Encls: one

Civil Travelling Allowance
Code Section 27 Rule I requires an
officer to submit a certificate
regarding actual expenses incurred
in keeping up Camp Equipage during
halt at Head Quarters; G.Os. Nos.
98 W. dated 14th. January 1884 and
2270 W. dated 30th. September 1885
lay down that no part of the cost of
maintaining private property of the
officer concerned is to be treated
as an actual expense.

2. Many officers, when making
claims under the rule quoted, certify
that their claims do not include any
part of the cost of maintaining
private property; but many do not,
and consequently in doubtful cases
it frequently becomes necessary to
address more or less disagreeable
questions, or to pass charges on the

understanding that they do not include any improper claim.

As remarks of this sort may sometimes have the appearance of needlessly questioning an Officer's good faith in the matter - though as a matter of fact they only suppose a possible ignorance or forgetfulness of rule on his part - I think it would be well to have a form of certificate laid down for submission in such cases, and I accordingly submit a draft form of Certificate which, if approved by Government may be circulated to the department for adoption.

3. Please note that this is not a Proposal for a new Certificate, but to furnish a form for a certificate already required.
