Extract from a letter No. 417-
19th September 1886 from J. F. Somers
Esq. Assistant Eng^r to the Sup^r
Engineer 1st Circle.

During the last disastrous floods
in the month of August, I was much in
need of intelligent men to supervise the
various emergent works that had to be
carried out, I therefore asked V. Amappa
a Clerk 5th Class 1st Grade in one of the
Sub Divisions to do executive work.
He did so, and carried out his duties
in a quick & workman-like way, and
was generally of much assistance. I
have known him for the last 3 years,
and have much wanted to obtain
for him an exemption from passing the
Middle School examination.

He entered the Government
service in March 1869 (temporary)
& in the permanent Establishment in
March 1873, since then he has had
singularly heavy office work to do,
and has been unable to study for
the examinations.

If you should deem proper
to recommend this exemption, I am

are the Government would gain
good clerk for the higher grades.
work.

If neither of these steps can be
taken, I would recommend that
sum of Rs 40 be given him as
reward for the way in which
he worked night & day, during the
recent floods.

I have the honor to submit here-
with an extract from a letter received
from Mr. Assistant Engineer Somers Esq
of the Godavari Eastern Division
and to recommend that V. Annappa clerk
V Class 1st Grade be exempted from pass-
ing the Middle School examination 1st
class.

2. I recommend this exemption as I
consider that Annappa's services du-
ring the floods of August last were of
such a character as to merit special
consideration & as he has had 17 years
service in the Department.

3. It appears that he presented him-
self twice for the General Test Exami-
nation which has been superseded by the
Middle School Examination but failed
in English - Arithmetic History & Geogra-
phy. He cannot now pass the Middle

4. Government would gain

School examination as he has no leisure
time to prepare for it-

4. If the Government are not dispo-
sed to accept this recommendation
I request that he may be at least granted
a reward of 2 months pay viz Rs. 38-

I have the honor to be,
