state that that sanction

Mr. Mathews' name stands
against the temporary assistant

he made without special sanction of Government, nor can an impression be opened under para 1574, as the Agent acts as a Contractor to Government in this case.

2. Further I have the honor to observe that as no definite or legally valid agreement has yet been obtained from the Agent as to the rate, manner of payment, &c, an agreement consisting of the required conditions - usually attached to the Piece work agreements in this Department, may, if possible be obtained from the Agent, so that this Department can have a check over the work done by the Railway Company, and pay for the same as often as the work done is billed for.

3. Granting the terms contained in the Agent's letter to $\frac{1518}{358}$ of 20-2-86 they still require to be amended so far as to allow

Sufficient check over the work done by the Railway Company, as regards quantity, time &c. I do not see why the payment should be made in advance instead of after check &c. An estimate ought to have been made and sanctioned, and on this, payments could be made; at present there is no limit &c.
