READ—the following letter from Colonel E. FAUNCE, Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 7th April 1886, No. 1420 A. :—

With reference to paragraph 8 of this office letter, No. 345 A., of 28th January 1886, I have the honor, by order, to state, for the information of Government, that the Commissary-General proposes to utilise part of the Commissariat granary buildings on the beach as store-rooms for the accommodation of the stores to be removed from the casemates in Fort St. George.

2. These buildings, however, from continual inability of the Public Works Department to repair them from want of funds, have fallen into a most dilapidated condition, and it is now estimated that about Rs. 9,000 will be required to place them in suitable repair.

3. As under present conditions there is no probability of a third regiment, Madras Infantry, being located at Trichinopoly, His Excellency the Commander-in-Chief proposes to find the required funds for the execution of these repairs by the appropriation to this purpose of a portion of the unexpended balance which will be available from the grant of Rs. 18,000 made in the preliminary budget estimate of the Public Works Department for—item No. 6—Buildings for two Native Infantry regiments at Trichinopoly, out of which the only outlay actually requisite in the current year will be that representing the cost of a magazine for the one regiment of Madras Infantry now placed on the new site.

4. Should this proposal be approved, His Excellency the Commander-in-Chief would ask that the Public Works Department be moved to make the requisite re-appropriation of funds, and to authorise the very early execution of the necessary repairs to the old granary buildings.

No. 2308, Military.

Approved and transferred to the Public Works Department for further necessary action.

ORDER—dated 23rd June 1886, No. 1595 W., Public Works.

With the papers read above, the Superintending Engineers and the Consulting Architect submit statements of the estimated requirements, under Imperial "Military" and "Civil" Works, in lump sums, against each division, for minor works, and repairs, and, in detail, for incomplete works of 1885-86, and for new works proposed to be undertaken in the current official year.

2. Under Imperial "Military," the demands against Original Works amount to—

	RS.
For minor works, lump sums	18,900
" incomplete minor works	6,303
" " major "	9,291
" new minor works	24,395
" " major "	41,934
	<u>1,00,823</u>

and the budget grant for minor works amounts to only Rs. 27,000. The Superintending Engineer, V Circle, having surrendered a sum of Rs. 2,864 from the current year's grant for armament in Fort St. George, it will be resumed, in anticipation of sanction by the Government of India, and added to the grant for minor works, which will then be Rs. 29,864. Of that amount, Rs. 15,594 for incomplete works, and Rs. 6,333 for three new works* considered emergent, have been allotted; and the balance, Rs. 7,937, has been placed, in

*Vide G.Os., No. 1320 W., dated 26th May 1886, lump sums, at the disposal of Officers
No. 1355 W., dated 25th May 1886, and Commanding Divisions and Districts, to

3. The demands under Repairs amount to Rs. 3,09,980, against the budget grant of Rs. 3,10,465. The necessary allotment has been made, as will be found in statement A.

The allotment to the Presidency division includes provision for re-roofing the mess-house in Fort St. George, and for the Commissariat granary buildings on the beach at Madras.

4. A sum of Rs. 844 was applied for by the Superintending Engineer, V Circle, for improving the roof of family quarters, Poonamallee; but as the sanction to the work was ordered to be cancelled (*vide* G.O., No. 585 W., dated 12th March 1885) no appropriation is necessary.

5. Under Imperial "Civil" Works, the demands against Original Works, Postal, amount to—

	RS.
For minor works, lump sum	800
„ incomplete minor works	3,184

of which, only Rs. 3,184 have been allotted for incomplete minor works. The balance of the budget grant for minor works, after the above allotment, is Rs. 6,816, to which must be added a sum of Rs. 249 transferred from the grant for a new post office at Anantapur. The total, Rs. 7,065, is placed at the disposal of the Director-General of Post Offices, who will allot the requisite funds for works to be undertaken during the year.

6. The demands against Original Works, Telegraph, amount to—

	RS.
For minor works, lump sum	100
„ incomplete major works	5,302
„ new minor works	1,000
Total ...	6,402

8. The allotment under Repairs (Postal and Telegraph) will be found in statement A. The demands of Superintending Engineers under Postal amount to Rs. 5,838, but have been reduced to Rs. 5,000 to bring the sum within the provision in the budget.
