tion a plan and esti-
mate of Rs. 2199 with
a report for constructing
- at Burtar, Banhope
and the crossing of
the Karkalund stream
on the Kullar Gudalur

The Superintending
Engineer to J. M. submitted
plans and estimates for
3 toll houses on the Kullar
Gudalur road amounting
to Rs. 3600.

The design was similar
to the existing toll house
at Braignore and as it
was considered not a good
one, the Supg. Engineer
was directed to submit
a simpler and less costly
design.

He now submits an
estimate for Rs. 2199. The
design could hardly be
simpler and plainer and
may be sanctioned if
nothing more ornamental
is required.

9" seems thin for an
8' high wall and it would
be better if it were increased
to 1 1/2 bricks.
