Civil Works.

READ—the following papers :—

Proceedings of the Board of Revenue, dated 27th January 1887, Mis. No. 551.

Read—again Board's Proceedings, dated 27th May 1885, Mis. No. 4970.

Read—the following letter from W. A. HAPPELL, Esq., Acting Collector, Godáviri, to the Secretary to the Board of Revenue, dated Cocanada, 29th November 1886, No. 503 :—

With reference to the proceedings of the Board of Revenue, Mis. No. 4970, of 27th May 1885, I have the honor to resubmit, herewith, an estimate received from the Superintending Engineer, I Circle, Dowlaishweram, amounting to Rs. 3,440, for re-roofing the north godown and for constructing a new verandah to the front and rear of the sea customs office building at this place, and to request that you will be so good as to obtain sanction of Government to the same.

2. The non-existence of the verandah is a source of much inconvenience to the office establishment as well as to the public attending the office, as they are exposed to the inclemency of the weather. Hence the necessity for its construction.

Read—also letter from the same officer, dated 22nd December 1886, No. 533.

Resolution—dated 27th January 1887, Mis. No. 551.

The plan and estimate, for Rs. 3,440, for constructing a new verandah to the front and rear of the sea customs office at Cocanada and for re-roofing one of the godowns attached to it, are submitted for the sanction of Government and the provision of funds in the Public Works Department.

2. It is explained that the verandah is necessary for the comfort and convenience of both the office establishment and the public who attend the office on business.

11TH MARCH 1887, No. 755 W., PUBLIC WORKS.

Note by the Chief Engineer, Public Works Department.

Submitted for the sanction of Government, with the following remarks.

The posts which support the roof of the verandah should be fixed in masonry; no provision for this or for tarring the ends has been made in the estimate, nor has any allowance been made for fixing the rafters of the verandah in the walls of the building.

11th March 1887.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 11th March 1887, No. 755 W., Public Works.

The estimate, amounting to Rs. 3,440, for constructing a verandah to the sea customs office at Cocanada and for re-roofing a godown attached to it, is sanctioned.

2. Attention is drawn to the note by the Chief Engineer above recorded.

3. This sanction has been registered as Provincial, No. 192 W. of 1886-87, and classified as Civil Buildings, Original Works.

READ—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Rámachandrapuram, 11th April 1883, No. 179 G.D. :—

I have the honor to submit, herewith, an estimate, in duplicate, amounting to Rs. 4,310, prepared at the request of the Collector of Godáviri, for putting in thorough repair the Cocanada Sea Custom buildings, and erecting a corrugated iron roof verandah on two sides of the main building. This estimate was not entered in the Provincial Budget List of 1883-84 submitted by me, as at the time of its preparation the work to be done to these buildings was not finally settled.

2. The estimate is classed under Original Works, as its amount is more than quarter of the original value of the buildings.

ORDER—dated 30th April 1883, No. 1254 W., Public Works.

The estimate, amounting to Rs. 4,310, for certain improvements to the Sea Custom buildings at Cocanada, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 18 W. of 1883-84 and classified as Civil Buildings, Original Works.

11/10/3

Public Works Department.

Current No. 1539

Letter No. 1069

Dated the 19th February 1884

From the Secy. to Govt. Revenue Dept.

NOTE OF REMARKS.

1. The accompanying estimate and plan provide for further improvements to the Sea Custom buildings at Beccanada. — The estimate amounts to Rs. 3,440. — An estimate, Rs. 4,310, for effecting certain improvements to these buildings was sanctioned in G. O. No. 12674 of the 30th April 1883.
2. The estimate now submitted was forwarded to the Revenue Department about ^{two} years ago by the late Col. Montgomery then Superintending Engineer First Class, but has been held over by that Department, apparently from want of funds to carry out ^{the} work.
3. The estimate is incomplete as neither report nor specification accompanies it and there are a few points in the proposed work on which some explanation seems very desirable if not essential.

It is not explained how
it is proposed to fix the
26 new posts on which the
new verandah roofs are to
rest, and no provision has
been made for this purpose
in the estimate submitted.
It is not clear how it is
intended that the new
roofing should combine
with the old work. Provision
is made for 're-roofing'
with flat and pantiles (half
being new) but no expla-
-nation is given of this item.
4. It is proposed to roof
the front and rear verandah
of the sea custom house with
corrugated iron sheets suppor-
ted on teakwood keepers
rafters and burlins and
resting on teakwood bres-
-sumers and posts; and,
apparently, to re-roof with
flat and pantiles (half being
new) the existing building.
The north godown is to receive
a new roofing of corrugated
iron and the estimate pro-
-vides for such minor items
as white washing the walls
and painting woodwork.
5. The cantlings of the timbers
are

are safe, and the rates allowed
in the estimate are fair—
The estimate and plan are
countersigned by the Collec-
-tor of the District, and
are approved in the
Revenue Department.

The plan & Est may be
sanctioned with the remark
that the posts which support
the roof of the verandah,
should be fixed in masonry,
but no provision for this or
for covering the ends has been
made in the Est. — Also no
provision has been
made for fixing the rafters
of the verandah in
4/3/87 the walls of the building
WVW

Noted for T J 4.3.57
4/3/87

The junction between the
roof of the verandah &
the old wall does not
require a separate item
in the Est. All that is wanted
is a provision to secure the
ends of the corrugated sheet.
