Two iron safes capable of holding 25 bags each for storing stamps and unclaimed property	430
Pálkonda.	
Three safes as above	875
Párvatipur.	
Three safes as above	875
Sálúr.	
Three safes as above	875
Cost of carrying the above safes to the different places	60
Viravalle.	
One iron-bound chest for storing copper coin	67
Bimlipatam	
One iron-bound chest for storing stamps	67
Huzur Treasury.	
Five iron-bound chests for storing stamps	355
Vizianagrum.	
Two iron-bound chests for storing stamps, unclaimed property, &c. ...	134
Cost of carrying chests to the different places	10
Vizianagrum.	
Improvements to the existing treasury-room	130
Total ...	6,763

2. At the close of the last official year a sum of Rs. 490 was remitted for Dindigul locks to the Collector of Madura; when the supply is received the locks required for the different treasuries according to the Board of Revenue's recommendations approved of in the Government Order under reply will be issued. No estimate is therefore made for their cost.

3. The sanction of Government for incurring the expenditure is requested.

4. The detailed estimates are enclosed.

No. 1743 Financial.

Approved and transferred to the Public Works Department.

Ootacamund, 8th September 1883.

(Signed) E. F. WEBSTER, Acting Chief Secretary.

Order—dated 24th September 1883, No. 2680 W., Public Works.

The undermentioned estimates are sanctioned under Provincial and registered as noted below :—

	Estimate. Rs.	
(1.) Iron safes for the taluk cutcherries in the Vizagapatam District	6,000	No. 118 W. of 1883-84.

Order—dated 1st July 1885, No. 1533 W., Public Works.

The statements printed with these proceedings exhibit the demands made by Superintending Engineers for Provincial minor and incomplete works, repairs, and tools and plant.

2. The demands under Repairs are as follows :—

	Rs.
Civil Buildings...	82,054
Communications	49,100
Miscellaneous Public Improvements	7,421
Total ...	1,38,575

3. The total allotments, as shown in statement A, are :—

	Rs.
Civil Buildings	85,360
Communications	72,640
Miscellaneous Public Improvements	6,730
Total ...	1,64,730

4. The Superintending Engineer, IV Circle, made no demands in his statement under Repairs and Tools and Plant; but he has since explained that the grants made to his circle under those heads at pages 18 and 47 of the final issue of the Provincial budget for 1885-86 are not susceptible of reduction. The allotments made to the I and V Circles are less than the demands; and, if the grants are hereafter found to be inadequate, endeavours will be made to supplement them. Expenditure should, however, be restricted to absolutely necessary requirements.

5. The budget provision under Repairs amounts to Rs. 2,24,175; and the difference, Rs. 59,445, between that sum and the allotment now made is transferred to the reserve under Civil Buildings.

6. The total demands under Tools and Plant aggregate Rs. 22,100; and the total allotments, after providing for the requirements of the IV Circle, amount to Rs. 29,600. The provision in the budget for expenditure in India under this head is Rs. 51,115; and the difference, Rs. 21,515, between that sum and the allotment now made is transferred to the reserve under Civil Buildings.

7. The amount reserved in the budget for incomplete and minor works was Rs. 1,18,930, but subsequent modifications have reduced the sum to Rs. 1,07,123. The total amount available for distribution is therefore:—

	Rs.
Reserve with Government	1,07,123
Transferred from Repairs	59,445
Do. from Tools and Plant...	21,515
Total ...	1,88,083

8. The demands received are as follows:—

Incomplete minor works	4,931	
Do. major works	1,74,287	
Do. Registration works	24,141	
Do. Police works...	19,423	
Total incomplete works ...		2,22,782
New minor works...	5,192	
Do. major works...	2,000	
Do. Registration works	2,455	
Do. Police works	8,153	
Total new works ...		17,800
Lump sum grants for minor works		8,425
Total demand ...		2,49,007

9. The allotments granted are shown below:—

Incomplete minor works	3,241	
Do. major works	1,20,025	
Do. Registration works	23,407	
Do. Police works..	18,534	
Total incomplete works ...		1,65,207
New minor works...	2,150	
Do. major works	8,700	
Do. Police works	1,725	
Total new works ...		12,575
Lump sum grants for minor works as per statement A ...		8,425
Total allotments ...		1,86,207

10. In the case of several works entered in the list, demands are made for grants in addition to allotments already provided in the budget. The demands in such cases have not been complied with under existing financial pressure; but, if necessary, endeavours will be made to provide additional funds later in the year.

11. Grants have been provided for only two minor new works, viz., "Furnishing clerks' quarters at Ootacamund" (Rs. 2,150, a completed work), and "Constructing police huts at Perumallur" (Rs. 1,725, in progress). The action of the Executive Engineer, North Arcot division, in commencing the latter work in anticipation of an allotment of funds, was irregular.

12. Under Major New Works Rs. 2,000 have been allotted for improvements to the family quarters attached to the civil engineering college at Madras, a work commenced by the Consulting Architect to Government in anticipation of sanction. The

irregularity has been noticed in separate proceedings. A sum of Rs. 6,700 has also been provided for improvements in the Negapatam taluk cutcherry, a work urgently needed. The Superintending Engineer, VI Circle, will have it put in hand at once, and completed within the official year.

13. The statements printed at pages 18 and 47 of the final issue of the Provincial budget for 1885-86 are superseded by these proceedings.

Funds

Orders distributing — from the Provincial reserve.

No. 657 Vizagapatam Dn Office
Camp Itykivalsa
29th July 1885

From
The Executive Engineer
Vizagapatam Division

To
The Superintending Engineer
First Circle
Dowlaishweram

Sir,

I have the honor to inform you, that the sum of Rs 5872 allotted in G.O. No. 1533 W dated 1st July 1885 on account of the work noted in the margin, is not required for expenditure on it during the current Official year. The amount actually required for completing it during 1885-86 is only Rs 393 as per details given below: viz:-

(Margin: Iron safes for Taluq Cutcherries in the Vizagapatam District. Estimate Rs 6000 sanctioned in G.O. No. 2680 W d/24th September 1883.)

	Rs
Amount of revised Estimate for the work submitted with this Office No. 612 d/21st July /85	8,700
C.O.	8700

B forward — 8700

Expenditure to end of past official year — 8307

Balance required for Completing the work during 1885-86 — 393

2. As the work is to be Completed in the Current year with an expenditure of less than Rs 500 no appropriation is necessary vide Code para 229 3 III.

3. I therefore recommend that the grant of Rs 5872 may be resumed and funds allotted for the following works viz:

	Rs
1 Constructing a Second Class Taluq Cutcherry at Anthapilli Estimate Rs 9310. In G.O. No 1533 W dated 1st July 85 Government were pleased to say that funds are not available, but this amount is required for Completing the work during the Current year	1401
C/O	1401

B forward 1401

2 Repairs Civil Buildings — Lumpsum grant in addition to Rs 1000 already allotted for the Division. This amount is required to meet the Cost of repairing the District Court House at Vizagapatam	250
3 Repairs Communications Lumpsum Grant in addition to Rs 10000 already allotted for the Division in G.O. No. 1533 W dated 1st July 1885. Rs 13000 were applied for by this Office but only 10000 granted and the additional grant is required for expenditure on the Maintenance of Pottinghy Ghat and Panchipenta and — Jummers Ghat Roads	3000
Total Rupees	4651

Resolution—dated 12th February 1885, No. 473.

In G.O., dated 11th July 1884, Mis. No. 2955, Government sanctioned the supply of an iron safe to the Taluk Treasury at Nellore, and directed the discontinuance of the Police guards at a cost of Rs. 55 per mensem, the money received in the taluk being remitted daily to the Huzur.

2. In G.O., dated 25th idem, Mis. No. 1708, Financial department, the Board were requested to consider whether similar economy cannot be carried out in other places.

3. Several of the Collectors consulted do not think it practicable or desirable to dispense with Police guards even if iron safes are supplied. In most of the taluks, these guards look after both the treasury and the sub-jail, and would be required for the latter, even if dispensed with for the former. Some of the officers further point out that the presence of the police officer in uniform and armed "has a value of its own, which should not be lightly given up," and that the trouble and expense of making frequent remittances to the Huzur would far outweigh any little saving that might be effected by the adoption of the proposed measure.

4. The Board generally concur in the opinion above expressed, and recommend that, for the present, iron safes be supplied only to the following treasuries, at which the local officers consider it possible to effect a reduction in the strength of the Police guards :—

Ganjam—*Berhampore.*—Remittances are made daily to the Bank, and the Police guards can be dispensed with, if an iron safe is supplied. The amount of the saving is not stated, but the cost of the existing guards is given at Rs. 47-8-0 per mensem.

Kistna—*Bandar and Guntúr.*—The saving by dispensing with the guards is given at Rs. 726 and 353 per mensem, respectively.

Anantapur—*Anantapur.*—Remittances are now made daily to the Huzur, and the cash-chest containing any balance which may remain is also sent to the Huzur treasury for safe custody, as there is no separate treasury room allowed for the Sub-treasury. This causes inconvenience, and the Collector recommends the supply of an iron safe. Apparently, there are no separate Police guards for the Sub-treasury.

North Arcot—*Chittoor.*—The cost of the Police guards which can be dispensed with by supplying an iron safe and sending remittances daily to the Huzur is estimated by the Collector at Rs. 48-8-0 per mensem, instead of at Rs. 55. The difference is due to one constable on Rs. 6-8-0 being required for an orderly to the Magistrate. The Board are not sure if the orderlies are supplied from the Treasury guards.

5. The Collector of Nellore states that a saving of Rs. 2,064 per annum might be effected by reducing the strength of the Police guards, if iron safes are supplied to each taluk treasury, and the time of duty of each guard is raised from four to six hours out of twenty-four, or three hours by day and three by night. This is a question on which the opinion of the Superintendent of Police should have been obtained. The Collector will report whether that officer has any objection to the proposal and whether in any taluks separate guards are maintained for the treasury and for the sub-jail.

6. The Collector of Bellary states that the combined treasury and sub-jail guards in the Bellary taluk might be reduced by two constables. The Collector should ascertain and report if the Superintendent concurs in this proposal.

7. The Collector of Tanjore reports that, as the treasury and sub-jail are located in one and the same building in all the taluk stations, a separate treasury guard might safely be dispensed with (except, perhaps, in the three outlying stations of Patukóta, Tiruturaipundi and Nannilam) if an iron safe capable of holding from Rs. 25,000 to Rs. 30,000 is supplied to each taluk, and remittances are sent in whenever the balance exceeds Rs. 20,000. He adds that the taluk peons may be told off to watch the safes

every night, and that the sub-jail guards will be ready at hand in case of an emergency. Mr. Pennington is requested to consult the Superintendent of Police, and report how far he is prepared to adopt the suggestion, and what saving can be effected. He should also report if the safes cannot be so placed as to be within the observation of the Sub-jail guards, as the taluk peons cannot be expected to watch the safes at night after having worked all day, and cannot, moreover, be always relied on for not being absent on duty.

8. At the Coonoor and Gúdalúr sub-treasuries and the taluk treasury at Salem, there are apparently no separate treasury guards. The Collector of South Canara reports that arrangements are being made in communication with the Executive Engineer for supplying iron safes to the Mangalore taluk, and promises to report about the guards after the safes are put up.

9. Besides the safes mentioned in paragraph 4, the Collector of Ganjam applies for seven more safes for Deputy Tahsildars' Treasuries not previously supplied, and the Collector of Anantapur asks for one safe for the Deputy Tasildar's office at Yadiki. The total cost of the thirteen safes may be put down roughly at Rs. 2,600, and the saving in guards, as far as reported, will be monthly Rs. 234-8-0, and annually Rs. 2,814.

10. An iron safe has already been sanctioned for the Rámallakót Taluk Cutcherry at Kurnool, and the Police guards ordered to be dispensed with (*vide* G.O., dated 8th January 1885, No. 62, Revenue department.)

Proceedings of the Board of Revenue, dated 1st May 1885, Mis. No. 3995.

Read—the following letter from J. GROSE, Esq., Collector of Nellore, to the Secretary to the Board of Revenue, dated Nellore, 16th April 1885, No. 1857 :—

Adverting to paragraph 5 of the Board's proceedings, dated 12th February last, No. 473, I have the honor to enclose extract* from a letter of the District Police Superintendent to the Assistant Inspector-General of Police, dated 4th March 1885, No. 264, together with copy of a statement received from the Superintendent's office.

* Paras. 1 to 5.

2. It will be seen from them that Mr. Sullivan proposes a reduction of two constables in five stations† resulting in a saving of Rs. 1,654-15-0 per annum, and deprecates any change in respect of the existing guards at Rapur, Udayagiri and Kanigiri being close to the Velegonda hills which form the boundary between this and the Cuddapah districts.

† Gúdúr, Atmakúr, Kávali, Kandukúr and Ongole.

3. In no taluk are separate guards maintained for treasury and sub-jail purposes.

Resolution—dated 1st May 1885, Mis. No. 3995.

Submitted to Government with reference to paragraph 5 of Board's proceedings, No. 473, dated 12th February 1885.

2. A reduction of two constables at each of the five sub-treasuries noted in the margin is recommended, which will cause a saving of Rs. 918-2-0 per annum, not Rs. 1,654-15-0 as stated in the Collector's letter. These sub-treasuries may therefore be supplied with iron safes.

Gúdúr, Atmakúr, Kávali, Kandukúr and Ongole.

Proceedings of the Board of Revenue, dated 20th May 1885, Mis. No. 4736.

Read—the following letter from J. B. PENNINGTON, Esq., Collector of Tanjore, to the Secretary to the Board of Revenue, dated 7th May 1885, No. 2761 :—

With reference to paragraph 7 of the Board's proceedings, No. 473, dated the 12th February 1885, I have the honor to report that the Superintendent of Police, who was consulted on the subject therein referred to, is of opinion that the Treasury guards cannot safely be dispensed with as no separate guards are provided for the sub-jails in this district, and that no saving can be effected by the proposed arrangements (*vide* copy of his letter, No. 59, dated 11th March 1885, enclosed).

2. In regard to the point raised in the latter part of the same paragraph I have the honor to state that, except in the taluks marginally noted, where the treasury rooms are beyond the view of the sub-jails, the iron safes could be so placed in all taluk treasuries as to be within the observation of the sub-jail guards though at present no separate guards are provided for the sub-jails.

Kumbakônam.
Máyavaram.
Negapatam.
Nannilam.

Resolution—dated 20th May 1885, Mis. No. 4736.

In the circumstances now reported, the Board are of opinion that no reduction can be effected in the strength of the Police guards at any of the sub-treasuries of the Tanjore district, and it is, therefore, unnecessary to supply them with iron safes.

From Colonel H. D. CLOETE, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 2nd September 1885, No. 5117.

Account department.

With reference to the marginally-noted papers referred to me for remarks, I have the honor to report that a total reduction of 310 constables, costing Rs. 2,222 per mensem, may be made by supplying the treasuries with iron safes,

No. 475, dated 26th February 1885, Financial.
„ 940, dated 11th May 1885, Financial.
„ 1121, dated 13th June 1885, Financial.

after providing for sub-jail guards, treasure escorts and sub-magistrate's orderlies, which have been generally supplied from the Treasury guards.

2. No reduction of head constables is shown, as they will be required to be in charge of Sub-jail guards even after the treasure guards may be dispensed with.

3. As each district has circumstances peculiar to itself, it is not possible to make a uniform reduction. A memorandum therefore explaining the circumstances by which the reduction shown in the accompanying statement is arrived at is attached.

ENCLOSURES.

MEMORANDUM.

Ganjam.—There are 3 taluk treasuries. One of the treasuries (Chicacole) being far away from the town, the District Magistrate is of opinion that no reduction can be made although an iron safe may be supplied to it, Rs. 50,000 being generally kept in that treasury. In the two remaining treasuries, 1 man from each will be required for sub-magistrates' orderlies; the sub-jail guards being separately provided for, 10 men can be saved.

Vizagapatam.—There are only 2 Government taluks, the others being zemindari taluks. After providing for sub-magistrates' orderlies and sub-jail guards, 2 men from each treasury guard can be saved.

Jeypore.—There is only one treasury at Koraput which is guarded by the sub-jail guard: no separate sanction exists for this treasury guard.

Godávari.—There are 10 taluk treasuries; at Rajahmundry no reduction can be made as the whole of the treasury guard would be required for the sub-jail and to escort the very large number of prisoners who have to be sent to the Magistrate's courts, there being 3 Magistrates at this place (Joint, Taluk, and Sheristadar Magistrates). A sub-magistrate's orderly has also to be supplied. In fact an addition is required. At Ellore also there is a large number of under-trial prisoners, and no reduction can be made from this treasury. Bhadráchalam is a hill station and no reduction is possible. In this district it sometimes happens that murderers, dacoits, and house-breakers are also sent to sub-jails previous to being sent to the central jail, and it is now the practice to take out convicts for work in the sub-jail compound without fetters. After providing for these contingencies, the reduction that can be made in the remaining 7 treasuries is 14 constables.

Kistna.—There are 11 taluk treasuries. As the taluks of Dáchepalle, Krósúr, and Nandigáma border on the Nizam's dominions, and as precautions have to be taken against Rohilla raids into these taluks, no reduction is deemed advisable in them. In the taluks of Répalle, Bápatla, and Gudiváda reduction is feasible, if sufficient number of iron safes be supplied to hold all the collections made at a time; granting that this is done, the reduction feasible in these taluk treasuries and in the remaining 5 treasuries after providing for the sub-jail guard, &c., is 20 constables.

Nellore.—There are 9 taluk treasuries. As the taluks of Rápúr, Udayagiri, and Kanigiri are contiguous to Valagonda hills through which criminal wandering gangs from Cuddapah pass to and fro, no reduction is advisable in these treasuries. In the Nellore taluk treasury the reduction of the whole guards has been ordered on the supply of iron safe—*vide* G.O., Mis. No. 1841, dated 25th July 1884, Judicial. In the remaining 5 treasuries, a reduction of 15 constables can be made.

Kurnool.—There are 7 taluk treasuries, besides the temporary ones at Dhone and Bathmacherla which have been established to facilitate payments to officers of Bezvada-Kistna State Railway. The guards at these places are supplied from the men withdrawn from the Rámallakót treasury for which an iron safe has been supplied. After providing for the sub-jail guards, treasure escorts, and sub-magistrates' orderlies, 14 constables can be saved.

Bellary.—There are 8 taluk treasuries. After providing for sub-jail guards, treasure escorts, and for sub-magistrates' orderlies, a reduction of 2 constables can be made from each taluk treasury. The saving will therefore be 16 constables.

Anantapur.—There are 7 taluk treasuries. After providing for sub-jail guard and treasure escorts, and sub-magistrates' orderlies, 11 constables can be saved. At Anantapur treasury only 1 head and 3 men were sanctioned, but 1 head and 4 men will be required for the sub-jail guard.

Cuddapah.—There are 11 taluk treasuries. A reduction of 2 men may be made after providing for sub-jail guard, &c., the total reduction amounting to 22 men.

North Arcot.—There are 9 taluk treasuries. There are sub-jails only at 7 places; after allowing for these guards and sub-magistrates' orderlies, a reduction of 18 constables can be made.

Chingleput.—There are 6 taluk treasuries; from each of which a reduction of 2 constables can be made after providing for sub-jail guard and sub-magistrates' orderlies, the total reduction being 12 men.

South Arcot.—There are 8 treasuries. At 3 of these treasuries separate jail guards are provided for. Deducting 1 man for sub-magistrates' orderlies at these places, 15 constables can be saved; at the remaining 5 treasuries, after providing for sub-jail guards and sub-magistrates' orderlies and treasure escorts, 10 men can be saved; a total reduction of 25 men can be made.

Tanjore.—There are 9 taluk treasuries. At 3 of these treasuries, sub-jail guards are separately provided for. Allowing for an extra man at these places for sub-magistrates' orderlies, and after providing for sub-jail guards, treasure escorts, and sub-magistrates' orderlies at the remaining 6 treasuries, a reduction of 27 men can be made.

Trichinopoly.—There are 5 taluk treasuries. A reduction of 2 constables from each can be made after providing for sub-jail guards, treasure escorts, and sub-magistrates' orderlies, the total reduction being 10 men.

Madura.—There are 6 taluk treasuries. In each of which 2 men can be saved, the total reduction being 12 men.

Tinnevelly.—There are 9 taluk treasuries. A reduction of 2 men from each can be made after providing for sub-jail guard and sub-magistrates' orderlies, &c., the total reduction being 18 men.

Salem.—There are 9 taluk treasuries. A reduction of 2 men from each can be made, the total reduction being 18 men.

Coimbatore.—There are 10 taluk treasuries. A saving of 2 constables can be made after providing sub-jail guards, &c., the total reduction being 20 men.

Malabar.—There are 9 taluk treasuries. No reduction is advisable in 2 Moplah taluks. At the remaining 7 treasuries, 2 constables can be saved after providing for orderlies, &c., the total being 14 constables.

South Canara.—There are 5 taluk treasuries. Two constables can be saved from each after providing for orderlies, &c., total saving being 10 constables.

ORDER—dated 15th September 1885, No. 1280, Financial.

In G.O., No. 1708, Financial, dated 25th July 1884, inquiry was ordered as to the saving on police guards which could be effected by the provision in treasuries of iron safes for the custody of money.

2. The papers read above contain the result. They will be communicated to Collectors who will take steps for obtaining suitable cash-chests where needed, and in

cases where budget provision admits of the charges being met. The police guards can then be reduced to the extent shown by the Inspector-General. The total ultimate saving in the police budget is set down at 310 constables costing Rs. 2,222 per mensem.

13TH OCTOBER 1886, No. 2674 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 16th August 1886, No. 309 E.W.

The Collector of South Canara informs me that the Board of Revenue have authorised the purchase of a wrought-iron strong-room for trial at one of the taluk treasuries in South Canara in view to a reduction of the strength of the police guards. I have, therefore, the honor to submit an estimate of Rs. 750, for the purchase and fitting up of one strong-room, for sanction of Government and provision of funds.

2. As the cost of the strong-room, if supplied by the Public Works Stores, would be Rs. 1,050, it is proposed to get it from Messrs. Richardson and Cruddas of Bombay, who agree to supply it, delivered at Mangalore, for Rs. 650.

From the same officer, dated Coimbatore, 5th October 1886, No. 368 E.W.

With reference to your memorandum, No. 2894 C., dated 24th August 1886, I have the honor to report that the wrought-iron strong-room for one of the taluk treasuries in South Canara would be made up by Messrs. Richardson and Cruddas at their Works in Bombay.

ORDER—dated 13th October 1886, No. 2674 W., Public Works.

The estimate, amounting to Rs. 750, for the purchase and fitting up of a wrought-iron strong-room for use in the taluk treasury at Mangalore, in the South Canara district, is sanctioned, and the amount is allotted from the Provincial reserve with the Government.

2. This sanction has been registered as Provincial, No. 116 W. of 1886-87, and classified as Civil Buildings, Original Works.

Taluk Treasury at Mangalore

Estimate of Rs. 750, for the purchase and fitting up of a wrought-iron strong-room for use in the —, in South Canara district, sanctioned, and funds allotted.

No: 309
Encl

Supg: Engineer's Office, 1st Circle.
Coimbatore, 16th August 1886,

From

The Superintending Engineer,
1st Circle.

To,

The Chief Engineer,
P.W. Department.

Sir,

Enclosure 1
1 Estimate.

The Collector of South Canara informs me that the Board of Revenue have authorized the purchase of a wrought Iron Strong room for trial at one of the Taluq Treasuries in South Canara in view to a reduction of the strength of the Police-guards. I have therefore the honor to submit an estimate of Rs: 750 for the purchase and fitting up of one Strong room; for sanction of Government and provision of funds.

2. As the cost of the Strong room, if supplied by the P.W. Stores, would be

be Rs 1,050, it is proposed to get it from Messrs Richardson and Cruddas of Bombay, who agree to supply it, delivered at Mangalore, for Rs. 650.

I have the honor to be
Sir.

Your most obedt. Servant

L. Beatty - Colonel R.E.
Superintending Engineer

No. 38

West Coast Division Office,
21st January 1887.

From

The Executive Engineer,
West Coast Division.

To

The Superintending Engineer,
Fourth Circle.

Sir,

In G.O. No. 2,674 W, dated 13th October 1886, an Estimate of Rs: 750, has been sanctioned for the purchase and fitting up of a wrought iron strong room for the Taluq Treasury, at Mangalore. In my Notes of Inspection on the works in South Canara submitted in October last, I have reported that, as the Mangalore Taluq Treasury is now the Bank Strong Room, the above strong room is not required for that Treasury, and the Collector now proposes that the strong room may be supplied to the Kassergode

Taluq

Taluq Treasury, the present Treasury room there not being, considered to fulfil the conditions of the resolution of the Government of India, dated 4th November 1881, No. 4,028, I therefore request that sanction may be obtained for carrying out the proposal of the Collector, and thus utilizing the allotment of Rs. 750 made in the above G.O.

I have &c.
