FROM

THE SUPERINTENDING ENGINEER

FIRST CIRCLE.

TO

THE CHIEF ENGINEER

P. W. Department
FOR IRRIGATION.

Camp Central Delta
DOWLAISHWERAM,

9th March 1887

Despd 10/3/87

SIR,

With reference to your Memorandum
25th February 87 No 686, I have the honor
to request modification of the orders to
this extent that the 1st April may be sub-
stituted for 1st March.

(2) As regards the amalgamation of
the Western and Central Divisions Godavari
District you are aware that that the
Executive Engineer in charge of the Western
Division had to be on emergency moved
to the Eastern Division and Mr Lewis
who was sent up for the Western Division
has only just arrived and my orders
were issued to him to at once assume
charge of the Western Division and then
take over the Central Division from
Mr Jopp and from 31st March, by

which date the transfer was to be complete, the new arrangement of the Central Delta becoming a Sub Division of the Western Division was to come into force. Any other arrangement will I am confident lead to confusion, very much worse than that which there will inevitably be even if the new arrangement be deferred till the natural period for the change viz: the end of the Official year.

(3) As regards the amalgamation of the Gungam and Rushikulya Divisions it has been impossible to issue the necessary instructions for the change, which requires some preparation, to take place at the commencement of this month, neither has the Rushikulya (which has been a temporary division) the staff left to make it possible to carry out the instructions till some of the staff from the present Gungam Division has joined the new Division Office, and there can

be no doubt that the inevitable confusion will be less if the change be deferred till the end of the Official year.

(4) As regards the head quarters for the new amalgamated Gungam Division I would ask a consideration of the great advantages, as regards position and convenience of housing the Executive Engineer, the office establishment, and the office of Berhampore, as compared with Durgam. The head quarters of the Rushikulya Division have never yet moved to Durgam and I have ordered the building of quarters there for the office establishment not to be carried out till further orders.

(5) The Chief Engineer for Irrigation authorizes me to say that he shares the views I have expressed in this letter.

I have the honor to be

Sir

Yours most obedt. Servt.

C. P. Walsh
