READ—the following papers :—

From the Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 29th October 1885, No. 3738 A.

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, plan, &c., below-mentioned, which have been approved by the Provincial Commander-in-Chief. The plan and estimate have been countersigned :—

I. Abstract and detailed estimate, amounting to Rs. 1,070, for converting the present wood godown at Malapuram into a bakery.

II. Report and plan.

2. General Rowlands considers the early provision of this bakery to the barracks at Malapuram to be a work of great importance, and suggests that, like the slaughter-house (G.O., No. 4137, of 29th July 1885), the estimate for it be considered as supplemental to the general estimate for the new barracks, and met accordingly from the grant provided for the work in the current year's budget.

No. 6061, Military.

Approved and transferred to the Public Works Department for disposal.

Offg. Secretary to Government.

From Colonel ROSS THOMPSON, Officiating Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Wellington, 14th November 1885, No. 454 E.W.

Referring to your endorsement, No. 1765 C., dated 5th instant, on the Military Secretary's letter, No. 6061, of 31st ultimo, I have the honor to return, herewith, duly approved and countersigned, the plan and estimate, amounting to Rs. 880, for converting the present wood godown into a bakery at Malapuram, together with the documents therewith received.

ORDER—dated 27th November 1885, No. 2845 W., Public Works.

The estimate, amounting to Rs. 880, for converting the present wood godown at Malapuram into a bakery, is sanctioned as supplemental to the estimate of Rs. 1,34,214 sanctioned for the barracks at that station in G.O., No. 1652 W., dated 15th July 1885.

2. This sanction has been registered as Imperial, Ordinary, No. 50 W. of 1885-86, and classified as Military, Original Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the
Chief Engineer, Public Works Department, dated Coimbatore, 16th October
1886, No. 396 E.W.

I have the honor to forward the accompanying three statements of savings and
demands under Imperial, Provincial, and Excluded Local.

2. Some further saving on the Malapuram barracks is anticipated, which will be
reported in statements of savings and demands to be submitted in January 1887.

3. The only item requiring special notice in the Provincial statement is No. 25,
“Erecting a fountain for the Adam Memorial, Ootacamund.” The estimate for this
work will be exceeded by Rs. 1,000 under the sub-head “Carriage and fixing,” &c.
As the excess is nearly 6 per cent. on the amount of the estimate, Rs. 16,850, the
sanction of Government is necessary to admit the excess outlay.

4. The Executive Engineer reports that there is not likely to be any further
excess on the estimate for this work.

5. The outlay for the first five months of the official year, April to August, was
small for the following reasons :—

(1) The budgets were received as follow :—

1. Imperial, Postal, 30th April 1886.
2. Do. Military, 8th May „
3. Provincial, 8th May 1886.
4. Irrigation, 19th „ „

Until receipt of the budgets, the only works that could be proceeded with
were new works in progress in last official year, and emergent repairs.

(2) Large allotments were made to the circle towards end of June * and in
July.† No special allotments were made
in April or May.

* Rs. 196,677 † Rs. 38,645

Of course, after allotments are received, tenders have to be invited, contracts
settled, and time given to the contractors to commence work. After special allotments
are made, a period of two to three months is needed before outlay begins to appear in
the accounts; and it is to be noted that in this case the budget allotments, which
came late, amounted to Rs. 4,21,883 and the special allotments to Rs. 2,35,322.

6. Another great cause of delay which must be taken into account is the fact
that the best part of the working season, April, May and June, was lost this year, owing
to the delay in receipt of budgets and sanction of special allotments.

7. Every endeavour, however, is now being made to spend the allotments, and
further statements of savings and demands will be submitted in January 1887.

From the same officer, dated Salem, 23rd October 1886, No. 407 E.W.

I have the honor to request you will be good enough to include the undermentioned works in the statements of savings and demands submitted with my letter, No. 396, of 16th instant.

	RS.

III. Constructing a culvert on the road from the cattle lines to barracks at Cannanore, estimate Rs. 94 ...	94

2. The Military authorities are unable to find funds for the last two works. The last work was completed at an outlay of Rs. 94 under the authority of a letter from the Deputy Assistant Quartermaster-General, Western District, Cannanore.

5. The Superintending Engineer will report whether the allotments required under Communications, Repairs, in the Nilgiri division, can be met from the lump sum grant to that division.

6. Under Imperial, Military, the surrenders of grants proposed by the Superintending Engineer amount to Rs. 10,300, and the total additional funds applied for amount to Rs. 18,218, as detailed in the margin. As there are no funds available with the Government under this head, the appropriations proposed by the Superintending Engineer will be reduced to the amount surrendered.

		Total ..	10,000

The Superintending Engineer will, in the meanwhile, submit a revised statement restricting his demands for Minor Works to Rs. 4,600, which sum will be distributed on receipt of the sanction of the Government of India to the above transfers.

8. As there is no reserve with the Government under Postal, the Superintending Engineer will apply to the Director-General of Post Offices for the sum of Rs. 40 required for additions to the post office at Kotagiri.

9. The sum of Rs. 340 required for the Nilgiri division under Telegraph, Repairs, is allotted from the reserve with the Government under that head. The allotment of Rs. 230 required for the Coimbatore division under Postal, Repairs, cannot be appropriated, no funds being available.

10. The sum of Rs. 40 surrendered from the grant for the Nilgiri division under Postal, Repairs, is resumed and held in reserve with the Government under that head.

11. A sum of Rs. 190 was provided (*vide* G.O., No. 2463 W., dated 23rd September 1886), for dropping stone along the toe of the revetment on the lagoon side of the Cruz Milagre dam. The question of allotting funds for the other works under

2. Providing the light-house at Tellicherry with a lightning-conductor ...	176	40	2	218
Total ...	...	...	...	385

12. With respect to the Superintending Engineer's explanation of short outlay in the first five months of the year, it is remarked that the preliminary issues of the budget estimates for 1886-87 were circulated in December 1885, and, excepting works for which estimates had not been sanctioned, it was open to the Superintending Engineer to make preliminary arrangements for the commencement of other works entered therein. It is not practicable to circulate the final issues of the budgets before the end of April each year, and those for 1886-87 were not issued later than usual. With respect to the special allotments made in June and July, the majority of them were given as applications were received from the Superintending Engineer, and one large allotment granted in compliance with the Superintending Engineer's statement of demands was not included in the budget owing to the failure of the Superintending Engineer to include it in the circle budget (*vide* paragraph 10 of G.O., No. 1594 W., dated 2nd June 1886).
