No. 133

From

The Consulting Architect
to the Government of Madras,

To

The Chief Engineer
Public Works Department.

Sir,

Enclosure.

With reference to E. No. Memo: No. 1306 C, dated the 31 March 1886, I have the honor to enquire if the value of the pumps ordered therein to be handed over to the Public Works Stores should be debited to that Division. The value of the pumps was originally debited to the New Ophthalmic Hospital at Madras, which work it is thought, should now be credited.

I have the honor to be
Sir
Your Most Obedient Servant
J. H. Lee Warner

No. 1510 Ca 16-9-85
G.O. B 566 W a/f 28-2-84

Memo

It appears that the pumps themselves were not incomplete; but that certain extras, not usually supplied, were not sent to Rushikulya with them. The Consg. Archt should have sent a detailed statement showing the different articles supplied with the pumps and the E.E. should have insisted on seeing such statement before accepting the pumps. Blame therefore attaches to both officers, and in the circumstances, C.A's Division will bear the cost of the carriage of the pumps to Rushikulya & that Division will pay the return charges.

2. The pumps will now be handed over to the P.W. Stores.

S.E. I & V Cycles 30/3/86
C.A. to Govt 1/4/86
Asst 5/4 Dy Ch/K

From these papers
it appears that there
are 6 pumps.
3 were got of the Ord
stores from Messrs Oakes
& Co for the Eye Infirmary
& found to be useless
3 new ones of C.A.
from Messrs Richardson
Geddes for the same use.
It appears to me from the
correspondence that the Ord
stores should be debited
with the full value of the
first 3. but that the
Eye Infirmary should be
debited with the cost
of the others unless the
Ord stores will take them
at a valuation a useless
thing can be purchased
for the use.

4/5/86

The accompanying note
by Mr W gives the
history of the pumps.
As the mistake was
owing to the Secretary
not having a proper
description of the pumps
& the C.E. & C.A.
in Committee that Messrs
Oakes & Co should not
have been paid till the
C.A had approved of them
& seem right that the
Ord stores should be
debited with the
cost of the pumps.
The Eye Infirmary Committee

5/5/86

Dw.

There is no
question about
the second lot of
pumps which
were purchased
for the Eye infirm-
-ary from Richard-
-son & Geddes -
vide. G.P. 2588.
& 4.11.85.

The three pumps
now referred to
are those mentioned
in No: 1694. C. &
24.10.85. They were
obtained by P.W.
stores from Oakes
& Co in 1884 for C.A.
after retaining
them for a year
C.A. said they
were not what he

wanted for the
Eye infirmary
Dr 1694. C. 24/10/85
C.A. was told to
dispose of them
to the best advan-
-tage - & it was
suggested that
perhaps Oakes &
Co. take them back
at a reduced rate.
This however they
Co. not do - but
the C.A. eventually
disposed of the
pumps by transfer
to Rustomjee
Dinshaw. When they
arrived there
they were found
to be unsuitable
and in No: 1306. C.
& 31/3/86 it was

Revised estimate of Rs. 9,200 *for constructing a* — for the storage of petroleum and other combustibles on the beach, to the south of the Madras Harbour, sanctioned with remarks.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

Proceedings of the Board of Revenue, dated 26th March 1886, No. 744.

Read—the following letter from the Honorable R. W. BARLOW, Collector of Sea Customs, Madras, to the Secretary to the Board of Revenue, dated 26th February 1886, Reference on No. 945 G :—

I have the honor to state that an estimate for Rs. 8,140 for the construction of a petroleum shed on the beach, south of the harbour, was submitted, for sanction, with this office letter, Reference on No. 4620 G, dated 12th November 1884, as directed in G.O., Mis. No. 250, dated 12th June 1884, communicated with Board's proceedings, Mis. No. 5888, dated 26th June 1884. This, the Superintending Engineer, V Circle, reports, was sanctioned in G.O., No. 9 W., dated 5th January 1885.

2. The Executive Engineer, Presidency division, brought to notice in March last that on his taking the work in hand, the Superintendent, Madras Harbour Works, took exception to combustibles being stored on the spot selected, and, after some correspondence, a new site—the only suitable one available—had to be selected in consultation with the President, Municipal Commission, and the Superintendent, Harbour Works. The Superintending Engineer, V Circle, having been duly informed of this, has now submitted the accompanying revised estimate, with five * enclosures, for Rs. 9,200, for the construction of the shed. This, it is observed, exceeds the original estimate by Rs. 1,060, for which that officer has submitted the necessary explanation (*vide* copy of his letter enclosed).

1 Report.	1 Copy of abstract estimate.
1 Plan.	

3. I request that the Board will be good enough to obtain the necessary sanction for this sum at an early date, as the shed is very much needed.

ENCLOSURE No. 1.

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Collector of Sea Customs, Madras, dated Chepâk, 22nd February 1886, No. 4808.

I have the honor to forward to you, for disposal under G.O., No. 483 W., dated 21st February 1884, a revised estimate of Rs. 9,200 for constructing a shed on the beach, south of the harbour, for securing explosives and combustibles.

1 Estimate	1 Statement.
1 Abstract.	1 Copy of the abstract estimate.
1 Report.	
1 Plan.	

2. The original estimate of Rs. 8,140 was sanctioned in G.O., No. 9 W., dated 5th January 1885, and the excess outlay of Rs. 1,060 is caused by the change of site as the spot first selected interfered with the harbour works. The present site is lower than that originally chosen, and when the concrete was laid for the foundations, the place was flooded by the rains, so that it was necessary to build with surkhi instead of ordinary brick in mortar. A further item of expense is the construction of the road of approach on the west side, that on the south having to be abandoned on account of the postal overseer's quarters being built there. The details of excess are given in the accompanying comparative statement.

occasion when we indented for three pumps the Stores purchased centrifugal pumps from Messrs Oakes No and charged us a per centage for the transaction.—

The cost of the three pumps amounted to Rs 350—"—"

Enclosure No. 6.—Copy of abstract estimate, &c.

Resolution—dated 26th March 1886, No. 744.

The revised plan and estimate for building a shed on the Madras beach, south of the harbour, for storage of petroleum are submitted for the early sanction of Government.

2. The original estimate for Rs. 8,140 was sanctioned in G.O., dated 5th January 1885, No. 9 W. The necessity for the increase of Rs. 1,060 now asked for is fully explained in the Superintending Engineer's communication forming an enclosure to the above letter.

Approved, and transferred to the Public Works Department.

(By Order.)

Ootacamund,
22nd April 1886.

(Signed) E. S. LAFFAN,
Under Secretary.

Order—dated 7th May 1886, No. 1146 W., Public Works.

The revised estimate, amounting to Rs. 9,200, for constructing a shed for the storage of petroleum and other combustibles on the beach to the south of the Madras Harbour, is sanctioned in supersession of the estimate of Rs. 8,140 sanctioned in G.O., No. 9 W., dated 5th January 1885.

2. The excess is due to the change of site, which, in the circumstances, could not be avoided.

3. As the cost of the work is to be divided equally between Provincial and Port Funds, in accordance with G.O., No. 948 W., dated 7th April 1886, the Examiner of Public Works Accounts will arrange with the Accountant-General for the necessary adjustment, and will report the exact sum which should be appropriated from each fund to cover the outlay in the current official year.

4. This sanction has been registered as Provincial, No. 16 W. of 1886-87, and classified as Civil Buildings, Original Works.

SIR,

Enclosures. 1

In returning your Endorsement No. 5106, dated 16th ultimo, I have the honor to report that there were no pumps in store such as those indented for by the Consulting Architect. The General Superintendent P.W. Stores purchased from Messrs Oakes & Co pumps as nearly like or like what he thought were wanted & delivered them to the Assistant Engineer of the Consulting Architect in November 1884. The General Superintendent thinks that, had the

the pumps been then Return-
=ed to the Workshops or Re-
=ported as unfit. Messrs
Oakes & Co" would have
Readily & alleigingly Received back
the pumps, but that after such
a long delay, he feels somewhat
diffident in asking Messrs
Oakes & Co. to take back the
pumps now. I would Sug-
=gest therefore that under the
Circumstances the Consulting
Architect be requested to
dispose of the pumps.

back articles 10 months after delivery.

I contend on the other hand that the pumps are not of the description indented for at all, that no rotatory pump can be described as having "a single barrel" and that, until the pumps were actually taken out for use, there was no description in the bill passed by the Consulting Architect to show that the article delivered was not the article indented for. As the Superintendent has been paid for the pumps, and I have the useless articles on my hands, I solicit the orders of Government as to how the matter is to be settled.

for filling Tanks.

On the 18th November 3 pumps were delivered and described in the bill as

"3 Force pumps supplied to the
"Ophthalmic Hospital."—

When the pumps were taken out of store to be placed in the Buildings it was discovered that they are rotatory pumps in all respects similar to those which have failed both at the Lying-in-Hospital and the new Telegraph office.

I wrote to the Superintendent of the stores soliciting him to take them back, but he declines to do so. He contends first that the words "Force pumps single barrel" left it to the discretion of Capt. Baddeley to choose "suction pumps or rotatory pumps" & secondly that the workshops cannot receive

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

Proceedings of the Government of India, Department of Finance and Commerce, dated Calcutta, 24th January 1884, No. 439.

Accounts and Finance—Stores.

Read again—

Financial resolution, No. 185, dated 10th January 1883, prescribing rules for the supply of articles of European manufacture required for the public service in India.

Read—

Letter from the Government of Bombay, No. 4512, dated 24th November 1882.
Letter to the Government of Bombay, No. 3185, dated 14th December 1882.
Letter from the Government of Bombay, No. 4008, dated 7th November 1883.

Resolution—

By Financial resolution, No. 185, dated 10th January 1883, it was directed that articles of European manufacture shall invariably be obtained by indenting on the Secretary of State.

2. In letter, No. 3185, dated 14th December 1882, to the Government of Bombay, it was stated that resolution, No. 185, dated 10th January 1883, does not apply to purchases made from fixed contingent allowances.

3. The Governor-General in Council now directs that the resolution of 10th January 1883 shall not apply to petty purchases in the local market not exceeding Rs. 10 in value out of contingent allowance, if the officers making such purchases are granted such allowance. The previous sanction of Government should be obtained in cases in which the cost of the article required exceeds Rs. 10.

Order—

Ordered that the foregoing resolution be communicated as follows :—

To all departments of the Government of India.
To all Local Governments and Administrations.
To the Comptroller-General and to all Accountants-General and Comptrollers.
To the Head Commissioner, Paper Currency.

To the Mint Masters, Calcutta and Bombay.
To the Director-General of the Post Office of India.
