Sir,
I have the honor to request the favor
of laying the following lines before you
for your kind consideration and earnestly
hope to obtain the redress sought.

I have now been in the P.W.D. as an
Assistant Engineer for 3 years and nine mon-
ths and by looking at the list of Temporary
Engineer Establishment of the P.W.D. it will
be seen, that I am senior by service to five
of the Engineers therein mentioned.

I have been ever since May 1884 dra-
wing Rs 300/only, and before that less,
while no one in the list above referred to
(besides me) draws less than Rs 350/.

Thus

Thus I have not been given justice though I often thought of seeking for it, but for fear of troubling my superiors I postponed the matter till now, when I find myself at the eve of being dispensed with, and when I come to the unfortunately true fact that I have not saved a pie! I could neither subscribe to any fund, or insure myself, as I found my salary just sufficient to maintain my rank.

R. 10-2-87

So before quitting the Department I hereby come and request of you to recommend and get me a "bames" as you might think it fit, and thus give me some means of awaiting another employment and thereby also to redress me.

I have also applied for privilege leave lately, which leave is due to me, but was refused it, and when I leave I will have hardly time to look about for another position.

My application for a post in Burmah has neither been favorably answered yet! So I am at a loss to know what I shall get.

Trusting these lines will receive your kind consideration and hoping you will excuse the liberty hereby taken.
