THE SUPERINTENDING ENGINEER

FIRST CIRCLE.

TO

THE CHIEF ENGINEER

Public Department
FOR IRRIGATION.

DOWLAISHWERAM, 29th January 1887
Decd 27/3/87

SIR,

I have the honor to inform you
that in September 1886 Mr. Ramakrishna
Super temporary Overseer 2nd Grade
was transferred by me from the
Godavari Central to the Godavari
Western Division for the benefit of
the Public Service. The overseer was
relieved in the former on the 13th Sep-
tember 1886 and joined the latter
Division on the 24th September 1886.
The Examiner of Public Works
Accounts has only provisionally
passed the salary of this overseer
during joining time under Section

No. 12 of the Civil Service Code.
 As the overseer did not exceed the
 time he was entitled by rules to take
 (See margin), I request you will be
 good enough to obtain the sanction
 of Government authorizing the Exa-
 miner to pass the overseer's salary
 during joining time.

Preparatory Leave
 for 13th to 18th — 6 days
 19th Sunday — 1 — do
 574 miles at 15
 miles per day } 41 — do
 20th to 23rd — }
 11 days

I have the honor to be
 Sir

Yours most obedt Servt

Wm. D. D. Eye: Eng^r
 for Supply Engineer / Felo.

This draughtsman is one of the men who belonged to the late D Project Dn and who were on the abolition of the Dn in 1884, ordered in G O No 1000 D dated 14 May 1884 to be considered as super-numeraries on the establishment of this office. They were transferred to the Tank Maintenance Scheme with view on their supernumerary appointments. On their temporary transfer to the Tank Maintenance Scheme, no new men were employed in them that as the appointments were supernumerary. There is therefore no objection to the draughtsman being attached to the b Circle as supernumerary/employed in the Madura Dn until he is absorbed on the occurrence of the next vacancy, his salary during the interval being met from savings as there is no special provision for super-numeraries in the budget for next year.

Office of the Executive Engineer
Madura Division
Madura 2nd March 1887

From

The Executive Engineer
Madura Division

To

The Superintending Engineer
6th Circle.

Sir,

I have the honor to inform you
that when handing over charge of the records
of the late 1st Tank Division, Executive
Engineer Mr. A. Joyce has directed his
Head Draughtsman Mr. Coopoo to remain
to do duty in my Office pending
orders of the Superintending Engineer, Tank
Maintenance Scheme to whom he had
written Demi-Officially, recommending
that his services should be retained
in this Division temporarily. This
Draughtsman

Draughtsman holds his permanent appoint-
ment in the Office of the Chief Engineer
for Irrigation and his services were
lent to the T. M. Scheme since the
formation of that department, ever since
he has been working in the T. M. Tank
Division as Head Draughtsman, and as
such and from what I hear from
Mr. Joyce I understand that he is
well acquainted with the papers of
the Tank Division; besides I also
understand that his services may be
spared for some time longer, he being
at present supernumerary in the list
of Permanent Establishment of the
Office of the Chief Engineer for Irri-
gation. As Estimates, plans &c. for
several works were handed over to this
Office in an incomplete state
I consider that retaining his services

is

in this Division for at least 6 months
more will help a great deal in
getting the information collected by
the Tank Division framed into esti-
mates and save considerable time &c.
Under these circumstances I have
the honor to request that you will
be good enough to arrange with the
Superintending Engineer, Tank Mainte-
nance Scheme to have his services
attached to this Office for 6
months at least.

I have the honor to be
Sir
Your most obedient servant
J. M. M.
Executive Engineer
Madura Division
