NILGIRI DIVISION OFFICE,

STATION Ootacamund

9 March 1887.

FROM

W. B. de Winton Esq.

THE EXECUTIVE ENGINEER,

NILGIRI DIVISION,

OOTACAMUND,

TO

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE,

COIMBATORE.

SIR,

With reference to your Memo No. 91
N.E. of

14 March 1887 I have the honor to report
that the Kallar-Gudalur Road began the year
1886 with a debit against it, due to arrears of
1887 of Rs 7466 or $\frac{1}{3}$ of the whole estimate for
the maintenance of the Road for 1886
1887.

2. The traffic on the road is very heavy,
and from its steep gradients and many
sharp curves the road suffers from that
traffic more probably than any road in the
Presidency rendering it a most difficult
road to keep in good order without constant
attention and large expenditure—

3. I asked for a grant of Rs 40,000 for 1886
but have only been given Rs 30,000 which is
inadequate to keep the road in the order I wish.

4. My expenditure in current year
is already

already exceeds the grant by Rs 182 and there are further arrears of Rs 928 which will have to be met by the grant for next year - there is also a lot of metal ready on the road but not paid for which I wish to pay for in current year and my object in applying for Rs 2000 extra is to prevent next year's reduced grant being still further reduced by that amount.

5. A statement of grants, expenditure on the various sections of the road for the last two years is appended. The road was only taken over in 1885.

I have the honor to be
