GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 12th March 1887, No. 2441 :—

With reference to G.O., No. 632 W., dated 2nd March 1887, I have the honor to report that it would not be advisable to attempt to spend the money (Rs. 260) given for repairs to the buildings at Hampi this year, as in that case the work would be done in a hurry without proper supervision.

2. The Executive Engineer proposes to visit Hampi next month, and will then be in a position to make proper arrangements for the execution of the works named by Mr. Rea.

3. Under these circumstances, I request that the allotment may, if necessary, be resumed and re-appropriated early next month.

ORDER—dated 18th March 1887, No. 841 W., Public Works.

The sum of Rs. 260 surrendered from the current year's grant for repairs to the buildings at Hampi, together with the balance, Rs. 6,494, of the amount reserved with the Government for the conservation of archæological works in the presidency, will be resumed and credited to the reserve with the Government under Provincial, Civil Buildings, Original Works.

2. Funds required for the conservation of the buildings at Hampi during 1887-88 will be provided on application by the Superintending Engineer.
