In charge 2nd Circle

To

The Chief Engineer
Public Works Department

Enclosure one

Sir

In returning herewith your Memo N^o 108C
of the 13th Instant, I have the honor to inform
you that there are 3 works in this Circle apper-
taining to Local Funds, under Act V 1884, and
one under Canal and Ferry Fund, which are being
maintained by this Department, as below:

Local Funds under Act V of 1884.

Kistna Western Division

Maintenance of Nizampatam Canal left bank
between Nandiveluga and Kuchipudi. Grant Rs. 350

Maintenance of Kistna right bank between
Penamudi and Kollur. Grant Rs. 650

Nellore Division

Graveling the Pemmaranicut Roadway. Grant Rs. 600

Brought forward Rs. 1600

Canal and Ferry Fund
Kistna Eastern Division

Maintenance of Ferry Road at Bezvada

Grants } 40

1640

2. The above grants are provided for every year, in the Incorporated Local Funds Budget of this Department, and as far as I am aware, no percentage for Establishment charges has been demanded hitherto, from the Local Fund Department. If, however, Establishment charges are now to be demanded, I think that only 12 per cent should be the rate at which such contribution should be claimed for repair Works, as contemplated in G. O. No. 1183 W of the 19th May 1885. The total amount of contribution will then be Rs. 196

Kistna Local Fund Board No. 124

Nellore — do — 72

3. Owing, however, to the smallness of the amount to be demanded, I am of opinion that the percentage charges can in these cases be waived, as has been done in the case of

Works in the Tanjore District, vide G. O. No. 2330 W of the 8th October 1885.

I have the honor to be

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 11 March 1942

READ the following

Letter from the Executive
Engineer Bellore Dn. N.E. No 53 d/13 December /86
Contd. by the Examiners
P.W. Accounts " " 392 St. 2^d d/20 Decr /86.
From the Suptg. Engineer
II Circle " " 40925 N.L. d/28 Jan'y /87

The work of gravelling
the Penner ancient Roadway
will be carried out by the
P.W. Department without the
usual charges on account of
establishment and tools and
plant.

2. It does not appear necessary to consider the question of waiving contribution charges in the case of the other two works

named by the Suptg.
Engineer. II Circle.

OFFICE OF THE SUPERINTENDING ENGINEER,
6TH CIRCLE.

22nd January 1889
D-23/

No. 228278

From Lt. Col. H. Smith R.E.

The Superintending Engineer,

6th Circle.

To

The Chief Engineer
P.W. D.

Sir,

ENCLOSURES.

In G.O. no. 2050 W of the 8th October &
2742 W of the 16th November 85, it is laid
down that the contribution made by
the Local Boards for the upkeep of
roads running along tank bunds
and river banks in the Tanjore District,
should be accepted without any charge
for Public Works supervision. I have
the honor to request that you will be
good enough to let me know whether these
G.O.s are still in force or not, as the
Examiner P.W. Accounts states that
under Code para 5. they are out
of force -
2. The Examiner also states that, if
the ruling in the G.O.s should be
revised, the sanction of Government
to its enforcement and Codification

An estimate of Rs 1140 for widening
 the road along the left bank of
 Raiyas in the Megapntam Division
 is sanctioned by me in October/89,
 under River Embankment. Repairs-
 special on the understanding of
 the Local Board contributing two
 thirds (Rs 733) of the amount of
 the estimate, and the Executive
 Engineer was in my No. 1869 T.T.
 of 20th November/89, informed
 that under the G.O. under reference,
 the prescribed cartage for establish-
 ment and tools and plant is not
 to be contributed by the District
 Board. A copy of this Number was
 forwarded to the Engineer for in-
 formation, and on this he has
 raised the above objection in a
 letter dated 15th instant No. 175.
 The ruling in the G.O. appears
 to have been passed after much
 consideration both in the Public
 Works and Financial Departments,
 and it is, as already decided in
 G.O. No. 1183W of 19th May/85, ~

advisable to ^{the} ~~the~~ ^{the} cargo of
 the Department roads running
 along the river and tank bank.
 It is therefore necessary to have
 the ruling codified -

I have the honor to be

Sir,

Your most obedient servant
