There has been a misapprehension in this Office about this matter. If Govt. approve the watchman's pay may be charged to the Maintenance Estimate under the spirit of Code para 964, the building being treated as vacant.

SIR,

With reference to the instructions contained in Chief Engineer's Memo No 3152 dated 17<sup>th</sup> September 1886, communicated with your endorsement No 612 of 22<sup>nd</sup> idem, I have the honor to inform you that the pay Rs 8 of watchman employed on the Blackwood Cottage was charged to the grant for repairs Civil Buildings, Provincial. But the Examiner P. W. Heets pointed out in his audit Note on the Accounts of the Division for June 1886, that the correct head of debit would be office Contingencies. The necessary write back entries were accordingly made and the charge from April to October 1886 was included in the Divisional Contingent <sup>bill</sup> for November 1886. The Examiner now disallows the claim in his Disallowance List No 141 of 1886-87.

and says that the "charge is properly  
debitable to Establishment Salaries and  
requires sanction of Government"

2 Under the above mentioned circum-  
stances I request you will be good enough  
to obtain the sanction of Government for  
the inclusion of the item in the Divisional  
Salary Bill.

I have the honor to be

Sir,

Your most obedient servant
