Telegraph office, the system of lightning conductors to both buildings (but which are in reality only one) will be fully completed, as it will be awkward to have only one-half of a large building fully protected.

ORDER—dated 14th January 1887, No. 113 W., Public Works.

A sum of Rs. 2,354 is resumed from the current year's grant for completing the Telegraph office at Madras, and credited to the reserve with the Government under Imperial Civil Works, Original, Telegraph, from which the following appropriations are made:—

	RS.
(1) Providing additional lightning conductors to the Telegraph office, Madras	715
(2) Alterations and additions to the Telegraph office, Madras	284
Do. do. to the bath rooms, do.	242
Total	1,241

2. Subject to the approval of the Government of India, the following transfer of funds is sanctioned to meet the outlay for completing the lightning conductors to the Post office at Madras, it being desirable to complete at the same time the provision of lightning conductors for both ends of the building :—

<i>From</i>	<i>To</i>
Imperial.	Imperial.
Civil Works.	Civil Works.
(Original.)	(Original.)
Telegraph.	Postal.
	Minor Works.

Reserve Rs. 370 Consulting Architect's division ... Rs. 370

(True Extract.)
