GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 21st January 1887, No. 23 E.W.

As directed in your memorandum, No. 293 D., of 24th June 1886, I have the honor to submit estimates for the works required at the Hobart Girls' school, Ootacamund, as follows:—

	Amount of estimate.
	RS.
(1) Compound wall	2,410
(2) A class room	1,200
(3) New roof and floor	1,340
Total	4,950

2. The description of compound wall was decided by the Lord Bishop and the late Chief Engineer.

3. The estimates have been countersigned by the Secretary, Church Missionary Society. It is understood that only the improvements of roof and floor can be carried out for the present.

MEMORANDUM.

No. 314 C.

With reference to letter from the Superintending Engineer, IV Circle, No. 23 E.W., dated 21st January 1887, the undersigned has the honor to request that the letter and plan forwarded with this office No. 314 D., dated 29th June 1886, may be returned as early as practicable.

2. Memorandum No. 314 D., above quoted, requested that in framing plans and estimates for improvements to the Hobart Girls' school, the suggestion of the Ootacamund Municipality respecting that part of the fence which fronts the Hobart park might be carried out, but although the specification now received mentions that the compound will be enclosed on three sides by a masonry wall, and on the fourth or front side by an iron railing on a dwarf wall, the estimate appears to make no provision for such railing. It is requested that explanation on this point may be afforded.

3. The enclosures of the Superintending Engineer's letter are forwarded for reference and early return.

(Signed) J. O. HASTED, Col., R.E.,
Chief Engineer, P.W.D.

27th January 1887.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Mattur, 21st February 1887, No. 84 E.W.

In reply to your memorandum, No. 314 C., dated 27th ultimo, I have the honor to state that the iron railing and dwarf wall should have been omitted from the specification as they were from the estimate. They have been omitted at the request of the Lord Bishop of the Diocese, who is of opinion that the railings are too costly to be erected by the school, and that if the municipality requires such ornamental work, they should provide it themselves. The specification has accordingly been altered, and is herewith forwarded with the plan and estimate.

2. The letter, No. 531, dated 25th June 1886, from the Secretary, Ootacamund Municipality, together with the plan received with your memorandum, No. 314 D., of 29th June 1886, are also returned.

ORDER—dated 3rd March 1887, No. 648 W., Public Works.

The following estimates are sanctioned for execution when funds are available :—

(1) Erecting a compound wall, Hobart Girls' school, Ootacamund	RS.	2,410
(2) Constructing a new class room do.	do.	1,200

2. The estimate of Rs. 1,340 for providing a new roof and floor to the school is sanctioned for immediate execution.

3. The expenditure on these estimates will be accounted for under "Deposits—Contributions" and the required funds will be obtained in the manner prescribed in paragraph 1342 of the Public Works Code.

(True Extract.)

Captain, R.E.,
Under Secy. to Govt., P.W.D.

To the Superintending Engineer, IV Circle, with six enclosures.

- " Examiner, Public Works Accounts, with three abstract estimates for note and return to Superintending Engineer, IV Circle.
- " Educational Department.
- " Local and Municipal Department.

Woodcot, Cotacamund.
 23rd June, 1886.

My dear Colonel Shaw-Stewart,
 I mentioned to you on Sa-
 turday that some repairs and other works
 are required on the premises of the Hobart
 School; and that we should be very thank-
 ful if we might have the help of the
 Public Works Department; and you in-
 vited me to write to you on the subject.

Being a Joint Trustee of the School
 property with the Archdeacon, I shall
 feel greatly obliged if we might look
 to your Department to furnish a plan
 and estimate of the works to be exe-
 cuted and to superintend the execution.

The early submission
 of these plans & estimates is
 requested.
 Mr S. S. IV Circle.

I may mention that the proposed works are (1) a wall round the Compound.
 (2) a Clap-room.
 (3) a new Roof and a new Floor.

We shall not ask for any of the works to be carried out until we are able to meet the estimated cost of it.

The money is being raised by private subscription, and it is anticipated that Government will grant aid in the Educational Department.

I am,
 My dear Col. Shaw-Stewart,
 Yours most faithfully,
 F. Madras.

The undersigned has
 the honor to request that
 the Suply-Sup IV
 Circle will be good
 enough to submit
 in communication
 with the Trustees of
 the Hobart School,
 Portacumud, plans
 estimates for the
 undermentioned works
 which it is proposed
 to instruct to the P.W.C.
 under the rules contained
 in para 15987. of the
 P.W. Code. —

- (1) A wall round the
 School Compound
- (2) A Class room
- (3) A new roof & a new
 floor.

The early submission
 of these plans & estimates 24.6.06
 is requested.

W.

This plan of the Hobart School Compound, with letter in original from the Sec. to the Municipality of Ootacamund, has just been forwarded to me with a d.o. letter from the Bishop of Madras.

His Lordship approves the suggestion respecting that part of the fence which fronts the Hobart Park, & asks that the plan & estimate may be prepared accordingly.

The plan of compound may be forwarded, with necessary instructions to above effect.

From

The Secretary,

Ootacamund Municipality,

To

Rev. S. Morley

Bishop's Chaplain. Ootacamund.

Sir,

In forwarding you a plan of the Hobart Girl School ground including the new piece which the Council have decided may be given to the School, I have the honor to suggest that instead of a wall, the fence fronting the Hobart Park should consist of a dwarf wall and iron or wooden railings of an ornamental description.

I have the honor to be,
Sir,

Your most obedient servant

W. H. Jennings
