

Public Works Department.

No. 91 C dated 12th January 1887.

M E M O R A N D U M.

The reduced grant for Public Works establishment sanctioned for 1887 - 88 having made it impracticable to make any provision in the preliminary issue of the Provincial budget for that year for temporary establishment, Superintending Engineers are requested to give notice to all temporary officers, subordinates and other temporary employees in their respective circles that their services will be dispensed with at the end of February 1887. Care should be taken that each individual receives a full month's warning.

2. Upper subordinates of the permanent establishment holding temporary engineerships will revert to their permanent positions on 1st March 1887.

3. Further specific orders dispensing with the services of temporary employees will issue hereafter, but Superintending Engineers will consider at once what arrangements can be made to redistribute the permanent establishment, under all heads, in their respective circles, so as to provide in the most efficient manner possible for the conduct of work. Superintending Engineers should be prepared to submit their reports on this subject with the least possible delay when

Telegram from Chief Commissioner, British Burmah, dated 8th January 1887.

" It is understood from principal Civil Engineering College Madras that in consequence of an expected reduction of Madras Works some temporary establishment will become available if so please wire names of men their salaries and qualifications who will be thus available and are willing to go to upper Burma provincial works or to Toungoo Mandalay railway."

Copy forwarded, in continuation of memo No 91 C, dated 12th January 1887, to Superintending Engineers who are requested to report at once the names and qualifications of officers and subordinates on the temporary establishment who may be willing to be transferred to Burmah for the works specified, when their services are no longer required in this Presidency.

SIR,

Enclosures.

With reference to G.O. No. 316 W
of 5th February 1887, I have the honor to inform
you that it would be easy to hand over
the records ~~you~~ of the Kurnool Tank Division
at Listapuram to the Canal Officer
there, instead of to the Executive Engineer
at Buddah. The records which more or
less relate to the works in the Kurnool
District might then be handed over by the
Canal Officer to the Executive Engineer
at Kurnool.

2. I beg to solicit early orders
whether

whether the transfer of the records could
be arranged as proposed by me.

I have the honor to request
that you will accord sanction
to the transfer of the furniture
and records of the ~~etm~~ Tank
Division, to the Executive Engineer
of the Buddapah Division,
instead of to the Executive Engr
of the Kurnool Division
as the Head Quarters of the
