

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

24th January 1881, No. 151.

Assessors.

Read the following paper:—

No. 99. *From Lieutenant-Colonel J. BEATTY, R.E., Superintending Engineer, Third Circle, to the Chief Engineer and Secretary to Government, Public Works Department, dated 4th January 1881, No. 846-S.A.*

I have the honor to forward the accompanying letter from the Executive Engineer, South Arcot Division, requesting that certain members of his office, who have been selected to serve as Assessors for 1881, may, for the reasons stated, be exempted from that duty.

2. I quite agree with Captain Smith in considering that the absence of clerks from office will be attended with much inconvenience and delay, and I have, therefore, to request that Government will be pleased to exempt the office establishments of this circle from serving as Assessors.

3. In my own office the Head Clerk has, without reference to me, also been included in the list of Assessors to attend the sessions of the Trichinopoly District for 1881 (*vide* list published in the District Gazette, dated 23rd December 1880).

4. I need hardly say that his absence even for a day will certainly retard the despatch of business very seriously, more especially during my absences on circuit, when he has the responsibility of receiving and despatching letters to and from camp office and attending to emergent calls.

5. The establishment of this office consists of only six clerks, and, if the Manager is summoned to attend the Court, serious delay of the work of the circle must ensue.

6. Under these circumstances, I request that, for the benefit of the public service, at least the Manager of the Superintending Engineer's Office and the Head Clerks and Accountants of the Division Offices may be exempted from serving as Assessors.

7. The difficulties experienced in this office, owing to the reduced number of clerks, has been reported in my letter, No. 667-S.A., of 22nd November 1880.

ENCLOSURE No. 1.

From Captain A. C. SMITH, R.E., Executive Engineer, South Arcot Division, to the Superintending Engineer, Third Circle, dated Vriddhachalam, 23rd December 1880, No. 873.

In the list of Assessors for 1881 the names of the marginally-noted members of my office establishment having been included, and as it was notified that the Commissioners, for the revision of the list, were to meet at the Sessions Court-house on the 14th instant, in my No. 1114, of the 11th idem, application was made

to the Session Judge, who is one of the Commissioners, for exemption of the individuals.

2. The reasons assigned by me for exempting the individuals are—

- (1.) That my establishment is a very limited one and quite unequal to cope with the current work.
- (2.) That the serious damages caused to the several works in the division by the recent heavy rains and floods will necessarily throw (in fact have already done so) considerable extra work on every member of the department, and that, until all the damages are repaired, none of them can be spared without much inconvenience to the service and great delay in the despatch of emergent work.
- (3.) That the service of each of the four individuals in question is generally of great importance, and especially so at the present exceptional time.

3. In reply to the above the Sessions Judge in his No. 121, of the 15th instant, states that "the Commissioners are agreed that I should, if so advised, apply to Government for exemption of the individuals, and that the Commissioners have no power to exempt them."

4. I have, therefore, the honor to submit the matter for your consideration. You are fully aware of the inadequacy of my office establishment, and if four of its principal members are summoned up at any time in the next year, when everything must be pressing and emergent in my office, the inconvenience and delay in the despatch of work must certainly be remarkable. I cannot, moreover, see the object of their notion of revision of the list of Assessors, if the Commissioners have no power to comply with my request, which was made solely in the interests of the public service.
