Total Rs... 18,878

Note of available funds.

The estimate now submitted is for works referred to in this office memo No: 479C of 9th March 1885. If it is intended that both these works should be sanctioned as a part of the general scheme for "Improvements to the *lehepāk* park" these estimates will be treated as supplemental to that sanctioned in G.O. No: 2823 W of 11th November 1884. The total estimate for "Improvements to the *lehepāk* park" including those now received will be Rs 44,127, an estimate for "planting operations" amounting to Rs 3273, having been passed subsequent to the issue of G.O. No: 2823 W of 11th November 1884 and a draft order sanctioning the same sent to *Co. ty.*

A sum of Rs 1500 was allotted during 1884-85 for the works referred to in memo No: 479C - please see G.O. No: 597 W of 13th March 1885. It is not apparent whether any portion of that sum was expended on the estimates now sent. Funds will therefore be provided from Provincial reserve on receipt of information from the G.O. as to the exact amount required for the work.
