11TH JANUARY 1887, No. 88 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel T. K. GUTHRIE, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 25th November 1886, No. 6001:—

I have the honor to forward, for sanction, Public Works Department plan and estimate, &c., for Rs. 2,928, for the construction of seven Police huts at Vanavole, in Anantapur district. These are prepared in deviation of the standard design for reasons stated in the Superintending Engineer's letter* herewith attached.

* No. 1560, dated 6th November 1886.

2. The Superintendent reports that in consequence of the destruction by fire of a large portion of the village in the early part of the year, the accommodation has become so scarce that some of the constables have to cook and live out in the open during the day and take shelter in the station-house with their wives and children at night.

No. 2067 C., Judicial.

Approved and transferred to the Public Works Department.

(By Order.)

(Signed) H. A. STUART,
Under Secretary.

17th December 1886.

ORDER—dated 11th January 1887, No. 88 W., Public Works.

The estimate, amounting to Rs. 2,928, for constructing seven Police huts at Vanavole, in the Anantapur district, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial, No. 161 W. of 1886-87, and classified as Civil Buildings, Original Works.

SUPERINTENDING ENGINEER,

IIIrd CIRCLE.

To,

THE Inspector General
of Police
Madras

Sir,

Enclosures, 1

- 1 Detailed Estimate
- 2 General abstract
- 1 Plan

I have the honor to forward for your approval a Plan and Estimate of Rs 2928 for constructing 7 Police huts at Vanavole in the Anantapur District, prepared at the request of the Superintendent of Police.

2. The plan has been prepared in modification of the standard design and it meets the under-mentioned objections to the standard design.

- 1st Constant wear and tear of roofing
- 2nd shifting and breakage of tiling
- 3rd Periodical replacing of scantlings destroyed by beetles or white ants.
- 4th Liability to being honey combed by white ants.

3. The first objection is met by the substitution of stone arch work in Chumay

in place of the ordinary roofing (wooden trusses
and tiling above) which ought to last many
years without requiring repair.

The second objection is met by the entire
elimination of wood except for doors and windows
and the use of Chunam in place of mud.

The third objection is met by the
use of Chunam in place of mud throughout the
foundations and main walls rendering the huts
more substantial and lasting and impervious
to damp.

4 The cost per hut is Rs 6.19 which is Rs 95
or 30 % in excess of the hut after the standard
plan.

5 Small hot ventilators should be introduced
two in each hut at crown of arch.

I have the honor to be

Dear

Your most obedient servant

A. S. Smith Esq

Superintendent Engineer

Public Works Department.

Current No. 9951

Letter No. 20670

Dated the 17th December/86

From the Secy to Govt - Judicial Dept.

NOTE OF REMARKS.

1. The accompanying estimate and plan provide for constructing seven police huts at Vanavole in the Mantapur district. - The estimate amounts to Rs 2,928.

2. The accommodation provided and its arrangement accord with the standard design for police huts sanctioned in G.O. No 9314 of the 14th January/86 but the materials proposed to be employed in building the new huts at Vanavole differ widely from those ruled to be adopted in such cases.

3. White ants appear to be a special scourge at Vanavole and the estimate now submitted provides for stone in mortar walls and pillars covered over with stone and mortar, semicircular arched roofing - the only timber

to be employed being for the doors and windows. - The walls of the yards are to be of stone masonry. The flooring is to be of gravel - 3 inches thick for the main rooms and 3 inches thick for the front and rear verandahs.

4. The small verandahs of rooms may be easily permitted the proposed style of roof being constructed - the valleys or spandril spaces between the arches being filled in with concrete. The police huts of built on the proposed lines will cost 30 per cent. higher than if built in strict accordance with the standard design.

5. The gates are fair. - The plan and estimate have been countersigned by the Inspector General of Police, and are approved in the Judicial Department.

W
The cost of the huts is very reasonable, considering that they are to be built of stone in mortar in lieu of brick in mud -

Each hut will require two ventilators or holes by the S.E.

The plan & estimates may be sanctioned for execution when funds are available.

The work should be carried out by the P.W. as the arch work, fixing the ventilators in the crowns of the arches, & the clom of work generally to be put into the building, is of a superior nature to that provided in the standard designs.

Sanction for execution when funds are available
