From Col. W. H. Benson Esq.,
THE SUPERINTENDING ENGINEER,

V CIRCLE,

To THE Chief Engineer
P. W. Department.

SIR,

Enclosures. 3

With reference to G. O. No. 567
dated 8th January 1887 para 2
1 Statement
2 Price List. I have the honor to forward a
Statement of Petty Articles of European
Manufacture showing the names
of the shops in Madras at which
such articles can be obtained,
viz Messrs Mahomed Ally Jaffer
and Messrs Jaffer and Co.
whose price lists are also enclosed.
These prices are compared with
English prices in the Statement. &
owing to want of Catalogues of small
shops in the P. W. Stores English
prices of several of the items are not
known. But these are given for
121 items, and are except in 26
cases.

Cases lower than the prices in
the local market. The difference
however between the local market
and the English price is not great
& considered in connection with the
great advantages that will be gained
by purchasing from him to him only
the articles of the exact description
sizes & numbers as required for each
work, not sufficiently so to justify
us in laying in a stock of articles
which may not hereafter be found
suitable for use on Works; the loss
of interest on cost of such articles &
deterioration of them would also be
a certain loss to Government.

I have the honor to be
Sir,

Your most Obedt. Servt.
