MADRAS HARBOUR DUES ACT No. VI of 1882.

PASSED BY THE GOVERNOR OF FORT ST. GEORGE IN COUNCIL.

[*Received the assent of the Governor on the* 1*st December* 1882, *and of the Governor-General on the* 26*th idem.*]

An Act to provide for the levy of Harbour Dues in the Harbour of Madras.

Preamble. WHEREAS it is expedient to make rules and regulations for the levying of Harbour dues within the Port or Harbour of Madras; It is enacted as follows :—

I. PRELIMINARY.

Short title. **1.** This Act may be called "The Madras Harbour Dues Act, 1882."

Definitions. **2.** In this Act, unless there be something repugnant in the subject or context—

Port. (1) "Port" means the Port of Madras within such limits as may, from time to time, be defined by the Government for the purposes of this Act by notification in the *Fort St. George Gazette*, and until a notification is so issued within such limits as may have been defined by the Government under the provisions of Act XII of 1875 (*The Indian Ports Act*).

Harbour. (2) "Harbour" means the artificial Harbour at Madras and all the buildings, jetties, structures, moorings and

appliances now provided or which may hereafter be provided by the Government for the purposes of the said Harbour.

Vessel.

(3) "Vessel" denotes anything made for the conveyance by water of human beings or property.

Owner.

(4) "Owner" when used in relation to goods includes any consignor, consignee, shipper or agent for the sale, custody, landing or shipping of such goods.

Goods.

(5) The word "goods" includes wares and merchandise of every description.

II. Of the Payment of Harbour Dues.

Levy of Harbour dues on goods, &c.

3. Harbour dues according to such rates as shall, from time to time, be settled or approved by the Governor of Fort St. George in Council, shall be levied upon all goods, persons, carts, carriages, baggage and other articles, and upon all cattle and other animals landed from, or shipped on board, vessels within the Port or Harbour of Madras. Such dues shall be payable in addition to all tolls and charges now lawfully levied within such Port or Harbour, but in lieu of the tolls now leviable under Section 1 of Madras Act V of 1863 (*The Madras Pier Act*).

Payment of such dues.

Rates to be notified.

4. Such rates, when settled or approved of by the Governor in Council, shall be notified in the *Fort St. George Gazette* at least seven days before the date from which the same shall become payable; and shall be legibly painted in the English, Tamil, Telugu, and Hindustani languages on boards exhibited at the places appointed under Section 5.

Power to make rules.

5. The Government may, from time to time, make rules—

(*a*) Appointing places where goods intended for shipment or landed from ships within the Port or Harbour of Madras are to be placed for the purpose of assessing the dues payable under this Act.

(*b*) Regulating the manner in which such dues shall be assessed and the time when they shall be paid.

h rules and any alteration or cancellation thereof shall ed in the *Fort St. George Gazette* and shall thereupon ce of law.

Power to make further rules fixing rent for the use of godowns.

6. The Governor in Council may also make rules fixing the rent to be paid for the use of the Customs godowns or other buildings belonging to the Government in which such goods may be stored or placed.

Appointment of officers to levy and receive dues.

7. The Governor in Council shall appoint an officer of Government to levy and receive all dues payable under this Act, and to pay the same into such treasury, and keep such accounts, as the Government may, from time to time, prescribe. The officer so appointed may, with the sanction of the Government, appoint such persons as he shall think fit to assist him in carrying out the provisions of this Act, all of whom shall wear a distinguishing badge of a kind to be prescribed by such officer.

Power to detain goods until the dues are paid.

8. It shall be lawful for the officer of Government appointed under this Act or any of his Assistants to detain any such goods until the lawful dues are paid. It shall be the duty of such officer to give notice in writing to the owner or consignee, if known, stating the amount of dues and charges payable in respect of such goods, and in the event of such payment being refused or delayed for the space of one week from the date of such notice if the owner or consignee of such goods shall be in Madras, or otherwise for the space of one calendar month from the date on which such dues are payable, it shall be lawful for such officer of Government to sell or cause to be sold by public auction the said goods, and after paying the expenses of such detention and sale, and double the amount of the dues by way of a fine, to pay the surplus, if any, of the proceeds of the sale to the owner or consignee or other person entitled thereto, if claimed within six months from the date of sale.

Proviso.

Provided that if the goods are of a perishable nature, the said officer of Government may sell the same or cause them to be sold at such earlier period, being not less than 24 hours after the landing of the goods, as he shall think fit.

III. Penalties.

Penalty for demanding extra dues.

9. Every person, other than the persons appointed under this Act, who shall demand or levy any dues, and every person who shall knowingly and unlawfully demand or take any

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for building a Shed for explosives and combustibles on the beach south of the Madras Harbour. The estimate amounts to Rs. 8140.

2. The plan and estimate have been well and carefully prepared.

3. The proposed shed is a long room which is to measure 90 ft. x 22 ft. inside, clear. Depth of foundation is 4 feet, of which 1 ft. is concrete; height of basement is 1½ ft., and of side walls, superstructure 10 feet. Masonry is to be of brick in mortar. The archways between pier

covered with gravel to a depth of 2 inches.

5. The scantlings of the roof timbers are correct. Subject to approval, the cross section of the foundation is faulty – It is insufficient from soil and site. The soil is sandy and the site subjects the building to strong winds. The sub stratum of concrete is proposed to be 1 foot deep and 4 feet wide, would not a depth of 2 feet and a width of 5 feet give a better section, accepting the present section of masonry?

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil and Military Works.

Order—dated 21st February 1884, No. 483 W., Public Works.

In modification of the practice at present followed with regard to the submission of plans and estimates for buildings required by other departments, the Government direct that the following procedure be invariably adopted in future.

2. Plans and estimates for buildings required by the Revenue Department should be submitted by the Executive Engineer to the Superintending Engineer, who, after scrutiny, will forward them to the Collector of the district for approval and countersignature. If the Collector be satisfied as to the suitableness of the proposed accommodation, &c., he will transmit the papers through the Board of Revenue to Government in the Revenue Department, by whom, if approved, they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

3. In the case of plans and estimates for court-houses, the documents will be forwarded by the Superintending Engineer to the District Judge for transmission, through the High Court, to Government in the Judicial Department, and the same principle will be followed with regard to estimates for Registration, Police, Jail, and other Civil Departments. The Superintending Engineer will forward the documents to the Head of the Department concerned, who will submit them to Government in the Department of the Secretariat from which he receives his orders.

4. The course at present adopted with regard to estimates for Military buildings is laid down in G.O. No. 1381 W., dated 14th June 1880, but here also a modification of practice appears desirable. In future such plans and estimates will be forwarded by Superintending Engineers for approval to the General Officer Commanding the District or Division. The General Officer will transmit the papers to the Quartermaster-General, who,* after obtaining the approval of His Excellency the Commander-in-Chief, will submit them direct to Government in the Military Department. After approval in the Military Department they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

5. It must be understood that these orders apply only to works which are beyond the power of sanction of local authorities, and are not intended to alter the procedure laid down in G.O., No. 3211 W., dated 6th December 1882, with regard to the submission of Local Fund projects.

---

* Note.—In the case of Ordnance, Commissariat or other departmental buildings, the approval of the head of the department should be obtained before the plans and estimates are submitted to His Excellency the Commander-in-Chief.

6. The Secretary, Code Committee, will take the necessary steps for embodying these rules in the Public Works Code, in modification of paragraphs 1168 and 1335.

From J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, to the Acting Chief Secretary to Government, dated Madras, 14th December 1885, No. 10663.

Administrative Department.

With reference to the Government orders as per margin, copies of which were received with memorandum Marine Department, dated 10th instant, I have the honor respectfully to state that, as shown in the Proceedings of Government, No. 2492 W., dated 8th October 1884, Public Works Dept., the construction of the groynes and revetments at Ponáni is intended for the protection of the town, and the cost of the same is therefore not a legitimate charge against Port funds, in reference to the provisions of section 47 of the Indian Ports Act XII of 1875. It is also observed that the cost of the erection of the petroleum shed on the beach is sanctioned in G.O., No. 270 W., Public Works Department, dated 4th February 1885, to be borne by harbour dues as sub-head of Port funds, but considering that it is to be built in carrying out the rules under the Petroleum Act, and that the operation of the same is in the hands of the *Municipality* which derives fees under it, the cost of the shed should, I submit, be borne by the municipality, as it does other charges in carrying out the Act. There appears to be no more reason for charging this expenditure to the Port fund than there was in the case of the erection of the shed on the beach for emigrants, the cost of which was borne by the Emigration Department—*vide* G.O., Public, Mis. No. 527, dated 2nd March 1885.

2. Under the foregoing circumstances, I respectfully solicit that the Government will be pleased to cancel the debit of the charges in question against the Port fund, and to direct their being met from Provincial and Municipal funds respectively.

ORDER—dated 23rd March 1886, No. 256, Financial.

His Excellency the Governor in Council directs that the debit authorised in the orders marginally noted,* in connection with the groynes at Ponáni, be made against *Provincial* and not *Port* funds.

Proceedings of the Board of Revenue, dated 26th March 1886, No. 744.

Read—the following letter from the Honorable R. W. BARLOW, Collector of Sea Customs, Madras, to the Secretary to the Board of Revenue, dated 26th February 1886, Reference on No. 945 G :—

I have the honor to state that an estimate for Rs. 8,140 for the construction of a petroleum shed on the beach, south of the harbour, was submitted, for sanction, with this office letter, Reference on No. 4620 G, dated 12th November 1884, as directed in G.O., Mis. No. 250, dated 12th June 1884, communicated with Board's proceedings, Mis. No. 5888, dated 26th June 1884. This, the Superintending Engineer, V Circle, reports, was sanctioned in G.O., No. 9 W., dated 5th January 1885.

2. The Executive Engineer, Presidency division, brought to notice in March last that on his taking the work in hand, the Superintendent, Madras Harbour Works, took exception to combustibles being stored on the spot selected, and, after some correspondence, a new site—the only suitable one available—had to be selected in consultation with the President, Municipal Commission, and the Superintendent, Harbour Works. The Superintending Engineer, V Circle, having been duly informed of this, has now submitted the accompanying revised estimate, with five * enclosures, for Rs. 9,200, for the construction of the shed. This, it is observed, exceeds the original estimate by Rs. 1,060, for which that officer has submitted the necessary explanation (*vide* copy of his letter enclosed).

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Collector of Sea Customs, Madras, dated Chepâk, 22nd February 1886, No. 4808.

I have the honor to forward to you, for disposal under G.O., No. 483 W., dated 21st February 1884, a revised estimate of Rs. 9,200 for constructing a shed on the beach, south of the harbour, for securing explosives and combustibles.

2. The original estimate of Rs. 8,140 was sanctioned in G.O., No. 9 W., dated 5th January 1885, and the excess outlay of Rs. 1,060 is caused by the change of site as the spot first selected interfered with the harbour works. The present site is lower than that originally chosen, and when the concrete was laid for the foundations, the place was flooded by the rains, so that it was necessary to build with surkhi instead of ordinary brick in mortar. A further item of expense is the construction of the road of approach on the west side, that on the south having to be abandoned on account of the postal overseer's quarters being built there. The details of excess are given in the accompanying comparative statement.

2. The original estimate for Rs. 8,140 was sanctioned in G.O., dated 5th January 1885, No. 9 W. The necessity for the increase of Rs. 1,060 now asked for is fully explained in the Superintending Engineer's communication forming an enclosure to the above letter.

2. The excess is due to the change of site, which, in the circumstances, could not be avoided.

3. As the cost of the work is to be divided equally between Provincial and Port Funds, in accordance with G.O., No. 948 W., dated 7th April 1886, the Examiner of Public Works Accounts will arrange with the Accountant-General for the necessary adjustment, and will report the exact sum which should be appropriated from each fund to cover the outlay in the current official year.
